

Flashlights

PELICAN LIGHTS

#1975 AlignLite

Product Description

This 2 AAA-cell electronic alignment tool is made out of unbreakable space age hi-impact Xenoy® resin. Its Laser Spot Xenon® lamp module provides 600% more light than ordinary pocket lights. Watertight to 500 feet this flashlight is a handy tool, which makes it easy to see and access small electronic components in limited light. Two different size AlignLite adapters are available. Accidental turn on and mechanical switch failure is eliminated because of the rotary on/off switch. The AlignLite is approved for FM, CSA, and CENELEC standards making the flashlight safe to be used in gaseous or electrical hazardous environments.
