This contract contains a guaranteed minimum of twenty-five percent (25%) of the award value of the estimated quantities per contract. The estimated dollar value of the base year of this contract is \$5 million with a guaranteed minimum of \$1.25 million.

The normal maximum ceiling will be two hundred percent (200%) of the award value of the estimated quantities per contract year which is \$10 million.

The Government reserves the right to unilaterally execute a higher alternate ceiling of three hundred percent (300%) of the total award value in the event of emergencies/contingencies.

In the event of a surge, the maximum ceiling would be the same as the normal maximum percentage, or, 200%.

For option years, the maximum will be the current year maximum, plus any increase in the Consumer Price Index for food for the prior year.

SECTION D - Packaging and Marking

All Packaging and packing shall be in accordance with good commercial practice. Labeling shall be in accordance with commercial labeling in compliance with the Federal Food, Drug, and Cosmetic Act and regulations promulgated thereunder. Shipping containers shall be in compliance with National Motor Freight Classification and Uniform Freight Classification.

SECTION E - Inspection and Acceptance

Inspection and acceptance of products will be performed at destination. Each ordering facility will be responsible for accepting and rejecting product as it is delivered. Delivery under this contract means delivery to the individual customer facility for the land based customers. For ship's customers, product needs to be inspected by the Veterinary Inspectors once it has been staged for delivery, due to the difficulty of inspecting at the dock. The inspection of the Vets will not, however, constitute acceptance or rejection of product, but will rather be information provided to the customer to aid them in making fast and accurate acceptance decisions. Ship's customers may refuse product at the dock and during loading if necessary. All food deliveries should be inspected for quality, count and condition, however, all food deliveries are subject to military veterinary inspection, and must be approved by the ordering activity's authorized personnel receiving the delivery before acceptance is deemed final. The final disposition rests with the authorized receiving official.

SECTION F - Deliveries or Performance

The transportation method will be DSCP's Office of Transportation Vendor Express (VENEX) system.

Point of contact for requesting vans is Joanne Gear at (215) 737-5516.
