The purpose of this modification is to establish an administrative cut-off point for dealing with invoice discrepancies in the form of payments tied-up on the WHEEL report. It has been negotiated between DSCP and the Vendor that for short-pays etc. appearing on the WHEEL report valued at \$50.00 and under, we will simply delete them without payment or research. For amounts between \$51-\$100, we will pay them without research. The goal is to save on the administrative expense of time-consuming research that would otherwise be necessary in order to process these payments without penalizing either the Vendor or the Government.

This is subject to review and will be changed if either party finds the practice to become injurious to them.
