Compact Fluorescent Table Lamps

This ginger jar style table lamp uses a replacable 18 Watt, 4 pin compact fluorescent lamp described below. The electronic ballast is mounted on top of the base with built-in harp around it. This configuration assures the continued use of compact fluorescent lamp since the users are unable to revert to standard incandescent bulbs. This table lamp is designed to use a 18 watt compact fluorescent lamp which uses an equivalent of 75 watts energy of an incandescent lamp. The table lamp is available in five colors; beige, black, hunter green, wedge wood and wild berry. A white shade is included with all table lamps.

Table Lamps Measurements:

- Base Height - 22"
- Base Diameter - 5 3/8"
- Shade Diameter - 16"
- Shade Depth - 11 1/2"

Lamp: 18 watt (For lamp data see "Compact Fluorescent Lamps" page in this catalog)

Ballast: Electronic, 0.55 Power Factor, 10% THD, 40000 hour average life.
