

NightStar® Magnetic Force Emergency Light Source

Renewable, Person-Powered Light Source, Magnetic Force Charging System, Capacitor Energy Storage Cell, High Brightness White Light LED, Lightweight, High Impact Strength Housing, Waterproof, and Luminescent Switch. No dead batteries, ever! No hazardous waste or environmental impact.

TECHNICAL SPECIFICATIONS

- Size: 11" (28cm) long x 2" (5 cm) diameter (max)
- Weight / Mass: 14 ounces / 390 grams
- Shock: Fully functional after repeated random drops from a height of 6 ft (2m) onto a concrete surface.
- Temperature: Storage: -50°F (-45°C) to +140°F (60°C).
Operation: -40°F (-40°C) to +130°F (55°C).
- Pressure: Operational at an ocean depth of 180 ft. (55m)
Performance unaffected after being driven over by 4 x 4 truck on concrete surface.
- Chemical Resistance: Polycarbonate Body with ABS (Back and Yellow bodys only) unaffected by salt water, alcohol, and ammonia based cleaners. Dissolve resistant against medium strength acids.
