REVOLUTION IN LIGHTING

- Extremely low energy consumption, only .46 watts per 4-Solid state white light strip
- For all you're lighting needs. Just install and forget! Easy installation
- Replaces approximately 100 incandescent lamps over warranty period
- Will run for approx 87 years on the same energy a 40-watt light burns in one year (\$35.04 down to .40 cents)
- Soft safety amber lights are very pleasing to the eyes and help reduce night blindness
- White light is a custom option (5,000 deg K high noon white light or 6,500 deg K)
- Standard 120 VAC hard wire units available (medium screw bases adapters optional)
- 100% Maintenance free, life of 100,000 plus hours (no fragile filaments)
- Full family of 2-, 4-, 6-, and 8- lamp units
- Patent pending technology, **UL-1571 tested**
- Optional custom 12 Volt DC units

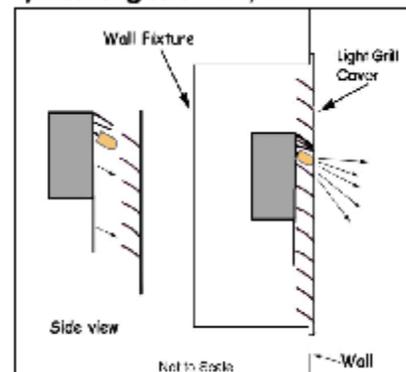

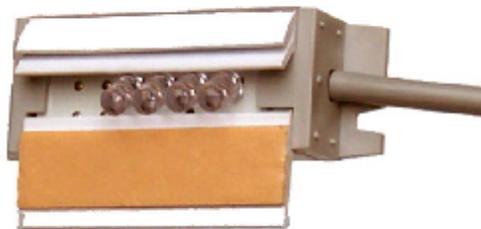

INSTALLATION

- Open fixture cover and remove light bulb
- Connect two wires to 120V AC (or screw in optional adapter)
- Remove adhesive strip liner, clip unit on inside of louver cover or attach to surface by mounting ears, and reinstall cover onto wall

PRODUCT WARRANTY

- Quality so superior, we can offer a 30-year lifetime warranty (8 hrs per day for 30 years)

Input voltage = 120 VAC +/- 10% LED wattage = 0.29 watts Total Watts Average = 0.46 (4 lamp white unit)
Dimensions: Height = 3/4" Width = 7/8" Length = 1 13/16" Length w/mounting ears = 2 5/16"
