

Lamps

Brings Natural Daylight Indoors
A New Breakthrough in Light technology

*The Ultimate Office Accessory for
Reading, Studying and Computing.*

- **VisionSaver** - Specially formulated to create illumination that replicates the beneficial wave lengths of natural daylight indoors
- **Easy On The Eyes - Eliminates Harsh Screen Glare** - Computer users regularly suffer discomfort or eye strain caused by the harsh glare of standard lighting. Ott-Lite VisionSavers are designed to reduce this glare, and it's associated eyestrain.
- **See Details with Precision and Clarity** - Ott-Lite VisionSavers are naturally balanced to reduce distortion and increase contrast.
- **See Colors Accurately** - Ott-Lites VisionSavers show colors that are true to life. Any activity requiring accurate color, such as the latest monitor, printer, digital camera, and video technology, will be enhanced
- **A Difference You Can Feel** - Ott-Lite VisionSavers special formulation brings the feeling of a sunny Spring day indoors all year long.
