

ATTACHMENT – 1**Subcontracting Plan Instructions and Definitions**

THE ATTACHED GUIDE WAS DEVELOPED AS A CHECKLIST TO BE USED BY CONTRACTORS IN THE PREPARATION OF A SMALL BUSINESS SUBCONTRACTING PLAN IN ACCORDANCE WITH THE REQUIREMENTS OF PUBLIC LAW 95-507. THE GUIDE ADDRESSES THE SIX MANDATORY ELEMENTS OF A SUBCONTRACTING PLAN AS SET FORTH IN FAR CLAUSE 52.219-9(D) AND SUPPLEMENTAL INFORMATION REQUIRED BY SECTION 1207 OF P.L. 99-661, CONTRACT GOAL FOR MINORITIES.

IT IS INTENDED AS A TOOL TO ASSIST CONTRACTORS IN THE DEVELOPMENT OF AN ACCEPTABLE SUBCONTRACTING PLAN AND TO FACILITATE THE REVIEW BY THE CONTRACTING OFFICER, THE DSCP AND DEFENSE CONTRACT MANAGEMENT AGENCY (DCMA) SMALL BUSINESS SPECIALISTS AND THE SMALL BUSINESS ADMINISTRATION PROCUREMENT CENTER REPRESENTATIVE.

IT IS RECOMMENDED THAT THE PLAN BE INCLUDED AS AN ADDENDUM TO THE SOLICITATION AND NOT PART OF SECTION L.

NOTE: Updated to include HUBZone and Small Disadvantaged Business Certification Requirements; and Veteran-Owned Small Business and Service-Disabled Veteran-Owned Small Business Classifications.

THIS HANDOUT IS TO BE USED ONLY AS A REFERENCE TOOL IN PREPARING A SUBCONTRACTING PLAN.

PRIME VENDOR LATIN AMERICA

SUBCONTRACTING PLANS

The Federal Acquisition Regulation, Clause 52-219.9 cites the six elements that each Subcontracting Plan must contain, i.e., goals; name and duties of the individual who will administer the plan; a description of efforts; flowdown clause; reports and records.

Goals: expressed in terms of percentages and dollars of the total contract value that are planned to be subcontracted to small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business and women-owned small business concerns that are realistic.

Administration: Name, title, and position within the corporate structure; duties and responsibilities of the individual who will administer the subcontracting program.

Description of Efforts: Describe steps to be taken to ensure equitable opportunities to small, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business and women-owned small business concerns.

Flowdown Clause: Requirement for subcontracts that offer further subcontracting opportunities and for subcontracts in excess of \$500,000.

Reports: Requirement to submit periodic reports

Records: Requirement to maintain records on adopted procedures to comply with requirements and goals in the plan.

The following information will assist you in determining what type of plan would be most beneficial for your firm to submit.

INDIVIDUAL SUBCONTRACTING PLAN:

This type of plan covers the entire contract period (including option years however separate goals are required for the base year and each option year)); applies to a specific acquisition; and has goals based on planned subcontracting for the specific contract except indirect costs, incurred for common or joint purposes, may be allocated on a prorated basis to the contract. The plan shall address all six elements as cited above. The plan when approved and incorporated into the contract will remain in effect until the contract has been completed.

MASTER SUBCONTRACTING PLAN:

This type of plan contains all the required elements of an individual plan, except goals. It can be submitted on a plant or division wide basis with no specific acquisition identified. The subcontracting goals and any deviations from the approved plan shall be identified by the offeror as an addendum to the approved Master Plan. The offeror will be required to provide the Procuring Contracting Officer (PCO) with copies of the approved Master Plan along with the addendum which cites the goals and deviations, if any. The approved master plan and the addendum are formulated into an individual subcontracting plan, which can be identified with a specific acquisition. A master plan is effective for a three-year period after approval by the Administrative Contracting Officer (ACO). The master plan, when incorporated in an individual plan, applies throughout the life of the contract.

PRIME VENDOR LATIN AMERICA

COMMERCIAL PRODUCTS SUBCONTRACTING PLAN:

This type of plan is submitted on a plant or division wide basis with no specific acquisition identified. A commercial product means a product in regular production that is sold in substantial quantities to the general public and/or industry at established catalog or market prices. It also means a product which, in the opinion of the Contracting Officer, differs only insignificantly from the contractor's commercial product. The plan addresses all six elements as cited above. If a commercial product is offered, the subcontracting plan may cover the company's commercial production generally, both for government contracts and for regular commercial sales. The plan will remain in effect for the entire fiscal year for all government contracts in effect during the period. It is preferred that the plan coincide with the government's fiscal year since the activity under this type of plan is reported once a year on the SF 295. The contractor is required to submit a new commercial plan, 30 working days before the end of the fiscal year to the contracting officer. It is the contractor's responsibility to insure that it has an approved commercial plan on file for each year of contract performance.

DEFINITIONS

SMALL BUSINESS CONCERN: A small business is a concern, including its affiliates, which is organized for profit; independently owned and operated; not dominant in the field of operation in which it is competing; and can further qualify under the criteria concerning number of employees, average annual receipts, or other criteria as prescribed by the Small Business Administration.

HUBZone: An historically underutilized business zone, which is an area located within one or more qualified census tracts, qualified non-metropolitan counties, or lands within the external boundaries of an Indian reservation.

HUBZONE SMALL BUSINESS CONCERN: A small business concern that is located in an "historically underutilized business zone;" is owned and controlled by one or more U. S. Citizens; and at least 35% of its employees reside in the HUBZone. Status as a qualified HUBZone small business concern is determined by the Small Business Administration (SBA). If the SBA determines that a concern is a qualified HUBZone small business, it will issue a certification to that effect and will add the concern to the List of Qualified HUBZone Small Business Concerns on its Internet site at www.sba.gov/hubzone. The concern must appear on the list to be a HUBZone small business concern. HUBZone certifications will appear in individual firm profiles in SBA's PRO-Net.

SMALL DISADVANTAGED BUSINESS CONCERN (SDB): A small business concern (1) which is at least 51% owned by one or more socially and economically disadvantaged individuals: or, in the case of any publicly owned business, at least 51% of the stock is owned by one or more socially and economically disadvantaged individuals; and (2) whose management and daily business operations are controlled by one or more such individuals. The term "socially disadvantaged" means individuals who have been subjected to racial or ethnic prejudice or cultural bias because of identity as a member of groups without regard to their individual qualities. The following individuals are presumed to be socially disadvantaged: Black Americans, Hispanic Americans, Native Americans, Asian-Pacific Americans, and Subcontinent Asian Americans. The term "economically disadvantaged" means socially disadvantaged individuals whose ability to compete in the free enterprise systems is impaired due to diminished capital and credit as compared to others in the same/similar line of business and, as a result, have been or are likely to be precluded from successfully competing in the open market. A socially disadvantaged individual whose personal net worth does not exceed \$750,000 (\$250,000 for certification under the SBA Section 8 (a) Program), excluding his/her ownership interest in the company and equity in his/her personal residence is considered to be economically disadvantaged.

Effective October 1, 1999, a subcontractor claiming SDB status must be certified by the Small Business Administration. SDBs can obtain application information from the SBA at www.sba.gov/sdb. SDBs that receive formal certification are listed in the SBA on-line data base, PRO-Net, at <http://pro-net.sba.gov>.

PRIME VENDOR LATIN AMERICA

DEFINITIONS (cont'd)

WOMAN-OWNED SMALL BUSINESS CONCERN: A small business concern that is at least 51% owned by one or more women; or in the case of any publicly owned business, at least 51% of the stock is owned by one or more women AND whose management and daily business operations are controlled by one or more women.

SERVICE-DISABLED VETERAN-OWNED SMALL BUSINESS CONCERN

- (1) A small business concern –
- (i) not less than 51% of which is owned by one or more service-disabled veterans or, in the case of any publicly owned business, not less than 51% of the stock of which is owned or one or more service-disabled veterans; and
 - (ii) the management and daily business operations of which are controlled by one or more service-disabled veterans or, in the case of a veteran with permanent and severe disability, the spouse or permanent caregiver of such veteran.
- (2) Service-disabled veteran means a veteran, as defined in 38 U.S.C. 101(2), with a disability that is service-connected, as defined in 38 U.S.C. 101(16).

VETERAN-OWNED SMALL BUSINESS CONCERN

A small business concern –

- (i) not less than 51% of which is owned by one or more veterans (as defined at 38 U.S.C. 101(2)) or, in the case of any publicly owned business, not less than 51% of the stock of which is owned by one or more veterans; and
- (ii) the management and daily operations of which are controlled by one or more veterans.

SUBCONTRACT: Means any agreement (other than one involving an employee-employer relationship) entered into by a Federal Government prime contractor or subcontractor calling for supplies and/or services required for performance of the contract or subcontract.

PRIME VENDOR LATIN AMERICA

4. In accordance with FAR Clause 52.219-9 – The offeror’s subcontracting plan shall include, at a minimum, the following:

1. Goals, expressed in terms of percentages of total planned subcontracting dollars, for the use of small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged and women owned small business concerns as subcontractors. The offeror shall include all subcontracts that contribute to contract performance, and may include a proportionate share of products and services that are normally allocated as indirect costs. For individual contract plans, the total dollars to be subcontracted are stated. For commercial plans, the total projected sales, expressed in dollars, and the total value of projected subcontracts to support the sales are stated.
2. The suggested format for percentage and dollar goals follows:

	<u>DOLLARS</u>	<u>PERCENT</u>
<u>TOTAL TO BE SUBCONTRACTED</u>	\$ _____	_____ %
A. To Large Business	\$ _____	_____ %*
B. To Small Business	\$ _____	_____ %*
1. To Veteran-Owned SB**	\$ _____	_____ %*
2. To Service-Disabled Veteran-Owned SB**	\$ _____	_____ %*
3. To HUBZone SB**	\$ _____	_____ %*
4. To Disadvantaged SB**	\$ _____	_____ %*
5. To Women-Owned SB**	\$ _____	_____ %*

* Divided into Total to be Subcontracted

**Subset of B

Note: A separate goal for Service-Disabled Veteran-Owned Small Business is not mandatory.

These firms may be included in the goal for Veteran-Owned Small Business.

3. A description of the principal types of supplies and services to be subcontracted, and an identification of the types planned for subcontracting to small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns. (Note: Identify all supplies and services to be subcontracted. Further identify those supplies and services to be subcontracted to small business by one asterisk (*), veteran-owned small business by two asterisk (**), service-disabled veteran-owned small business by three asterisk (***), HUBZone small business by four asterisk (****), small disadvantaged business by five asterisks (*****), and women owned small business concerns by six asterisks (*****).
4. A description of the method used to develop the subcontracting goals in item 2 above.

PRIME VENDOR LATIN AMERICA

5. A description of the method used to identify potential sources for solicitation purposes (e.g., existing company source lists, the Small Business Administration's Procurement Marketing and Access Network (PRO-Net), veterans service organizations, the National Minority Purchasing Council Vendor Information Service, the Research and Information Division of the Minority Business Development Agency in the Department of Commerce, or small, HUBZone small business, small disadvantaged business and women-owned small business concern trade associations). Information in PRO-Net can be relied upon as an accurate representation of a concern's size and ownership for the purposes of maintaining a small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged and women-owned small business source list. Use of PRO-Net as its source lists does not relieve a firm of its responsibilities (e.g., outreach, assistance, counseling, or publicizing subcontracting opportunities) in this clause.
6. A statement as to whether or not the offeror included indirect costs in establishing subcontracting goals, and a description of the method used to determine the proportionate share of indirect costs
7. to be incurred with small business, veteran-owned small business, veteran-owned small business, HUBZone small business, small disadvantaged, and women-owned small business concerns.
8. The name of the individual employed by the offeror who will administer the offeror's subcontracting program, and a description of the duties of the individual.
9. A description of the efforts the offeror will make to assure that small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business and women owned small business concerns have an equitable opportunity to complete for subcontracts. (This element shall include, but shall not be limited to, the following:)
In order to effectively implement this plan to the extent consistent with efficient contract performance, the contractor shall perform the following functions:
 - a. Assist small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged, and women owned small business concerns by arranging solicitations, time for preparation of bids, quantities, specifications, and delivery schedules so as to facilitate the participation by such concerns. Where the contractor's lists of potential small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged and women-owned small business subcontractors are excessively long, reasonable effort shall be made to give all such small business concerns an opportunity to compete over a period of time.
 - b. Provide adequate and timely consideration of the potentialities of small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged, and women owned small business concerns in all "make or buy" decisions.
 - c. Counsel and discuss subcontracting opportunities with representatives of small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged and women owned business concerns.
 - d. Provide notice to subcontractors regarding penalties and remedies for misrepresentations of business status as small business, veteran-owned small business, HUBZone small business, small disadvantaged business or women-owned small business for the purpose of obtaining a subcontract.

PRIME VENDOR LATIN AMERICA

10. Assurances that the offeror (I) will include the clause in this contract entitled "Utilization of Small Business Concerns" in all subcontracts that offer further subcontracting opportunities, and (ii) will require all subcontractors (except small business concerns) that receive subcontracts in the excess of \$500,000 (\$1,000,000 for construction of any public facility), to adopt a plan similar to the plan agreed to by the offeror.
11. Assurances that the offeror will (I) cooperate in any studies or surveys as may be required; (ii) submit periodic reports in order to allow the Government to determine the extent of compliance by the offeror with the subcontracting plan; (iii) submit Standard Form (SF) 294, Subcontracting Report for Individual Contracts, and/or SF 295, Summary Subcontract Report, in accordance with the instructions on the forms. The reports shall provide information on subcontract awards to small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, woman-owned small business, and when applicable, Historically Black Colleges and Universities and Minority Institutions. The offeror also must ensure that its subcontractors agree to submit Standard Forms 294 and 295.
12. Recitation of the types of records the offeror will maintain to demonstrate procedures that have been adopted to comply with the requirements and goals in the plan, including establishing source lists; and a description of its efforts to locate small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged and women-owned small business concerns and award subcontracts to them. The records shall include at least the following (on a plant-wide or company-wide basis, unless otherwise indicated):
 - a. Source lists (i.e., PRO-Net), guides, and other data that identify small business, veteran—owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns.
 - b. Organizations contacted in an attempt to locate sources that are small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns.
 - c. Records on each subcontract solicitation resulting in an award of more than \$100,000, indicating whether (A) small business concerns were solicited and if not, why not, (B) Veteran-owned small business were solicited and if not, why not, (C) service-disabled veteran-owned small business were solicited and if not, why not, (D) HUBZone small business concerns were solicited and if not, why not, (E) small disadvantaged business concerns were solicited and if not, why not, (F) women-owned small business concerns were solicited and if not, why not, and (G) if applicable, the reason award was not made to a small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, or women-owned small business concern.
 - d. Records of any outreach efforts to contact (A) trade associations; (B) business development organizations; (C) conferences and trade fairs to locate small, HUBZone small business, small disadvantaged and women owned small business concerns and (D) veterans service organizations.
 - e. Records of internal guidance and encouragement provided to buyers through (A) workshops, seminars, training, etc. and (B) monitoring performance to evaluate compliance with the program's requirements.

PRIME VENDOR LATIN AMERICA

- f. On a contract-by-contract basis, records to support award data submitted by the offeror to the Government, including the name, address and business size of each subcontractor. Contractors having company or division-wide annual commercial plans need not comply with this requirement.
- g. SUPPLEMENTAL INFORMATION

Section 1207 of Public Law 99-661, Contract Goal for Minorities, supplements FAR Clause 52.219-9. Offerors are required to:

- a. Establish a subcontracting goal of 5% for small disadvantaged businesses.
- b. Identify efforts to provide technical assistance to SDB's.
- c. Include a statement that Historically Black Colleges and Universities (HBCU's) and other Minority Institutions (MI's) will be considered when developing SDB goals, when applicable.

1.2 EDI - How It Works

Orders are generated on a regular basis by the customer's requisition systems or keyed in by the customer and sent electronically to the vendor. The order data is passed through EDI translation software where it is converted into a standard structured format and a file is generated for the vendor. The system which performs this translation and transmission from the military customer's ordering point is the Subsistence Total Ordering and Receiving Electronic System (STORES).

Purchase orders are transmitted electronically to a network on a daily basis. The customer may order more than once a day. The network processes the files into the vendor's mailbox where the orders are held awaiting pick-up by

PRIME VENDOR LATIN AMERICA

the vendor. Replies are sent to the network by vendors to acknowledge that the transmission was received. These acknowledgments are picked up later by each customer's system. Each party communicates with the network which greatly simplifies the process.

When the network delivery to the vendor is complete, optimal use of the data by the vendor will be achieved when the vendor converts the purchase order data from the standard transmission format into their own internal format. Vendor processing can then occur without having to key the purchase order data.

Vendors provide initial and updated catalog item and price data via EDI. This data is transmitted to the Defense Personnel Support Center (DSCP) and not directly to the customer.

1.3 Parties Involved

There are approximately 220 military bases participating CONUS-wide with an approximate total of 500 purchasing locations. There will be an estimated 50 military bases participating in the European Theater with approximately 50 ordering locations. The central coordination for all activity is DSCP located in Philadelphia, PA. DSCP also has a support office in Europe, designated DSCP-E, which will play a role in Prime Vendor Europe.

Orders to be sent via EDI are determined by the customer's purchasing locations at the military base. These locations can be a dining facility, warehouse, depot, hospital, ship, child care center, or other facility. The purchasing locations are determined by the needs of the customer.

It is assumed that the participating vendor will handle via one EDI communication point all customer orders for any location within the contract geographical area. Other vendor or distributor's participation levels may be negotiable, and should be discussed with the DSCP EDI Coordinator.

1.4 Transaction Sets

When the customer sends the 850 Purchase Order to the vendor, a summary transaction is also sent to DSCP via EDI. This summary transaction contains only a total purchase order dollar amount and number of food items ordered. When the customer receives the goods ordered, quantities received are recorded using the STORES system. Once the receipts are approved and released, the 861 Receipt transaction set is used to send the details to DSCP. Vendors may receive copies of the 861 Receipt if desired.

Customers will not issue order cancellations via EDI. Vendors will not directly notify the customer of price changes, term changes, or deletions. The vendor sends this information via EDI to DSCP via the 832 Catalog transaction set. Once the appropriate updates are completed on the STORES MIS catalog, DSCP will send the 832 transaction set to all customers with the updated catalog information.

The EDI transaction sets are described in detail in later sections of this guideline. Vendors must be able to support the 850 Purchase Order, 832 Catalog, 997 Functional Acknowledgment, and, if desired, the 861 Receipt.

1.5 Software

All DSCP customers will be using the same EDI software and network to transmit orders. A standard system will be installed at all the participating military bases. Standard procedures have been implemented to ensure the distributed operations can be controlled and maintained from the central site in Philadelphia.

The vendor may select any software that supports the transaction sets currently traded and any sets that may be traded in the future.

1.6 Networks

Networks are used as a clearinghouse for all transmissions. Sending and receiving parties may work independently of each other by letting the network handle problems such as storage, communication incompatibilities, scheduling and retransmission.

DSCP pays the network charges for delivery of the customer's documents to the network. The vendor will pay the charges for delivery of the customer's documents from the network to the vendor's system. Vendors may access the network by various means. Access may be via dial-up modem or via an Internet utility.

Various means of carrying data among the customers, vendors, and DSCP are being considered at this point. Toll-free 1-800 lines will not be used overseas. Vendors will need to rely on other means of accessing STORES. One of

PRIME VENDOR LATIN AMERICA

the most likely scenarios uses the Internet to pass and receive transactions. This may require that the vendor use an Internet service provider to access STORES.

1.7 Standards

DSCP subscribes to the American National Standards Institute (ANSI) X12 standards. The version supported in the purchase order transaction set is Version 3 Release 4 Subrelease 2. Version 3060 may also be supported in future releases of STORES. ANSI X12 documentation may be obtained from:

EDI Support Services, Inc.
PO Box 203
Chardon, OH 44024
1-800-334-4912

Once a new version of standards has been adopted and documented, DSCP will evaluate the changes to determine the impact to the system. DSCP will progress to a new version of the standards as needs justify. In such instances, the old version of the standards will continue to be supported as long as seems practical and necessary.

When it is necessary to convert to a new version of standards, DSCP will contact all trading partners and will furnish the date when DSCP will be prepared to transmit and receive messages in the new format. Appropriate document layouts will also be furnished. Arrangements can be made through the DSCP EDI Coordinator to conduct a test transmission using the new version of standards.

Section 2.0 Trading Partner Setup**2.1 Legal**

Before DSCP customers can progress from test to production mode with the purchase order transaction, an Electronic Purchase Agreement (EPA) should be ratified. An EPA is a contract between the vendor and DSCP to send and receive documents electronically and in no way interferes with the contract, general purchase agreement or Purchase order terms.

2.2 Phase I - Sample Test File

During the Sample Test Phase generic purchase orders will be sent to vendors to ensure capability of receiving the customer's orders. Similarly, catalog files will be sent from the vendor to DSCP to test catalog transmission. Verbal notification is given to indicate successful sends and receives.

Section 3.0 Production Procedures**3.1 Outgoing Transmission Schedule**

Currently, DSCP customers will only be transmitting outbound 850 purchase orders. Vendors will respond to 850 purchase orders with a 997 functional acknowledgment. Vendors will also send 832 Catalog transaction sets to DSCP. Additional transaction sets may be implemented at a future date. At that time the DSCP EDI coordinator will notify the customer and vendor with the appropriate information. DSCP customers and vendors have access to the network at any time. There is a scheduled batch process at DSCP which begins at 6:00 p.m. EST/EDT each day. Transactions received in Philadelphia, PA after that time will not be processed until the next day. Network overhead should be taken into account; allow 15 to 60 minutes depending on network traffic.

3.2 Verification of Transmission

DSCP customers expect the vendor to send a Functional Acknowledgment upon receiving an order transmission. Most systems can be programmed to send these automatically.

3.3 Problem Recovery During Production

During test mode, transmission problems are generally not recovered. After moving into production mode, delays, omissions, duplicates or any other type of error have to be addressed promptly. In the unlikely event that a delay lasts three days or longer, the DSCP customer will contact the vendor concerning the need to transmit hardcopy orders.

If the Interchange Control Number (ISA13 element) is received more than once, the vendor should not process the duplicate transmission. Although the DSCP standard software has the constraints to prevent sending out duplicate purchase orders, the vendor may still need to consider making a software check for purchase order numbers that may be inadvertently sent more than once.

PRIME VENDOR LATIN AMERICA

It is DSCP's intent to successfully deliver data to the network for each vendor on each scheduled day. If the customer is unable to accomplish this by the agreed upon time, the customer will attempt to complete the delivery by no later than the next scheduled transmission. If the customer is reasonably confident of resolving the problem within that 24 hour period, there is no need to contact the receiving party.

If communications with the network fail due to a problem which is not corrected by the next scheduled transmission, the party experiencing the problem should evaluate the situation as soon as possible and discuss it with the other party. If a hardware or software problem appears to be of a magnitude to extend for more than three scheduled transmissions, an alternative means of communication may need to be chosen. Such situations will have to be evaluated on an individual basis to determine the proper corrective action. If it is necessary to start conventional communications again, both parties should reestablish EDI as soon as possible for all subsequent messages.

The DSCP STORES Help Desk or DSCP Account Manager should be promptly contacted with operational concerns related to purchase order transactions.

PRIME VENDOR LATIN AMERICA

Section 4.0 EDI Transaction Sets**4.1 832 Catalog (Vendor to DSCP)**

The 832 Catalog uses the standard EDI transaction set for the 832 Price/Sales Catalog. All food ordering sites will receive the 832 Catalog weekly. DSCP prepares and sends the catalog update information on Sunday night. DSCP customers will retrieve the new catalog on the following Monday morning. This 832 transaction set is referred to as the 832 Catalog (DSCP to Customers).

Once the vendor processes catalog updates, the vendor produces the cross reference details. This information is sent to DSCP via the 832 transaction set. This transaction set is referred to as the 832 Catalog (Vendor to DSCP) and is described below.

4.2 850 Purchase Order (Customer to Vendor)

All food ordering sites will use the 850 Purchase Order. Once the order is approved and released from the STORES system, the user will send the 850 to the vendor. Orders may be sent any number of times during the day. Once an order is received by the vendor, the vendor will send the 997 Functional Acknowledgment back to the customer. This will confirm that the order was successfully received by the vendor.

4.3 861 Receipt

The 861 Receipt uses the standard EDI transaction set for the 861 Receipt Advice. At each food ordering location, once the goods have been received, the user records the quantity received, approves and releases the receipts to DSCP. This information is formatted in the 861 transaction set. Each 850 Purchase Order will have a matching 861 Receipt. All 861 Receipts will be sent from the customer to DSCP to be forwarded to DSCP's DISMS system for vendor payment. In addition, the Prime Vendor may request to receive a copy of the 861 Receipt.

810 INVOICE VERSION 3050 FUNCTION GROUP=IN

This Draft Standard for Trial Use contains the format and establishes the data contents of the Invoice Transaction Set (810) for use within the context of an Electronic Data Interchange (EDI) environment. The transaction set can be used to provide for customary and established business and industry practice relative to the billing for goods and services provided.

Prime Vendor(s) NOTE: Certain data segments will require data transmitted as it appears on the Purchase Order. Reference page 1A.

810 INVOICE VERSION 3050 FUNCTION GROUP=IN

The following information applies to PRIME VENDORS only!!

Baseline Item Data (IT1):

PRIME VENDOR LATIN AMERICA

1. Contract Line Item Number (CLIN): The very "FIRST CLIN" as it appears on the Purchase Order, "MUST" be transmitted in the IT101. Data is required in all IT1 segments.

a. If the "FIRST CLIN" was "NOT" delivered, the CLIN must still be transmitted in the IT101; and ZERO fill the quantity and price field(s).

b. This is Optional. If additional CLIN(s) on the same Purchase Order have not been delivered, data "MAY" be transmitted, but is not required.

2. Contract lines CLIN(s) must be transmitted in line sequence as shown on each Purchase Order.

3. Separate Transaction Headers (ST segments) are required for each Purchase Order invoiced.

4. Any "new" CLINS/line items, (substitutions & adds) must appear as the last line on the invoice. Adds "MUST" start with CLIN number 9999AA, 9999AB. As Call date's change, 9999AA maybe recycled. SEE EXAMPLES...

a) SP030098D1234 063A = CLIN # 9999AA
 063A = CLIN # 9999AB
 063A = CLIN # 9999AC

b) SP030098D1234 064T = CLIN # 9999AA
 064T = CLIN # 9999AB
 064T = CLIN # 9999AC

Revised as of July 30, 1998.

**STANDARD OPERATING PROCEDURE FOR PRIME VENDOR SYSTEMS
MANAGEMENT VISITS TO PRIME VENDOR DISTRIBUTORS****I. INTRODUCTION:**

A Prime Vendor Systems Management Visit (PVSMV) is a review of a contractor's management methods used to effectively meet the terms of the contract.

II. PURPOSE AND SCOPE:

This document prescribes the general guidelines and procedures for conducting Prime Vendor Systems Management Visits to Prime Vendor Distributors assigned to DSCP-HF Prime Vendor Regions, Directorate of Subsistence for contract administration. This document applies to the personnel of DSCP-HF and any other individual performing a PVSMV on behalf of DSCP-HF

III. REFERENCE:

American National Standard ANSI/ASQC Q92, Quality Systems - Model for Quality Assurance in Production and Installation

IV. BACKGROUND:

A. PVSMVs is comprehensive reviews of contractor methods and procedures used for contract performance. The key elements for effective Prime Vendor Systems Management are organizational structure, contract review, purchasing, production, inspection, and servicing.

B. Reviews will focus on (as appropriate within the terms of the contract):

1). Organizational Structure:

a. Management Responsibility for implementing an organizational structures capable too effectively perform the contract.

b. Control of documents: such as those used for purchasing, stock control, stock selection, inspection, sanitation, etc. are current and changes or modifications are controlled.

c. Training needs are identified and training is given to employees.

2). Contract Review:

Contract review procedures established to assure requirements and conditions stipulated by the government can be met.

PRIME VENDOR LATIN AMERICA

3.) Purchasing:

Purchasing procedures to assure they include assessment of suppliers, include adequate purchasing data to obtain DOD prescribed items, and should include verification of purchased products.

4.) Production:

- a. Product identification and traceability, especially in respect to DOD shelf life requirements, date of pack limitations, DOD approved sources, and product recalls.
- b. Assurance those nonconforming product and customer complaints are identified and corrective actions taken.
- c. Handling, Storage, Packaging, and Delivery. The contractor should have some established methods to control stored products, product selection, loading configuration, etc.

5.) Inspection:

- a. Process controls: Work instructions, especially where absence of instructions would adversely affect quality are developed and communicated.
- b. Inspection and Testing procedures.
- c. Internal Auditing of established work procedures, methods, instructions, etc. to assure they are followed and are valid.

6.) Servicing: Procedures for customer servicing to include; Not-In-Stock notification, product substitution authorization, complaints resolution, ordering system assistance, customer satisfaction evaluation, etc. are developed and communicated.

V. POLICY

- A. PVSMV schedules will be approved by the Prime Vendor Regional Manager.
- B. Scheduling visits with the contractor will be made by the Account Representative / Buyer for the contract.
- C. PVSMVs is to determine that the contractor management methods designated for the contract are sufficient to meet the terms of the contract. Visits will not include overzealous reviews or recommendations to change contractor methods, policies, or procedures when those procedures are working satisfactorily.
- D. Findings will be documented and reported as stipulated in this Standard Operating Procedure.
- E. A Team leader for the visit will be selected when more than one individual are involved. The Team leader will hold a government pre-meeting with the individuals assigned to establish areas of responsibility, goals, and objectives for the visit.
- F. Unless specifically referenced in the contract, contractor methods and procedures are not required to be documented.

VI. PERSONNEL PERFORMING PVSMVs

- A. Personnel performing Prime Vendor Systems Management Visits should have an in-depth working knowledge of the contractor's responsibilities under the contract, and current problems being encountered in administration of the contract.

It is preferable to use a teaming approach to include individuals in the Procurement; Supply, Technical, and Quality Assurance disciplines assigned to the administration of the contract participate in the reviews.

Teaming will make the reviews more comprehensive and professional because of individual expertise in certain performance aspects.

PRIME VENDOR LATIN AMERICA

B. Because of the complexity of the contractual relationships and customer service issues involved in Prime Vendor contracts, PVSMVs should not be performed by third party personnel representing DSCP-HF Prime Vendor Regions unless there is no other alternative. If a third party individual or activity is requested to perform a PVSMV, care should be taken to assure all aspects of the contractual requirements, status of problems, agreements or remedies are fully understood before designating the review. It may be necessary to limit the areas to be reviewed if a third party individual or activity is requested to perform a PVSMV. However use of subject matter experts is encouraged. For instance USDA-USDC Graders / Inspectors, or Veterinary Food Inspectors may be request to perform product exams of selected products to verify the products conform to the product technical descriptions.

VII. PROCEDURES FOR PERFORMING PVSMVs

A. SCHEDULING

- 1.) Prime Vendor Systems management Visits will be scheduled semiannually, or more frequently if needed.

B. PREPARATION

- 1.) Individuals performing PVSMVs shall review the current contract requirements and review with the Account Representative Buyer, Supply, Quality Assurance, and Technical personnel, those areas requiring special attention. Planning for use of subject matter experts should done in advance to schedule their presence on-site or for other uses of their services. Individuals performing the PVSMV will review the contractor's proposal to familiarize themselves with the negotiated terms.
- 2.) Visits will be announced. The Account Representative / Buyer will schedule the visit on mutually agreed dates of the DSCP representatives and the contractor to assure the visit is productive and necessary contractor personnel are available during the visit.
- 3.) Review of problem or special interest areas will be made with the personnel assigned to administer the contract before departing to conduct the visit.
- 4.) Necessary references, exhibits, or other material will be gathered before departing.

VIII. CONDUCTING THE VISIT

A. The individual or team will brief the contractor's management on the purpose of the visit before starting the review. If possible a current organizational chart and contractor program manuals may be obtained from management. It should be noted that the contractor is not required by contract to possess a "program manual" or procedures documents. However, if they were available they would be useful when conducting the visit.

B. It is recommended that the review be started by having the contractor's representative walk the team through the facility so the review team can ascertain where functional responsibility is assigned.

C. The Prime Vendor PVSMV check lists are to be used to assure consistent review during visits. However, the checklists are not within themselves more then a tool for the visitors to assure necessary areas have been reviewed. The depth of the review of any area will be predicated upon the findings of the visit. If key indicators for the performance characteristic or function are satisfactory, usually that area will not require an extensive review.

D. The review factors for a PVSMV, the definitions of the base line for compliance, and the key factor(s) relating to those base lines are as follows:

FACTOR 1. Organizational Structure:

- a. Management responsibility for implementing an organizational structure capable too effectively perform against the contract.

PRIME VENDOR LATIN AMERICA

Definition: The contractor's policy for supplying a product or service is implemented by assigning organizational responsibility and authority to all personnel who manage, perform, and verify work affecting the contract.

Key factors: the organizational structure assigns responsibility and authority for contract review, purchasing, production, and inspection.

b. Control of documents:

Definition: Documents when used for purchasing, stock control, stock selection, inspection, sanitation, etc. are current and changes or modifications are controlled.

Key factor: Procedure and policy documents "when used" in contract review, purchasing, production, and inspection are controlled.

c. Training needs are identified and training is given to employees.

Definition: Methods or procedures exist for identifying and providing necessary training.

Key factor: Employees demonstrate through their work activity knowledge of their job responsibilities.

FACTOR 2. Contract review procedures established to assure requirements and conditions stipulated by the government can be met.

Definition: The contractor has an individual or activity assigned to review DSCP contracts and modifications to assure work solicited can be performed.

Key factor: An individual or organization is assigned contract review

FACTOR 3. Purchasing:

Purchasing procedures to assure they include assessment of suppliers, include adequate purchasing data to obtain DoD prescribed items, meet DoD shelf life requirements and date of pack limitations, domestic source products etc., and should include verification of purchased products.

Definition: Review of purchasing instruments and procedures verifies DOD prescribed items and requirements are being met.

Key factor: Items as prescribed in the solicitation / contract is being purchased for DOD deliveries.

FACTOR 4. Production:

a. Product identification and traceability, especially in respect to DOD shelf life requirements, date of pack limitations, DOD approved sources, and product recalls.

Definition: Methods or procedures used account for DOD specific requirements.

Key factor: identification and traceability of items allows selection of products meeting DOD requirements.

b. Assurance that nonconforming product and customer complaints are identified and corrective actions taken and recalls can be effected.

Definition: methods or procedures exist for nonconforming product, customer complaints and their resolution and recalls.

Key factor: the organizational structure assigns responsibility and authority for nonconforming supplies

c. Handling, Storage, Packaging, and Delivery.

Definition: The contractor should have established methods to control stored products, product selection, loading configuration, etc.

Key factor: Selection and delivery of products are made properly and delivered in the correct quantity and condition?

5.) Inspection:

a. Process controls:

Definition: work instructions, especially where absence of instructions would adversely affect quality are developed.

Key factor: Work instructions for special procedures are communicated.

PRIME VENDOR LATIN AMERICA

b. Inspection and Testing procedures.

Definition: Procedures for condition of receipts, verification of purchased products, sanitation, stock rotation, etc. are communicated.

Key factor: Inspections and tests are completed for products, processes, or functions affecting quality of product or service.

c. Internal Auditing of established work procedures, methods, instructions, etc. to assure they are followed and are valid.

Definition: Documented procedures are reviewed for their adequacy and personnel's compliance to them.

Key factor: "When" an audit program is established it is being accomplished. NOTE: An internal auditing program is not required by the contract.

RECORDING FINDINGS:

The PVSMV checklist will be completed for each review. Notes documenting status of factors or elements on the checklist may be recorded on the checklist. The checklist provided in this SOP is only an example. Check list should be developed for each contract.

Findings requiring action by the contractor to modify methods or procedures to bring performance into contract compliance will be documented on a DD Form 1715 and a copy provided to the contractor during the visit, as soon as the discrepancy is noted. Or documented as determined by the team leader or Regional manager.

The DD Form 1715 will be completed and signed by the Team leader or individual conducting the PVSMV. The specific contract reference shall be stated for the noncompliance, with a short summary of the finding and a statement of action required. (See example)

Other suggestions for improvement of processes or procedures affecting support to DOD under the contract may be discussed with the contractor's representatives, and documented on the PVSMV checklist. It is important to advise the contractor that these types of observations are only suggestions for improvement, and are not procedures requiring modification for contract compliance.

IX. REPORTING:

A. The individual or team will out-brief with the Respective Prime Vendor Regional Manager, the Account Representative, Buyer, and Contracting Officer for the particular contract involved.

B. The completed PVSMV checklist and Quality Deficiency Reports DD Forms 1715 shall be provided to the Accounts Representative for the contract file and documentation of deficiencies noted.

___ ___ ___

1.b.2. Is there a method or vehicle to identify the current revision of documents?

___ ___ ___

1.b.3. Are obsolete documents accounted for and removed from use?

___ ___ ___

* 1.c. Do employees demonstrate through their work activities knowledge of their job responsibilities?

review elements

___ ___ ___

1.c.1. Does the company have a procedure/ program for training and qualification of personnel?

Yes No N/A

___ ___ ___

1.c.2. Are qualification requirements for special processes, inspections, or tests clearly identified?

PRIME VENDOR LATIN AMERICA

___ ___ ___

1.c.3. Are training and qualification records maintained for all personnel?

FACTOR 2 CONTRACT REVIEW

Yes No N/A

___ ___ ___

* 2. Is an individual or organization assigned contract review responsibility?

review elements

___ ___ ___

2.a. Are there procedures for review of all government contracts, proposals, and modifications?

___ ___ ___

2.b. Are contract, proposal, and modification reviews documented?

FACTOR 3 PURCHASING

Yes No N/A

___ ___ ___

* 3. Are items as prescribed in the solicitation / contract are being purchased for DOD deliveries. How?

___ ___ ___

3.a. Is there evidence of review of purchase orders to insure inclusion of all requirements? Describe:

Yes No N/A

___ ___ ___

3.b. Are there procedures to ensure suppliers ability to meet contractual requirements?

PRIME VENDOR LATIN AMERICA

—	—	—	3.c. Are their procedures to assure that products designated for DOD inventory is DOD Sanitary Approved Sources?
---	---	---	--

FACTOR 4 PRODUCTION

<u>Yes</u>	<u>No</u>	<u>N/A</u>
------------	-----------	------------

—	—	—	* 4.a. Is there identification and traceability of items which allows selection of products meeting DOD requirements?
---	---	---	---

—	—	—	* 4.b. Is responsibility for nonconforming supplies, customer complaints, recalls assigned?
---	---	---	---

—	—	—	review elements 4.b.1. Does the company have an effective system for controlling nonconforming products, including identification, segregation, and disposition? Describe?
---	---	---	---

—	—	—	4.b.2. Is nonconforming product controlled to preclude intermingling with conforming product? How?
---	---	---	--

—	—	—	4.b.3. Is there a system of corrective action, correcting assignable conditions?
---	---	---	--

<u>Yes</u>	<u>No</u>	<u>N/A</u>
------------	-----------	------------

—	—	—	* 4.c. Are selection and delivery of products made properly and delivered in the correct quantity and condition?
---	---	---	--

—	—	—	4.c.1. Are their procedures for handling, storage, packaging, selection, and delivery of product? Describe:
---	---	---	---

PRIME VENDOR LATIN AMERICA

—	—	—		4.c.2. Are there periodic inspections of stored products to assure no damage occurs, products meet shelf life requirements, and stock is properly rotated? Describe:
---	---	---	--	--

—	—	—		4.c.3. Are their procedures to assure packaging, packing, marking, and unitization requirements are met (especially Navy afloat).
---	---	---	--	---

FACTOR 5 INSPECTION

<u>Yes</u>	<u>No</u>	<u>N/A</u>		
------------	-----------	------------	--	--

---	---	---	---	---

—	—	—	*	5.b. Are inspections and tests completed for products, processes, or functions affecting quality of product or service
---	---	---	---	--

—	—	—		review elements 5.b.1. Are receiving inspections completed to determine condition and status of purchased supplies.
---	---	---	--	--

<u>Yes</u>	<u>No</u>	<u>N/A</u>		
------------	-----------	------------	--	--

—	—	—		5.b.2. Are in-process inspection and testing points determined and necessary inspection or tests completed?
---	---	---	--	---

—	—	—		5.b.3. Are there final inspections of products staged for deliveries? Describe:
---	---	---	--	---

—	—	—		5.c. Does the company perform internal audits of it procedures?
---	---	---	--	---

PRIME VENDOR LATIN AMERICA

FACTOR 6 SERVICING

Yes No N/A

___ ___ ___

6.a. Does company have procedures for Not-In-Stock and product substitution authorization?

___ ___ ___

6.b. Does company have procedures and methods for ordering system assistance and maintenance?

___ ___ ___

6.c. Are records of customer complaints and resolution maintained.

___ ___ ___

6.d. Is customer satisfaction monitored and evaluated?

- denotes a key factor

PRIME VENDOR LATIN AMERICA

Prime Vendor System Management Visit

Govt. Pre - Meeting

(The team leader will hold a govt. pre meeting to establish areas of responsibility , purpose and scope for the visit)

Contractor : _____ Scheduled Date : _____

Hotel Reservations _____

Transportation : _____

Purpose:(What is to be achieved. Do the users of the PVSMV wish to determine compliance with contract requirements and or the effectiveness of existing control methods. This is critically important to the success of the PVSMV)

Scope : (Performance to contract requirements by the vendor)
(Broad Brush, Total System, Part of the System)

Resources

Responsibility:

Area	Professional
Contracting	_____
Technical	_____
Quality	_____
Supply	_____
Management	_____

Notes :

Prime Vendor System Management Visit
Govt. Pre - Meeting

Performance Standard : (contract) _____

Authority for PVSMV : (ref.) _____

1. Determine exactly what will be covered in the above Responsibility Areas to ensure there is no overlap or omissions in the sub areas.

2. Determine if a checklist or other procedure will be used for the review :

3. Determine the interaction between members for the area assigned.
(The point being if a area is assigned to a professional then the professional will take the lead for that area during the review with the firm. Team interaction should be directed to the professional - not the firm)

4. Determine if the entrance brief will be conducted by the team leader or the team.
(Normally the team leader would conduct the entrance brief and introductions with the team present)

5. Determine if the exit brief will be conducted by the team leader or the team for the area of responsibility. _____

PRIME VENDOR LATIN AMERICA

Prime Vendor System Management Visit
Govt. Pre - Meeting

6. Discuss the protocol to be used for the documentation of Findings and Observations.

Findings requiring action by the contractor to modify methods or procedures to bring performance into contract compliance will be documented on a DD Form 1715, and a copy provided the contractor during the visit. The DD Form 1715 will be completed and signed by the Team Leader and or the individual conducting the PVSMV. The DD Form 1715 will cite the specific contract reference for the noncompliance - a short summary of the finding and a statement of action required.

Observations Other suggestions for improvement of processes or procedures affecting support to DOD under the contract may be discussed with the contractor, and documented on the PVSMV checklist. It is important to advise the contractor that these types of observations are only suggestions for improvement, and are not procedures requiring modification for contract compliance.

7. Determine if the team will require any Administrative support from the Distributor.

Office Space; _____
Phone Access ; _____

Other ; _____

8. Determine the review schedule:

9. Notification to the Distributor of the intent to visit and schedule :

(Scheduling visits with the contractor will be made by the Account Representative or Buyer for the contract)

10. Follow up actions as a result of the Pre Meeting:

(Action)	(Due Date)	(Action Officer)

Notes: _____

PRIME VENDOR LATIN AMERICA

Prime Vendor System Management Visit
Entrance Briefing
