Caution Notice

This procurement is being solicited under the Federal Acquisition Regulations FAR subpart 13.5 - Test Program for Certain Commercial Items and the Federal Reform Act of 1996.

Solicitation SP0540-03-R-0128 seeks to place as many competitive bolts under long-term contract as possible. The solicitation initially contains 94 NSNs. Each item will be awarded individually, based on Best Value government source selection procedures. The Defense Supply Center Philadelphia reserves the right to award this solicitation to multiple contractors.

After award, the Defense Supply Center Philadelphia anticipates expanding and managing each contract via the ADDITION AND DELETION OF ITEMS – March 2004. Competitive Bolts will be **added** to existing contracts. These additional items(s) will be awarded on a post award basis via Supplemental Agreement to the Contractor(s) whose price is most advantageous to the Government on an **item by item basis**. (Note: The Government reserves the right to add items not found in this listing, but which fall within the scope of the contract.).

Each contract awarded will be for a 2 year base period and three 1 year options.

The annual estimated quantity provided is DSCP's best "good faith" estimate of each item's annual requirements. In determining price, potential contractors should take into account any business risk associated with these estimates.

Each offeror's pricing proposal will be evaluated for price realism and reasonableness. The Government may request offerors to provide pricing information, such as copies of commercial catalogs or substantiation of established market prices, only to the extent necessary to determine price reasonableness.

An offeror's acceptance of the option provision is **mandatory**. Failure to accept the provision will result in an offer being eliminated from further consideration.

Surge Requirements: This procurement also contains Surge Requirements. Surge requirements are unanticipated demands for accelerated delivery of supplies or services within industrial capabilities during wartime, and during peacetime emergencies. This includes the ability of the supplier to ramp-up quickly to meet early requirements as well as to sustain the increased pace throughout the emergency. Offerors should refer to the Addendums to FAR 52.212-4, FAR 52.212-1, and 52.212-2 for clauses, and a schedule of Surge Requirements.

All items contained in this solicitation have the Qualified Supplier List (QSL) requirement. Only manufacturers/suppliers on the QSLM/QSLD will be eligible for an award pursuant to this solicitation. Therefore, inspection and acceptance will be at destination. However, the Government reserves the right to Source Inspect any item.

Subject solicitation is a Total Small Business Set-Aside in accordance with FAR 19.502-2. In accordance with Clause 52.219-6, Notice of Total Small Business Set-Aside offers are solicited only from small business concerns, offering only end items manufactured or produced by small business concerns in the United States or its outlying areas.

The Government shall order at least the quantity of supplies or services designated in the Schedule as the "minimum."

ADDENDUM TO FAR 52.212-4 (continued)

- (c) Except for any limitations on quantities in the Order Limitations clause or in the Schedule, there is no limit on the number of orders that may be issued. The Government may issue orders requiring delivery to multiple destinations or performance at multiple locations.
- (d) Any order issued during the effective period of this contract and not completed within that period shall be completed by the Contractor within the time specified in the order. The contract shall govern the Contractor's and Government's rights and obligations with respect to that order to the same extent as if the order were completed during the contract's effective period; provided, that the Contractor shall not be required to make any deliveries under this contract after 300 days after the termination of the last ordering period of the contract.

DSCP 52.217-9I16 SURGE OPTION REQUIREMENT (MAY 2004)

Notwithstanding any order limitations specified elsewhere in this solicitation, the contractor must satisfy the surge and sustainment requirements set forth in this clause.

(a) Definition.

Surge Requirements are unanticipated demands for accelerated delivery of supplies or services within existing industrial capabilities during wartime and during peacetime emergencies. This includes the ability of the supplier to ramp-up quickly to meet early requirements as well as to sustain the increased pace throughout the emergency.

(b) Surge Option.

The Government reserves the right to exercise an option under this contract to meet surge requirements on an item by item basis as shown on the attached spreadsheet(s). The Government also reserves the right to accelerate the rate of delivery called for by the contract, if this is a definite quantity contract; or, if this is an indefinite delivery contract, establish an accelerated rate of delivery for orders issued under this option.

(c) Special Terms and Conditions Related to Surge Requirements.

If the Contractor is a manufacturer, the materials needed to produce the surge quantities specified in the attached spreadsheet shall be acquired, stored and managed by the Contractor. If the Contractor is a non-manufacturer, the resources needed (for example, access to raw material, inventories, production capabilities, and transportation services) to provide the surge quantities as specified in the attached spreadsheet shall be obtained by the Contractor. In either case, the Contractor shall maintain and rotate these materials and/or end items and/or continuously maintain access to the resources needed to support surge requirements. The Contractor is contractually obligated to ensure that the capabilities exist to fulfill the surge requirements specified in the attached spreadsheet, if and when the Surge Option is exercised.

The Contractor shall not revise the surge option delivery schedule without the prior approval of the contracting officer.

The contracting officer may exercise this Surge Option at any time prior to acceptance by the Government of the final scheduled delivery under the contract. At his or her discretion, the contracting officer may

ADDENDUM TO FAR 52.212-4 (continued)

provide preliminary notification of the exercise of this Surge Option verbally or by written or electronic means, which shall state the quantities to be added or accelerated under the terms of the clause. The preliminary notice will be followed by a Contract Modification incorporating the previously given notice, and establishing a not-to-exceed price, unless a previously agreed to surge option price has been established. The not-to-exceed price shall be the highest contract unit price for the added or accelerated items on the date of the notice.

The prices applicable to the basic contract quantities shall be those prices stated in the Award/Contract. The prices applicable to the surge option quantities shall be the agreed to or not-to-exceed prices mentioned in the preceding paragraph. If an agreed to price has not been established at the time of the exercise of the surge option, no later than thirty (30) days after the date of the exercise of the option, the Contractor shall submit a cost or price proposal, together with justification for the cost/price, including holding or storage costs, for the materials required to produce the added/accelerated items (if the Contractor is a manufacturer), or for the added or accelerated items (if the Contractor is a non-manufacturer). Any failure to agree on a final price applicable to those materials or items within the scope of this Surge Option provision shall be a dispute within the meaning of the Disputes clause of the contract. However, nothing in this clause shall be cause for the Contractor to refrain from performance under the Surge Option pending resolution of any dispute.

The Contractor will not be required to deliver supplies or services at a rate greater than the delivery rate detailed in the attached spreadsheet. Further, no delivery under the exercise of this Surge Option shall be required more than 24 calendar months subsequent to Government acceptance of the final scheduled delivery under the contract.

EXAMPLE

Final Day of Contract:	31 Dec 01
Final Delivery Order	
Issued Under Contract:	30 Dec 01 (Due Date – 31 May 02)
Acceptance of Final	
Delivery Order by Gov't:	28 May 02

The surge option may be exercised any time up until 28 May 02. No delivery under the Surge Option is required after 28 May 04.

Materials or supplies, up to the maximum surge period quantity cited in the attached Surge Spreadsheet, purchased by the Contractor in anticipation of the exercise of this Surge Option will be purchased by the Government if, during contract performance, the Surge Option is not invoked and the Contractor can demonstrate that the materials or supplies have no commercial market value. If the contract contains a Guaranteed Minimum either in quantities or dollar value, which has not been expended by the conclusion of the contract, payment(s) toward such guaranteed minimum shall be applied against the Contractor's claim for reimbursement of such purchases.

(d) Surge Testing.

ADDENDUM TO FAR 52.212-4 (continued)

The Government reserves the right to perform surge tests, or to require the contractor to conduct surge tests, to validate the surge capabilities (i.e., ability to ramp up quickly, to sustain a required level, or both) as described in the contractor's surge and sustainment plan. These tests may be paper exercises, simulations, participation in live exercises, participation in Joint Chiefs of Staff (JCS) and Commander-in-Chief (CINC) exercises approved in the DLA Joint Training Plan, or any other methodology that can validate the contractor's surge and sustainment capability. Within one week after conduct of the test, the Contractor shall submit to the contracting officer a validation results report that clearly describes performance under the test, identifies all deficiencies found, and provides a plan of action to remedy these deficiencies.

The following chart lists the items that have surge requirements.

**DSCP 52.211-9I17 TIME OF DELIVERY
(JUN 1980)**

Material ordered under the terms of this contract shall be delivered within 120 days after the date of the order. Notwithstanding any other provisions/clauses of this contract, no deliveries shall be made prior to issuance of delivery order (DD Form 1155).

ADDITION AND DELETION OF ITEMS – MARCH 2004

A. ADDITIONS.

1. Additions by the Government.

- (a) In addition to the core listing of 94 items, the scope of the contract(s) resulting from this solicitation will include additional items that are in a universe described as Miscellaneous Bolts, Competitive, QSLM/D, in the FSC 5306. It is the intention of the Government to add items (see <http://www.dscp.dla.mil/gi/general/scp.htm/>) to the contract(s) that fall into this category. These items may be added during the base or option periods of this contract provided that the Contractor is able to furnish the additional item(s), and the Contracting Officer and the Contractor are able to agree to terms, including reasonable price(s), as determined by the Contracting Officer.
- (b) If the Government makes multiple awards under this solicitation, additional item(s) will be awarded on a post-award basis via supplemental agreement to the Contractor(s) whose price and past performance is the most advantageous to the Government on an item-by-item basis as follows: Item description(s) will be provided to ALL successful awardees for their review and timely submission of prices. The contracting officer will evaluate the Contractor's performance by considering any or all of the following sources of information: the Contractor's performance on delivery orders issued under this contract; contracting officer knowledge of the Contractor's performance on other contracts, including other current contracts; the Contractor's Automated Best Value System (ABVS) scores; the DoD Past Performance Automated Information System (PPAIS); Dun & Bradstreet (D&B); Federal agencies other than DSCP; state and local government agencies; any other independent sources having relevant information.

The Contractor must provide complete information should the Government elect to place these items on contract without negotiation.

2. Additions or Substitutions Recommended by the Contractor.

At any time during the performance of the contract, the Contractor may recommend changes to an item covered by its contract, or may propose alternate or substitute item(s). However, unless and until the Contracting Officer approves such recommended changes, alterations or substitutions in writing, the Contractor shall provide the item specified in the contract.

3. Administration of Additions.

- (a) Prices for Item(s) to be added to the contract shall be negotiated, and the priced items will be incorporated into the contract(s) via Supplemental Agreement.
- (b) Except in instances of urgency, and unless the Contracting Officer agrees to a specified period of time, the Contractor shall provide the Contracting Officer with prices within ten (10) days after receipt of notification of the Government's intention to add item(s) to the contract(s). In instances of urgency, Contractors may be required to submit prices in less than ten days. The Contracting Officer may reject any offer that is not received within the time period specified. The Contracting Officer shall make every effort to complete his or her evaluation within thirty (30) days after receipt of the Contractor's prices.
- (c) Unless another time is agreed to by the Contractor and the Contracting Officer, delivery of the item(s) added to the contract shall occur within 120 days after date of order.

B. DELETIONS.**1. Deletions by the Government.**

- (a) During any period of the contract resulting from this solicitation, the Government may elect to delete any item or items. These items may be deleted due to changing demand patterns, obsolescence, item substitution or because they no longer have application.
- (b) Deletion of any item from the contract by the Government will constitute a Termination for Convenience.

2. Deletions Recommended by the Contractor.

- (a) During any period of performance under the contract resulting from this solicitation, the Contractor may notify the Contracting officer as to any item(s) it deems to be obsolete, unavailable, out of production or superseded, and may recommend the deletion of such item(s) from the contract. The notice shall include complete information as to appropriate superseding, substitute, or alternate items, and how such items meet the fit, form, function and interchangeability requirements of the obsolete, unavailable, out of production, or superseded item. If an obsolete item has no replacement, the notice shall include information concerning the availability of alternate sources or substitute item(s). If, based on the recommendation of the Contractor, an item is, or a number or items are, deleted from the contract, the deletion shall be a Termination for Convenience.

3. Administration of Deletions.

- (a) Upon notice from the Contracting Officer of a proposed deletion, the Contractor shall stop work immediately on any/all undelivered orders for the item(s) identified for

proposed deletion. Within ten (10) days of receipt of the notice of proposed deletion, the Contractor shall notify the Contracting Officer as to whether the proposed deletion will cause an increase or decrease in, or have no effect on, the cost to the Government under the contract, and shall provide an estimate of any cost impact. Unless a longer period is authorized by the Contracting Officer, within 30 days of receipt of a Modification deleting one or more items from the contract, the Contractor shall submit its termination settlement claim.

- (b) As soon as practicable after receipt of a recommendation from the Contractor to delete one or more items from the contract, the Contracting Officer will notify the Contractor of approval or disapproval of the recommendation. The Contracting Officer will be required to coordinate the proposed deletions with DSCP's customer-users and Engineering Support Activities (ESAs) having technical jurisdiction of the item(s). Upon coordination/approval of a proposed deletion, the Contracting Officer will issue a Modification implementing the deletions.
- (c) Unless a longer time has been authorized by the Contracting Officer, the Contractor shall submit its claim for termination settlement costs, if any, no later than thirty (30) days after receipt of the deletion notice, or shall notify the Contracting officer within that time period that the deletion may be at no cost to either party. This applies whether the deletion is the determination of the Contracting Officer's own initiative, or whether the deletion is the result of the Contracting Officer's acceptance of the Contractor's recommendation that an item, or items be deleted.
- (d) Deletions (terminations for convenience) shall be implemented by a Contract Modification. Upon agreement as to settlement costs, if any, a Supplemental Agreement signed by the Contractor and the Contracting Officer shall finalize the agreement.
- (e) Failure of the Contractor and the Contracting Officer to agree on the amount of a termination settlement shall constitute a dispute under the "Disputes" clause of the contract.

**DSCP 52.216-9I29 DELIVERY ORDER LIMITATIONS – INDEFINITE
QUANTITY CONTRACT - STOCK BUYS
(MAY 1997)**

(a) Definitions.

- (1) The term, "Contract Year," means a period of twelve (12) calendar months commencing on the contract date and continuing through the twelfth (12th) calendar month thereafter.
- (2) The term, "Annual Estimated Quantity," refers to the Government's good faith estimate of the requirements for each item during a specified contract year. If no specific contract year is cited, the annual estimated quantity shall apply to each and every contract year during the period of the contract, including each option year, if any.
- (3) The "Annual Estimated Amount" for an item is the amount derived by multiplying the annual estimated quantity by the contract unit price at which the item is awarded.
- (4) The "Annual Estimated Value of the Contract" is the sum of the annual estimated amounts of the items awarded. If the contract base period is in excess of one year,

the "Estimated Value of the Contract" will be the annual estimated value of the contract multiplied by the number of years in the base period.

- (5) The term, "Base Contract Period," defines a period of performance consisting of one or more contract years. For this contract, the base contract period is **two** contract year(s), commencing on the contract date and extending through the **twenty fourth** calendar month thereafter.
 - (6) The term, "Guaranteed Minimum," is that minimum quantity, or that minimum dollar value, which the Government will guarantee the Contractor for the effective period of the contract. This is not to be confused with the Minimum Order Limitation set forth in Paragraph (b) below. The guaranteed minimum is set forth in Paragraph (e) below.
- (b) "Minimum Order." As applicable, the minimum quantity, or the minimum dollar value, for any individual delivery order issued under this contract will be **25% of the yearly estimated quantity**. In the event that this contract includes incremental or stepladder pricing provisions, the minimum quantity for any item shall not be less than the lowest quantity set forth in the lowest quantity increment, even if the quantity ordered is part of the guaranteed minimum under Paragraph (e) below.
- (c) "Maximum Order Limitation." Subject to the provisions of Paragraph (e) below related to the Guaranteed Minimum, the Contractor is not obligated to honor----
- (1) Any order for an item in excess of **100% of annual estimated quantity**.
 - (2) Any order for a combination of items in excess of \$ n/a .
 - (2) A series of orders from the same ordering office within a period of **60 days** that together call for quantities or dollar values in excess of the limitations in (1) or (2) of this Paragraph (c).
- (d) Notwithstanding the maximum order limitations set forth in (c) above, the Contractor shall honor any order exceeding those maximum order limitations, unless that order, or orders, is/are returned to the ordering office within **3 days** after issuance, with written or electronic notice stating the contractor's intent not to ship the item or items covered by the order(s) and the reasons therefore. Whereupon, the Government may either (i) reissue the order within the maximum order limitations, or (ii) order the supplies from another source. This notice does not apply to the guaranteed minimum set forth in Paragraph (e) below, which requires the Contractor to deliver any quantity within the guaranteed minimum so long as it is in excess of the minimum order limitation of Paragraph (b).
- (e) Guaranteed Minimum.
- (1) Scope of Guaranteed Minimum
 - a. For a contract with a base period of one year, if the minimum guarantee is stated terms of quantity, the guaranteed minimum will be a percentage of the annual estimated quantity of the item.
 - b. For a contract with a base period of one year, if the minimum guarantee is stated in terms of a dollar value, the guarantee will be determined at the time of award and will be a percentage of the aggregate of the annual estimated amounts of the items awarded.

- c. For a contract with a base period of more than one year, if the minimum guarantee is stated in terms of quantity, the guarantee will be a percentage of the annual estimated quantity for each item awarded multiplied by the number of contract years in the base period. For a contract with a base period of more than one year, if the minimum guarantee is stated in terms of a dollar value, the guarantee will be a percentage of the annual estimated value multiplied by the number of contract years in the base period.
- d. The minimum guarantee for any option period will be a percentage of the annual estimated quantity for each item covered by the option, if the guaranteed minimum is stated in terms of quantity, or will be a percentage of the annual estimated value, if the guaranteed minimum is stated in terms of dollar value.
- (2) The Government guarantees that it will order under this contract, (and under the contract awarded for any partial set-aside) the following minimum, as applicable:
- A quantity of each item which represents _____ percent of the annual estimated quantity of the item awarded. (Base period of one year).
- Supplies which have a dollar value of at least _____ percent of the annual estimated value reflected on Page 1 of the contract/award. (Base period of one year).
- A quantity of each item which represents _____ percent of the annual estimated quantity of the item awarded multiplied by _____ (Base period of two or more years).
- Supplies which have a dollar value of **at least ten percent** of the annual estimated value multiplied by **two** (Base period of two or more years).
- (3) Subject only to the minimum per order specified in Paragraph (b) above, in the sole discretion of the contracting officer, the guarantee may be placed by a single delivery order or by any number of delivery orders. The maximum quantity per order does not apply until after the guaranteed minimum.
- (4) In the event that a single delivery order covers supplies which are both within the guaranteed minimum and in excess of the guaranteed minimum, the maximum delivery order limitations, in Paragraph (c) shall apply, and the Contractor shall be governed by the notice requirement of Paragraph (d).
- (5) The aggregate of the delivery orders issued during the base contract period will be applied to the minimum guarantee as defined above. When the aggregate of the delivery orders equals or exceeds the guaranteed quantity or guaranteed dollar value, as applicable, the minimum guarantee will have been met, and the Government's obligations with regard to the guarantee will have been satisfied.

- (f) “Maximum Contract Limitation.” Notwithstanding any other provisions of this clause or provisions included elsewhere in this solicitation, the maximum quantity or maximum dollar value that may be obligated against this contract is \$5,000,000.00.

**DSCP 52.217-9I05 OPTION TO EXTEND THE TERM OF THE CONTRACT - NOTICE OF EPA
PROVISION (ALTERNATE) (JUL 1992)
ADDENDUM I DSCP (OCT 1994)**

(a) OPTION PROVISION

- (1) At the option of the Government, this contract may be extended for up to, but not exceeding, three years beyond the two year base contract years. The total duration of the contract, including the base contract year, shall not exceed five years. The option may be exercised in increments of One (1) Year by written notice to the Contractor at least Thirty (30) days prior to the date of expiration of the then existing terms.
- (2) During any term of this contract, whether the base contract year or any option year(s), prices will be subject to adjustment in accordance with the clause of this contract entitled, EPA Industrial Commodities (DSCP 52.216-9I25 – MAY 1996). For purposes of the limitation on the aggregate of the increases provided by the applicable EPA clause, such adjustments shall be cumulative but not
- (3) duplicative. Namely, the aggregate of the increases for orders issued during a contract term shall be governed by the limitation applicable to that contract term, and shall not be duplicated or increased because performance of the order in accordance with the delivery schedule therein causes the adjusting date to fall within a subsequent contract term which has its own limitation on aggregate increases.

(b) TERMS AND CONDITIONS

- (1) The terms and conditions of the contract for and during any period for which the option has been exercised shall be the same as those terms and conditions contained in the contract for the base contract year, subject to any adjustments in the price(s) which are warranted under Subparagraph (a)(2) above.
- (2) THE EFFECTIVE DATE OF THE MODIFICATION by which the option is exercised will be that date on which the then current term of the contract expires. For purposes of establishing the

"contract price(s)" subject to adjustment under the clause entitled "Economic Price Adjustment," the "contract price(s)" on the first day of any option period will be the contract price(s) in effect on the last day of the term or period immediately preceding the period for which the option has been exercised.

(c) EVALUATION OF OFFERS

(1) Offers will be evaluated on the basis of the price(s) submitted for the base contract year only, without regard to the inclusion of this "Option" provision. The reasons are as follows:

- (i) Offerors are not permitted to offer prices for the "Option" year(s), which differ from those of the base contract year.
- (ii) This Solicitation and Offer includes a provision for Economic Price Adjustment. Therefore, offerors must submit prices which do not include contingencies for increases in costs.
- (iii) The provision of this Solicitation and Offer pertaining to the Economic Price Adjustment applies to the base contract year and to all "Option" years.

(2) CAUTION NOTICE - ASSENT TO OPTION PROVISION

OFFERORS MUST SUBMIT OFFERS WHICH INCLUDE THIS OPTION PROVISION, AND MUST INDICATE THEIR ASSENT TO INCLUSION OF THE CLAUSE EITHER BY PLACING AN "X" IN THE BLOCK BELOW, OR BY INDICATING CLEARLY ELSEWHERE IN THE OFFER THAT THEY HAVE READ AND UNDERSTAND THE CLAUSE, AND THAT THEY AGREE TO ITS INCLUSION IN THE RESULTING CONTRACT.

* [] OFFEROR HAS READ AND UNDERSTANDS THE FOREGOING OPTION PROVISION, AND ASSENTS TO ITS INCLUSION IN ANY CONTRACT RESULTING FROM THIS SOLICITATION AND OFFER.

FAILURE TO INDICATE ASSENT TO THE CLAUSE ABOVE, OR ELSEWHERE IN THIS SOLICITATION AND OFFER, WILL RESULT IN REJECTION OF THE OFFER AS NONRESPONSIVE, AND MAY PRECLUDE CONSIDERATION OF THE OFFER IF THIS IS A NEGOTIATED SOLICITATION AND THE CONTRACTING OFFICER ELECTS TO MAKE AWARD WITHOUT DISCUSSIONS.

(d) [This paragraph (d) applies if an "X" is indicated in the box provided here and in the appropriate area below and shall take precedence over any provisions of this contract or of this "Option" clause which are inconsistent herewith.]

(1) For purposes of this contract there will be more than a one year base contract period; the base contract period will be **two years**. Therefore, where reference may be made elsewhere in this solicitation/contract or in this clause to a one (1) year base contract period, a **two year base contract** period shall apply.

(2) The terms and conditions of the contract for and during any period for which the "Option" provision has been exercised shall be the same as those terms and conditions contained in the contract for the **two year** base contract period, except that the Government's Guaranteed Minimum shall be calculated as follows:

(i) Guaranteed Minimum Expressed in Dollars.

For each Option year, the Guaranteed Minimum will be equal to an amount represented by that fraction of the base contract period's Guaranteed Minimum which represents one (1) year of the guaranteed amount. For example if the base contract period is three (3) years, the Guaranteed Minimum for each Option year will be equal to one-third of the Total Estimated Guaranteed Minimum Value established for the base contract period.

(ii) Guaranteed Minimum Expressed in Quantity.

For each Option year, the Guaranteed Minimum will be equal to that quantity which is that fraction of the quantity of the base contract period's Guaranteed Minimum representing one (1) year of the guaranteed amount. For example if the base contract period is three (3) years, the Guaranteed Minimum for each Option year will be equal to one-third of the Total Estimated Guaranteed Minimum Quantity established for the base contract period.

**DSCP 52.216-9I25 ECONOMIC PRICE ADJUSTMENT - INDUSTRIAL COMMODITIES
(MAY 1996)**

(a) General. The unit prices of this contract shall be subject to adjustment periodically as provided herein. Although this contract has a base period of two years with three, one year additional option years, all adjustments will be on the basis of contract calendar year as defined herein.

(b) Definitions. The terms used in this clause are defined as specified below:

- (1) Economic Indicator. The economic indicator for purposes of price adjustments to be made under this clause, will be the preliminary version of the Producer Price Index (PPI), set forth in Table 1081 of the monthly report entitled, "Producer Prices and Price Indexes," published by the Bureau of Labor Statistics (BLS), United States Department of Labor, for the Code Number and Commodity listed below:

CODE NUMBER AND COMMODITYCode No: WPU1081Commodity: Bolts, Nuts, Rivets, and Screws

For the purposes of making price adjustments in accordance with this clause, only the preliminary version of the Producer Prices and Price Indexes report will be used. No additional adjustments will be made based on issuance of the final version of the report.

- (2) Contract Date. The term which means the date of award of the contract(s) resulting from this solicitation, as set forth on the first page of the Award/Contract (Standard Form 1449).
- (3) Contract Calendar Year. The term which means a one (1) calendar year period consisting of twelve (12) calendar months. The first contract calendar year shall commence on the contract date and shall end on a date exactly twelve calendar months thereafter. Each succeeding contract calendar year shall commence on the day immediately following the last day of the preceding contract calendar year. This definition shall apply to yearly periods of the base contract term as well as to any option periods.
- (4) Contract Price. For purposes of this contract, the term, "contract price," shall mean:
 - (i) For the first Contract Calendar Year, the price(s) shown on the Award/Contract on the Contract Date.
 - (ii) For each succeeding Contract Calendar Year, the contract price(s) from the previous Contract Calendar Year appropriately adjusted pursuant to this clause.
- (5) Base Price Index. For purposes of price adjustment under this clause, this term shall mean:
 - (i) For the First Contract Calendar Year, the PPI for the economic indicator for the month of the Contract Date.
 - (ii) For each succeeding Contract Calendar Year, the average PPI for the economic indicator for the preceding Contract Calendar Year, calculated from the month of the

contract date through the next succeeding eleven (11) months.

- (6) Adjusting Price Index. For purposes of price adjustment under this clause, this term shall mean the average PPI for the economic indicator for the preceding Contract Calendar Year, calculated from the month of the contract date through the next succeeding eleven (11) months.

NOTE: The adjusting Price Index for one Contract Calendar Year becomes the Base Price Index for the next succeeding Contract Calendar Year.

- (c) Price Adjustment Periods. Performance of this contract is divided into successive periods designated, "Contract Calendar Years," as defined in Subparagraph (b) (3) above. The

anniversary of the First Contract Calendar Year shall be the first day of each succeeding Contract Calendar Year, and shall constitute the "Contract Date" for purposes of establishing the Base Price Index for the ensuing Contract Calendar Year. Further, the calendar month in

which the anniversary of the First Contract Calendar Year falls shall be the "month of the contract date" for such purposes.

- (d) Price Adjustment. The unit prices under this contract shall be subject to adjustment at the end of each Contract Calendar Year, whether the Contract Calendar Year is within the **two** year base contract term, or is in any "Option" period of the contract. Subject to the limitations set forth in this clause, the prices shall be adjusted by the same percentage that the Adjusting Price Index bears to the Base Price Index. Upon publication of the Adjusting Price Index, the Contracting Officer shall calculate the price adjustment as follows:

(1) Divide the Adjusting Price Index by the Base Price Index to arrive at a quotient; and,

(3) Multiply the quotient derived above by the applicable contract unit price(s) for the preceding Contract Calendar Year.

The PPI to be used in calculating the above price adjustment(s) shall be that index for the Code Number and Commodity specified in Paragraph (b) (1) above. If the BLS fails to publish the selected index for the Code Number and Commodity during the preceding Contract Calendar Year, or if the Code Number and Commodity of the index cease to be relevant with respect to the intent of this clause, the Contractor and the Contracting Officer shall agree on an appropriate method of establishing the Adjusting Price Index. Failure of the Contractor and Contracting Officer to agree on an appropriate Adjusting Price Index shall constitute a dispute within the meaning of the "Disputes" clause of the contract.

- (e) Contract Modifications. Subject to the limitations in Paragraph (f) of this clause, at the end of each Contract Calendar Year, the price adjustment(s) to be made hereunder shall be

evidenced by a Modification signed by the Contractor and the Contracting Officer. The Modification shall be issued within thirty (30) days of the final day of the preceding Contract Calendar Year, and:

- (1) Shall set forth the unit price(s) as adjusted in accordance with this clause to establish the Contract Price(s) for the ensuing Contract Calendar Year; and

**FAR 52.212-1 – INSTRUCTIONS TO OFFERORS – COMMERCIAL ITEMS
(JAN 2004)**

(a) *North American Industry Classification System (NAICS) code and small business size standard.* The NAICS code and small business size standard for this acquisition appear in Block 10 of the solicitation cover sheet (SF 1449). However, the small business size standard for a concern which submits an offer in its own name, but which proposes to furnish an item which it did not itself manufacture, is 500 employees.

(b) *Submission of Offers.* Submit signed and dated offers to the office specified in this solicitation at or before the exact time specified in this solicitation. Offers may be submitted on the SF 1449, letterhead stationery, or as otherwise specified in the solicitation. As a minimum, offers must show--

- (1) The solicitation number;
- (2) The time specified in the solicitation for receipt of offers;
- (3) The name, address, and telephone number of the offeror;
- (4) A technical description of the items being offered in sufficient detail to evaluate compliance with the requirements in the solicitation. This may include product literature, or other documents, if necessary;
- (5) Terms of any express warranty;
- (6) Price and any discount terms;
- (7) "Remit to" address, if different than mailing address;
- (8) A completed copy of the representations and certifications at FAR 52.212-3;
- (9) Acknowledgment of Solicitation Amendments;
- (10) Past performance information, when included as an evaluation factor, to include recent and relevant contracts for the same or similar items and other references (including contract numbers, points of contact with telephone numbers and other relevant information); and
- (11) If the offer is not submitted on the SF 1449, include a statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation. Offers that fail to furnish required representations or information, or reject the terms and conditions of the solicitation may be excluded from consideration.

(c) *Period for Acceptance of Offers.*

The offeror agrees to hold the prices in its offer firm for 120 calendar days from the date specified for receipt of offers, unless another time period is specified in an addendum to the solicitation.

(d) *Product Samples.*

When required by the solicitation, product samples shall be submitted at or prior to the time specified for receipt of offers. Unless otherwise specified in this solicitation, these samples shall be submitted at no expense to the Government, and returned at the sender's request and expense, unless they are destroyed during preaward testing.

FAR 52.212-1 (continued)*(e) Multiple Offers.*

Offerors are encouraged to submit multiple offers presenting alternative terms and conditions or commercial items for satisfying the requirements of this solicitation. Each offer submitted will be evaluated separately.

(f) Late submissions, modifications, revisions, and withdrawals of offers.

- (1) Offerors are responsible for submitting offers, and any modifications, revisions or withdrawals, so as to reach the Government office designated in the solicitation by the time specified in the solicitation. If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date that offers or revisions are due.
- (2)(i) Any offer, modification, revision, or withdrawal of an offer received at the Government office designated in the solicitation after the exact time specified for receipt of offers is “late” and will not be considered unless it is received before award is made, the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition; and
 - (A) If it was transmitted through an electronic commerce method authorized by the solicitation, it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of offers; or
 - (B) There is acceptable evidence to establish that it was received at the Government installation designated for receipt of offers and was under the Government’s control prior to the time set for receipt of offers; or
 - (C) If this solicitation is a request for proposals, it was the only proposal received.
- (ii) However, a late modification of an otherwise successful offer, that makes its terms more favorable to the Government, will be considered at any time it is received and may be accepted.
- (3) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the offer wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.
 - (1) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.
 - (2) Offers may be withdrawn by written notice received at any time before the exact time set for receipt of offers. Oral offers in response to oral solicitations may be withdrawn orally. If the solicitation authorizes facsimile offers, offers may be withdrawn via facsimile received at any time before the exact time set for receipt of offers, subject to the conditions specified in the solicitation concerning facsimile offers. An offer may be withdrawn in person by an offeror or

FAR 52.212-1 (continued)

its authorized representative if, before the exact time set for receipt of offers, the identity of the person requesting withdrawal is established and the person signs a receipt for the offer.

(g) *Contract Award* (not applicable to Invitation for Bids).

The Government intends to evaluate offers and award a contract without discussions with offerors. Therefore, the offeror's initial offer should contain the offeror's best terms from a price and technical standpoint. However, the Government reserves the right to conduct discussions if later determined by the Contracting Officer to be necessary. The Government may reject any or all offers if such action is in the public interest; accept other than the lowest offer; and waive informalities and minor irregularities in offers received.

(h) *Multiple Awards*.

The Government may accept any item or group of items of an offer, unless the offeror qualifies the offer by specific limitations. Unless otherwise provided in the Schedule, offers may not be submitted for quantities less than those specified. The Government reserves the right to make an award on any item for a quantity less than the quantity offered, at the unit prices offered, unless the offeror specifies otherwise in the offer.

(i) *Availability of Requirements Documents Cited in the Solicitation*.

(1)(i) The Index of Federal Specifications, Standards and Commercial Item Descriptions and the documents listed in it may be obtained for a fee by submitting a request to:

(j) *Data Universal Numbering System (DUNS) Number.* (Applies to all offers exceeding \$25,000 and offers of \$25,000 or less if the solicitation requires the Contractor to be registered in the Central Contractor Registration (CCR) database.) The offeror shall enter, in the block with its name and address on the cover page of its offer, the annotation “DUNS” or “DUNS+4” followed by the DUNS or DUNS+4 number that identifies the offeror’s name and address. The DUNS+4 is the DUNS number plus a 4-character suffix that may be assigned at the discretion of the offeror to establish additional CCR records for identifying alternative Electronic Funds Transfer (EFT) accounts (see FAR Subpart 32.11) for the same parent concern. If the offeror does not have a DUNS number, it should contact Dun and Bradstreet directly to obtain one. An offeror within the United States may contact Dun and Bradstreet by calling 1-866-705-5711 or via the internet at <http://www.dnb.com>. An offeror located outside the United States must contact the local Dun and Bradstreet office for a DUNS number.

(k) *Central Contractor Registration.* Unless exempted by an addendum to this solicitation, by submission of an offer, the offeror acknowledges the requirement that a prospective awardee shall be registered in the CCR database prior to award, during performance and through final payment of any contract resulting from this solicitation. If the Offeror does not become registered in the CCR database in the time prescribed by the Contracting Officer, the Contracting Officer will proceed to award to the next otherwise successful registered Offeror. Offerors may obtain information on registration and annual confirmation requirements via the internet at <http://www.ccr.gov> or by calling 1-888-227-2423 or 269-961-5757.

(l) *Debriefing* If a postaward debriefing is given to requesting offerors, the Government shall disclose the following information, if applicable:

- (1) The agency’s evaluation of the significant weak or deficient factors in the debriefed offeror’s offer;

- (3) The overall ranking of all offerors, when any ranking was developed by the agency during source selection;
- (4) A summary of the rationale for award;
- (5) For acquisitions of commercial items, the make and model of the item to be delivered by the successful offeror;
- (6) Reasonable responses to relevant questions posed by the debriefed offeror as to whether source-selection procedures set forth in the solicitation, applicable regulations, and other applicable authorities were followed by the agency.

1. Addendum to 52.212-1(b) Submission of offers.

See Standard Form 1449 (Continuation Sheet), on page 2, for any specific instructions on how to submit your offer if mailed, hand carried or faxed (when authorized).

Faxed offers are NOT authorized for this solicitation.

Faxed offers are authorized for this solicitation.

Facsimile offers that fail to furnish required representations, or information, or that reject any of the terms, conditions and provisions of the solicitations, may be excluded from consideration. Facsimile offers must contain the required signatures. The Government reserves the right to make award solely on the facsimile offer. However, if requested to do so by the Contracting Officer, the apparently successful offeror agrees to promptly submit the complete original signed proposal. The Government will not be responsible for any failure attributable to the transmission or receipt of the facsimile offer.

2. Addendum to 52.212-1(c) Period for acceptance of offers.

Period of acceptance is 120 days.

3. Addendum to 52.212-1(e) Multiple offers.

Alternative commercial items may not be considered for award on this instant acquisition, however, may be utilized for market research on future requirements.

4. Addendum to 52.212-1(g) Contract Award.

If the Contracting Officer determines that the number of proposals that would otherwise be in the competitive range exceeds the number at which an efficient competition can be conducted, the Contracting Officer may limit the number of proposals in the competitive range to the greatest number that will permit an efficient competition among the most highly rated proposals.

5. Addendum to 52.212-1(h) Multiple awards.

- The Government intends to make one award.
- The Government may make more than one award.
- Offers may be submitted for quantities less than those specified.

6. Addendum to 52.212-1(j) Data Universal Numbering System (DUNS) Number

The requirement to provide a DUNS number with the offer applies at all dollar values if the offeror is required to register in the Central Contractor Registration (CCR) Database in accordance with DFARS clause 252.204-7004.

(c) If this is a Request For Proposal (RFP), any offeror offering less than all of the solicitation requirements of said lot(s)/item(s)/sub-item(s) may be precluded from consideration for award as to said lot/item/sub-item if the Contracting Officer elects to make an award without opening discussions.

DSCP 52.217-9I17 SUBMISSION OF SURGE/SUSTAINMENT PLAN (NOV 2000)

NOTE: Each offeror will be required to submit a Surge Plan with its initial offer. An approved Surge Plan will become part of any subsequent contract.

- (a) The offeror is required to submit a Surge Plan to the contracting officer with his proposal. If the offeror has previously submitted an Industrial Capabilities questionnaire (ICQ) to DSCP, (see paragraph (d)), paragraphs below which call for information that is contained in the offeror's ICQ may be addressed by advising the contracting officer to "See Previously Submitted ICQ". It the offeror's responsibility to ensure that all required information is provided.
- (b) Surge Plan must include:(1) a list, by contract number, of Government contracts being performed at the offeror's facility that have a surge provision; also include a description of your level of success in fulfilling surge requirements in existing contracts;(2) a description of your strategies for meeting surge demands described in this solicitation and an explanation of how these strategies will be applied to the items included for surge in this solicitation;(3) to the extent practicable, for any other Government contract, or any commercial contract, which the Offeror has in place on the date of submission of its proposal, the projected impact of the Government's invoking of the surge requirements to be included in the contract that will be awarded pursuant to this solicitation;(4) all skilled labor requirements necessary to support the surge requirements; (5) your Minimum Ordering Quantities, if any, and/or Economic Production Run Quantities for the items being provided. (6) your methodology to enable visibility of, monitoring changes in, assessment of, and reporting on your base capabilities and your supplier base capabilities related to surge and sustainment requirements. (7) a list of surge and sustainment items that may be difficult to provide quickly for initial ramp-up, or to provide at elevated demand levels for sustainment, and the reasons for these difficulties; list proposed solutions for overcoming these difficulties. (Under your price proposal, identify any significant investments (dollars) needed to implement propose solutions.) (8) your access to and plans for coordinating distribution(receiving, storing, packaging and issuing) and transportation services needed to meet surge and sustainment requirements, including agreements with suppliers of these services and time frames for services provided. (9) your agreements with suppliers that reflect access to supplier base resources, including commitments to hold rotating amounts of assets, and time frames for delivering these assets; also list commitments to provide access to production capabilities, and time frames for this access.
- (c) ***Failure to provide a Surge Plan may render the offeror's proposal unacceptable.***
- (d) The offeror may obtain a copy of the Industrial Capabilities Questionnaire by contacting Ms. Linda Harrison of the General and Industrial Readiness Commodity Business Unit (CBU), DSCP-IR. Industrial Capability information may be submitted electronically via the World Wide Web Industrial Capabilities Assessment Program (WICAP) at the following DLA website: <http://wicapdct.dscp.dla.mil/> required are Internet Explorer 4.0 and above, or Netscape 3.0 and above.

A listing of surge items, quantities and delivery time frames is attached to the

Addendum to FAR 52.212-4. This listing will be reassessed by the government periodically, with any updates to be relayed to the contractor within 3 calendar days.

DSCP 52.217-9I19 Notice of Surge Option Requirement (Nov 2000)

If the offeror takes exception to either the quantity or the schedule, he must note the exception(s) in his proposal. Since the Government reserves the right to make an award without discussions, a proposal that does not satisfy the criteria set forth in the Surge Option Requirement clause may be considered unacceptable.

(JUL 1998) (III)**

(i) The Contractor shall list in the space provided below the name and address of the VAN that shall be used for the EDI transactions provided for under this contract. Any change in the VAN listed below must be approved by the Contracting Officer, in writing, prior to change-over.

NOTE: Paragraph (h), as it appears in the Master Document, is deleted and replaced by the following:

(h) Information regarding EDI is available at World Wide Web URL at saso.dscp.dla.mil/ipu/acquisition/pe/flash.htm"

**DSCP 52.215-9I12 NOTICE: AUTOMATED BEST VALUE SYSTEM
(ABVS) PROGRAM
(DEC 1999)**

(a) The Defense Logistics Agency (DLA) has developed the Automated Best Value System (ABVS), an automated system that collects and analyzes offerors' past performance history and assigns a numeric score. Under ABVS, contracting officers will not necessarily award contracts to offerors with the lowest evaluated price, but are encouraged instead to consider past performance and other factors and to exercise good judgment in awarding to firms whose offers represent the greatest value to the Government.

(b) An offeror's past performance is an indicator of performance risk and will be scored on the basis of past performance in the same Federal Supply Class (FSC) as the supplies being solicited. ABVS scores are

calculated monthly, remain in effect for the entire month, and are based on DLA consolidated performance history. There is an FSC score, which represents the offeror's DLA-wide performance for that FSC. There is also a DLA score, which reflects the offeror's overall performance for all FSCs at all DLA Inventory Control Points (ICPs), i.e., Defense Supply Centers Philadelphia, Richmond and Columbus.

(c) To determine the ABVS score, the Government will use the following performance indicators: delinquencies, length of delinquencies, order rejections (contractor caused cancellations), product nonconformances, and packaging nonconformances. The delivery portion of the ABVS score will consist of all delinquencies (CLINs that have not been shipped in their entirety by the CDD), and order rejections for the rating period preceding the most recent 60 days. The quality portion will consist of all contractor-caused product and packaging discrepancies for the rating period preceding the most recent 30 days. To allow for delays in posting data, the delivery score will exclude the most recent 60 days and the quality score will exclude the most recent 30 days. There are no grace periods in determining if a contract is delinquent.

(d) Negative performance data to be reflected in the ABVS score will be made available to Contractors through the DSCP General and Industrial (G & I) website. A Contractor may challenge any negative data it feels is inaccurate by submitting a challenge to the DSCP ABVS Administrator. To be considered, challenges must be accompanied by evidence that substantiates the claim (e.g., invoices, DD Form 250s, modifications.) The "Center" field will identify the cognizant focal point for challenges. For those identified as "DSCP", challenges must be sent to:

Defense Supply Center Philadelphia (DSCP)
ATTN: DSCP-PPA (ABVS)
700 Robbins Avenue
Philadelphia, PA 19111-5096
Phone: (215) 737-7844
FAX: (215) 737-7949

(e) ABVS scores are updated monthly. Though contractors may challenge negative data at any time, it is to the contractor's advantage to challenge in a timely manner. Challenged data that has been investigated and validated prior to the next monthly ABVS update will be reflected in the new score. Challenges that are received before the end of the challenge period but are not resolved prior to the next monthly update will be flagged as challenged. Once the challenge is received, the ABVS score is flagged and will remain flagged until the challenge is resolved.

(1) When an ABVS score is flagged, the contractor reviewing ABVS data can see that its challenge has been received and is being investigated. The flag also alerts the contracting officer that certain data reflected in the offeror's score is being challenged and warrants further investigation by the contracting officer.

(2) When a discrepancy between the offeror's challenged data and the Government's data occurs, it becomes disputed data. The Government will make every effort to resolve the discrepancy expeditiously.

However, the Government is the final authority for resolution of disputed data and its use in the source selection process, and the contracting officer may make an award decision despite the existence of an unresolved challenge.

(f) An ABVS score does not determine an offeror's award eligibility, or technical acceptability, nor does it establish or dictate a responsibility or nonresponsibility determination. The ABVS score used

for evaluation will be that score in effect at the time offers are evaluated. There is no minimum volume of business required for a contractor to be scored. The contracting officer may consider the

volume of business on which the performance score is based as a measure of confidence in the score's indication of performance risk. A contractor with no performance history in the FSC will be given a score of 999.9, which will identify the contractor as a new offeror in that FSC. New offeror status will not be grounds for disqualification for award. New offerors may be considered more favorably than scored offerors with a poor performance record. Also, the desirability of expanding the supplier base and possible competition enhancement in future procurements will be considered in the source selection decision when new offerors are present.

(g) Contractor caused discrepancies or delinquencies are reflected in ABVS scores as an indicator of past performance. Repair, replacement, or reimbursement of quality and packaging defects does not provide relief from negative ABVS data. Contractor caused delivery extensions, regardless of consideration paid, will be reflected in the delivery score.

FAR 52.212-2 EVALUATION – COMMERCIAL ITEMS (JAN 1999)

(a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following technical (i.e., non-price) factors listed in descending order of importance shall be used to evaluate offers: **PAST PERFORMANCE**

Technical factors are:

- Significantly more important than cost or price
- Essentially equal to cost or price
- Significantly less important than cost or price

(b) *Options*. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced.

(c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

ADDENDUM TO FAR 52.212-2

DSCP 52.247-9I10 F.O.B. ORIGIN AND/OR DESTINATION (APR 1984)

Terms of delivery, F.O.B. Origin and F.O.B. Destination are stated elsewhere in this solicitation. With respect to all items, all bids (offers) are invited only on the basis of F.O.B. Destination.

Evaluation procedures for Option provisions utilizing the Economic Price Adjustment are contained in DISC Clause I042, Option to Extend the Term of the Contract – Notice of EPA Provision, or DISC Clause I134, Option to Extend the Term of Requirements Contract – Notice of EPA Provision (Alternate), whichever is included elsewhere in this solicitation.

**DSCP 52.215-9I15 EVALUATION OF PAST PERFORMANCE UNDER THE AUTOMATED
BEST VALUE MODEL
(ABVM) PROGRAM - SIMPLIFIED ACQUISITIONS
(FEB 1996) (III)**

DSCP 52.217-9I18 EVALUATION OF SURGE/SUSTAINMENT PLAN (JAN 1999)

The Government will evaluate each offeror's ability to increase its production, if the offeror is a manufacturer, or to have production under the contract increased, if the offeror is other than a manufacturer, to meet surge and sustainment requirements which arise during contract performance. Surge/Sustainment Plans submitted will be evaluated in accordance with Section L of this solicitation.
