

Flashlights

Survivor

- Survivor® orange
- Survivor® yellow

Built to perform under conditions that would destroy an ordinary flashlight, the rechargeable Survivor® is fitted with a 'black dot' Xenon bulb that cuts through swirling smoke and mist. Up to 15,000 candlepower is delivered for up to 1.5 hours between charges, with an option of either Fast Charge or Steady Charge. Survivor is Factory Mutual* approved for use in specified Class I, II & III hazardous locations. It also carries NFPA** and CSA+ certifications
