

THE XTRABRIGHT SP UNIVERSAL RETROFIT KIT

The Xtrabright SP, utilizing Re-Energy's custom made T-1™ lamp, is designed to exceed Underwriters Laboratories standards and be maintenance free for a minimum of 10 years. The Xtrabright SP™ has two T-1 lamps that are up to 20 times brighter than LED exit signs or retrofit kits, and will work with any enclosed sign in your facility. The Xtrabright SP has the highest lumen per watt ratio of any exit sign technology and will payback in approximately 1 year.

Specifications

Category

Voltage 120v or 277v
 Wattage 4.8w
 Light Source T-1
 UL Life 10 year
 UL Classification EFG
 Number of Lamps Two
 Parallel Operation Yes

Exit Fixture General Stencil Sign Range:

Width: 9 1/2" — 13 17/16"
 Height: 6 1/4" — 8 7/8"
 Depth: 1 7/8" — 3 1/4"

Xtrabright SP Dimensions:

Width: 11 11/32"
 Height: 4 3/5"
 Depth: 7/8"

Additional Features

Built -in Surge Suppression
 Vibration Resistance
