Brief Summary of Pre-Proposal Conference – December 3, 2003

The following is a summary of the Pre-Proposal conference held, December 3, 2003 at the Defense Supply Center Philadelphia. In addition to general notes and questions asked during the conference, the following documents are attached for informational purposes:

- Attachment 1 – Copy of Briefing Charts
- Attachment 2 – List of Attendees

Conference Notes:

The conference was opened with greetings, introductions of DSCP personnel, and a description of the day's conference agenda by Janine Samoni, Contracting Officer.

Janine Samoni continued with an overview of the Request for Proposal including a review of the solicitation requirements and the acquisition timeline. She also discussed the Oral Presentations and how they will be conducted. They are conducted in a random order, with a written confirmation going out to vendors within seven (7) days of the closing. Oral Presentations will be held at DSCP. When submitting your proposal, make sure you let us know what days will not be acceptable for the presentation because, once it is scheduled, it cannot be changed. The contractors' technical proposal and the importance of making sure that every issue is addressed in the order that it is requested were also briefed.

Ms. Samoni emphasized to the contractors' that they put forth their "best, most complete proposal" which will hopefully lead to award without negotiations. She also stated changes to the "Market Basket," will be part of an Amendment being sent out the week of December 8, 2003. The inclusion of many NAPA items in the Market Baskets was pointed out as a reflection of what customers are ordering. When submitting information on the Business Proposal, prices must be submitted in accordance with the Government Unit of Issue, as well as the distribution fee. The Distribution Fee increases or decreases for each option year must be offered as a dollar amount; percentage changes are not allowable.

In the overview, Ms. Samoni specified that it is a requirement and the responsibility of the vendor to have correct stock numbers in their catalogs and that all data is correct on the 832 to avoid costly errors later on down the road. She also stated in her overview that it is a

requirement that catalog updates be submitted no later than 1:30 PM on Thursday (currently it is Friday).

Further information regarding Ms. Samoni's overview can be found in the Pre-Proposal Conference Booklets.

Tom Lydon, Chief of CONUS Prime Vendor, discussed the guidelines that contractors must adhere to in order to assure compliance with the Berry Amendment. In addition, Mr. Lydon also discussed Socio Economics, emphasizing to the contractors the importance of classifying their suppliers. He also discussed the goal to have all vendors involved electronically as we maintain a "paperless" environment. Lastly, it was emphasized by Mr. Lydon the importance of maintaining good customer relations and having a "good customer base." (An important part of this issue is "Force Protection.")

Lillian Gardner, Southeast Regional Manager, discussed Business Systems Modernization (BSM). Regarding a component of BSM, Ms. Gardner discussed the background of SAP and expounded on the importance of submitting a "clean invoice" and how all data must match or else there will be grave payment problems. Also explaining that if there is no Purchase Order number that the word "EMERGENCY" must be entered in the Purchase Order field and the word "EMERGENCY" must be spelled correctly. She went on to say that the SAP programming change, particularly paying and crediting the rest, would go into effect December 15, 2003. Ms. Gardner stated that SAP has improved, but is not a forgiving system, and has an 80% functionality. The Regional Manager ended with reiterating the importance of the accuracy of the vendor's catalog, accuracy of the vendors invoice, and the accuracy of all data to ensure that SAP will service the vendors, customers and DSCP. She also stated that as part of the vendor scorecard, the percentage of invoices that kick out due to pricing or other errors might be evaluated as a performance issue in the future.

Conference Questions:

Question: Will the closing date be extended? Most manufacturers close for the holidays and it's impossible to get invoices or quotes from them at that time of the year.

Answer: The closing date will most likely be extended a week.

Question: Some vendors are deducting NAPA allowances from their invoices. If we're not supposed to deduct NAPA allowances for

purposes of the Market Basket, there will be a discrepancy between the invoice and the delivered price in the offer.

Answer: If you obtain an invoice or quote from a manufacturer you know is deducting NAPA allowances, then you need to annotate that on the invoice and add the NAPA allowance back into the delivered price. It would also be beneficial if you could get something from the manufacturer in writing that the NAPA allowance has been deducted from the invoice.

Question: Can you take a look at the number of distribution fee categories? The categories, especially for beef and seafood, are restrictive and force the vendors to charge more for less expensive items.

Answer: I'll take a look at it, but the categories as established, group the more expensive cuts together, and the less expensive items, such as beef patties, ground beef and bulk together, and precooked items are separate.

Question: Can the product listing required to be submitted as part of the proposal be submitted on a disk rather than on paper?

Answer: Yes, a disk is acceptable, as long as the correct quantity is submitted.

The following questions were submitted prior to the conference:

Question: Page 27, Para XX. Central Contracts. Who are these suppliers? We are concerned that they may be Manufacturers we do not buy from now due to various reasons.

Answer: Soda and French Fries are items awarded by the Central Contracting Region. Customers order directly from "Coke" or "Pepsi", so it's not necessary to bring in those products, but vendors must order French Fries from our supplier if the customers use those products.

Question: Page 29 II c. Can stores handle substitution products packed differently than the original product?

Answer: Different size package would require new stock number because of PRF, Quantity, etc. Always check with customer first before substituting.

Question: How do we submit additional questions that arise during the proposal preparation process?

Answer: Call, e-mail, or FAX Janine Samoni, the Contracting Officer, or Diann Owens, the Purchasing Specialist.

Question: Will all prospective bidders be given a copy of current product usages by facility so we may accurately calculate the expected product mix?

Answer: This is Management data and may be considered proprietary information. The Contracting Officer inquired of the incumbent vendors if they were amenable to revealing the information and they declined. The other option for the vendor would be to submit a letter under the Freedom of Information Act (FOIA) and request this information.

Question: What effect will it have on DSCP's decision-making if a company only proposes one of the Zones?

Answer: None. Each evaluation is per zone.

Question: Can we personally visit each applicable customer location to view delivery accommodation (i.e., Loading Docks, if steps or stairs are involved, etc.)?

Answer: This decision is solely up to the customer. Because of security issues, the customers may not feel comfortable with this request. The Southeast Regional Manager stated she would research the possibility of perhaps a "sample" site visit.

Question: Define Emergency orders.

Answer: See page 49 of subject solicitation. Also, page 136, E. 4, asks the offeror to define what they consider to be an emergency order.

Question: While it is impossible to predict or gauge duration or timing for Surge/Mobilization, is there some percentage increase over normal delivery volume that DSCP would expect?

Answer: It varies; there is no set number.

Question: What kind of security pass (i.e. sign in, I.D. Badge, etc.) will the Drivers need?

Answer: This is different for each customer. Specific information will be provided after award, but security measures are in place. The example was given that several DSCP employees had to cancel a trip to a military base because 45 days advance notice was not given. Also see, " Force Protection."

Question: If an Award is made for each Zone, will DSCP consider it to be an advantage for one Prime Vendor to serve both Zones?

Answer: We choose what we feel is the "best fit" for the customer.

Question: Page 45. Zone 2, Georgia. There are locations listed in general, but no specific addresses. Also, no existing or suggested delivery times. Will this be provided?

Answer: Yes, we are gathering information now on delivery times. This information will be included in Amendment 0001.

Question: Page 133, Paragraph 2 A. The current catalog item list is missing. Will this be supplied?

Answer: Yes, in Amendment 0001. An attempt was made to upload the information to the "Gateway", but it was not successful.

Question: Page 159, Paragraph IV. If an alternate product is available, how do we present this to DSCP? Two separate spreadsheets?

Answer: Only give us one price per item. This item must be an exact match for NAPA items, where the item description and SKU match what are in the solicitation. The remainder is up to the offeror to choose what supplier to use.

Question: Page 165, item 53. Is there a Hi Yield coffee in Tray pack form available in a can?

Answer: Item is for a 3 LB. can. Description will be changed and included in Amendment 0001.

Question: Page 170, paragraph IV. Define, "no indirect or service costs to be considered."

Answer: Examples are Janitorial services or paper supplies; anything not directly related to the items being supplied.

Question: What is the relevance of the non-numbered attachments to the RFP (i.e., page 89 (2)) comment on FAR 52.219-5?

Answer: Clauses apply only if they are checked.

Question: Are illustrative copies of all management reports available to prospective vendors from the existing Prime Vendor?

Answer: Again, this is Management data and may be considered proprietary information. The Contracting Officer inquired of the incumbent vendors if they were amenable to revealing this information and they declined. The other option for the vendor would be Freedom of Information Act (FOIA) or Amendment.

The Elusive PRF

- PRF = Purchase Ratio Factor
- How you sell it versus how we buy it
- If UOM = UOI, then PRF is 1:1
 - e.g. catch weight meats sold by the pound and bought by the pound
- If UOM = CS and UOI=LB, the PRF is the ratio of the number of pounds in the case to 1
 - e.g. you sell a 10 lb. case, we buy by the lb., PRF = 10:1

to the affected customers, as well as to maintain the required service to these customers.

VII. EFFECTIVE PERIOD OF CONTRACT – INDEFINITE QUANTITY CONTRACT

The effective period for the base year of the contract is from the placement of the first order, estimated to occur in April 2004, excluding test orders, through one year thereafter.

VIII. NON-COMPETE PROVISION

The offeror warrants that it will not actively promote, encourage, or market any of the customers on this acquisition away from a resultant DSCP contract and onto a contract of any other Government agency or commercial entity. This prohibition applies both on a pre-award and post-award basis. The Contracting Officer reserves the right to resolicit the contract and may not exercise the option to extend the term of the contract if he/she discovers that the successful Prime Vendor has violated this provision. Customers that have been approached by a vendor regarding ordering off of a separate contract should immediately contact the Contracting Officer.

IX. FRESH FRUIT and VEGETABLES

Customers supported under this contract are expected to order their Fresh Fruits and Vegetables from the Defense Subsistence Office (DSO) under a separate award.

X. MUSIC

MUSIC stands for "Military Unique Subsistence Item Coordination." The Navy has designated the items listed below as "military unique." These items are required for Naval Ships Afloat but are not limited to just the Navy as other customers may order these items. DSCP has contracted with Advocacy and Resources Corporation to maintain a supply of these items to be provided to the Prime Vendors. The MUSIC contract provides for shipment of products ordered by the Prime Vendor no sooner than 5, but not later than 7, working days after receipt of order. It is mandatory that you obtain the four (4) MUSIC items listed below from:

items. In addition, in an effort to enhance the commercial aspects of the Prime Vendor Program, some items contained in this solicitation's Market Basket are Brand name items. These are items that the customers have expressed a preference for and have been added to the catalog at the customers' request.

B. Offerors are required to submit pricing and technical descriptions for the specific brand name item listed in the item description, if applicable. The information submitted must be for the exact item and SKU number listed in the Market Basket of items.

XIII. DEFENSE APPROPRIATIONS ACT

A. All items supplied under this contract and awarded as a result of this solicitation must comply with the Berry Amendment (10 U.S.C. Section 2533a) and the provisions of Clause 252.225-7012. These references require that all items supplied under the contract be produced in the United States.

B. Vendors are reminded that the annual Defense Appropriations Act requires that all food products be supplied to the military, which are paid for by appropriated funds, must be 100% produced in the United States or its possessions. This would not apply for commissary resale items or for the acquisition of those specific items listed as follows:

<i>Bananas</i>	<i>Beef extract</i>	<i>Beef, corned, canned</i>
<i>Capers</i>	<i>Cashew Nuts</i>	<i>Brazil nuts, unroasted</i>
<i>Castor beans and oil</i>	<i>Chestnuts</i>	<i>Cocoa beans</i>
<i>Chicle</i>	<i>Tea in bulk</i>	<i>Thyme Oil</i>
<i>Coffee, raw or green bean</i>		
<i>Olive Oil</i>		<i>Oranges, mandarin, canned</i>
<i>Spices and herbs, in bulk</i>		<i>Sugars, raw</i>
<i>Tapioca, flour and cassava</i>		
<i>Vanilla beans</i>		
<i>Olives (green), pitted or unpitted or stuffed, in bulk</i>		
<i>Coconut and coconut meat, unsweetened, in shredded, desiccated, or similarly prepared forms.</i>		

C. For additional information, please consult the DoD FAR Supplement at 225.70 "Appropriations Act Restrictions" and/or contact the Contracting Officer."

completing the delivery (or deliveries) and before the carrier leaves the installation, copies of the invoices may be required to be delivered to a central "Accounting/Troop Issue" activity on the installation.

D. Specific delivery point information is provided below. Some installations have more than one delivery point. Pertinent information has been included to explain specific customer delivery requirements, points of contact, and instructions.

E. Products for individual customers/dining facilities must be segregated. Many of the military bases have more than one delivery point. All products shall be segregated by drop-off point. The intent is to provide expeditious off-loading and delivery to the customer.

F. The offeror shall also ensure that the personnel loading and delivering the product provide prompt and efficient service to the customer.

IV. FILL RATE / SUBSTITUTIONS

A. Order fill rates shall be calculated on an on-time, per order basis and tracked for monthly submission to the Contracting Officer/Account Manager. The fill rate shall be calculated as follows and shall not include substitutions, mis-picks, damaged cases, etc. **No other method of calculating fill rate will be accepted.**

$$\frac{\text{Cases accepted}}{\text{Cases ordered}} \times 100 = \text{fill rate \%}$$

Definitions:

1. *Cases accepted* - product that the customer has received and receipted not including damaged cases, mis-picks, and product substitutions.

2. *Cases ordered* - product requested by a customer

B. The contractor will submit a monthly report by customer to the DSCP Contracting Officer with the following information:

1. Fill Rate with and without Substitution
2. List of all items that were Not in Stock, Returned, Damaged, Mis-picks, Substitutions, etc.

C. Substitutions must be of the same or higher quality and at the **same or lower price**. Payment of items will be based on the price in the vendor's electronic catalog. Therefore, firms that submit an invoice reflecting a higher price for substituted items will not be paid. If the price of

CLAUSES INCORPORATED BY FULL TEXT

52.212-2 EVALUATION--COMMERCIAL ITEMS (JAN 1999)

(a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors shall be used to evaluate offers and are listed in descending order of importance:

- I. Corporate Experience/Past Performance
- II. Distribution System/Capability
- III. Quality Assurance
- IV. Socioeconomic Considerations
- V. Javits-Wagner-O'Day (JWOD) Act Entity Support
- VI. DLA MBA Mentoring Program

Technical and past performance, when combined, are:

- Significantly more important than cost or price
 Approximately equal to cost or price
 Significantly less important than cost or price

(b) Options. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

(c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

warranty. Notwithstanding the time at which such breach is discovered, the right is reserved to give notice of breach of this warranty at any time within such applicable period or within 30 days after expiration of such period, and any such notice shall preserve the rights and remedies provided herein.

(c) Within a reasonable time after notice to the contractor of breach of this warranty, the government may, at its election:

(1) Retain all or part of the supplies and recover from the contractor, or deduct from the contract price, a sum determined to be equitable under the circumstances;

(2) Return or offer to return all or part of the supplies to the contractor in place and recover the contract price and transportation, handling, inspection and storage costs expended therefor; provided, that if the supplies are seized under either act, such seizure, at government option, shall be deemed a return of supplies within the meaning of this clause and thereby allow the government to pursue the remedy provided herein. Failure to agree to any deduction or recovery provided herein shall be a dispute of a question of fact within the meaning of the clause of this contract entitled "disputes".

(d) The rights and remedies provided by this clause shall not be exclusive and are in addition to other rights and remedies provided by law or under this contract, nor shall pursuit of a remedy herein or by law either jointly, severally or alternatively, whether simultaneously or at different times, constitute an election of remedies.

(End of clause)

252.226-7001 Utilization of Indian Organizations, Indian-Owned Economic Enterprises, and Native Hawaiian Small Business Concerns (OCT 2003)

(a) *Definitions.* As used in this clause--

"Indian" means any person who is a member of any Indian tribe, band, group, pueblo, or community that is recognized by the Federal Government as eligible for services from the Bureau of Indian Affairs (BIA) in accordance with 25 U.S.C. 1452(c) and any "Native" as defined in the Alaska Native Claims Settlement Act (43 U.S.C. 1601).

"Indian organization" means the governing body of any Indian tribe or entity established or recognized by the governing body of an Indian tribe for the purposes of 25 U.S.C. Chapter 17.

"Indian-owned economic enterprise" means any Indian-owned (as determined by the Secretary of the Interior) commercial, industrial, or business activity established or organized for the purpose of profit, provided that Indian ownership constitutes not less than 51 percent of the enterprise.

"Indian tribe" means any Indian tribe, band, group, pueblo, or community, including native villages and native groups (including corporations organized by Kenai, Juneau, Sitka, and Kodiak) as defined in the Alaska Native Claims Settlement Act, that is recognized by the Federal Government as eligible for services from BIA in accordance with 25 U.S.C. 1452(c).

"Interested party" means a contractor or an actual or prospective offeror whose direct economic interest would be affected by the award of a subcontract or by the failure to award a subcontract.

"Native Hawaiian small business concern" means an entity that is-

(1) A small business concern as defined in Section 3 of the Small Business Act (15 U.S.C. 632) and relevant implementing regulations; and

(2) Owned and controlled by a Native Hawaiian as defined in 25 U.S.C. 4221(9).

(b) The Contractor shall use its best efforts to give Indian organizations, Indian-owned economic enterprises, and Native Hawaiian small business concerns the maximum practicable opportunity to participate in the subcontracts it awards, to the fullest extent consistent with efficient performance of the contract.

(c) The Contracting Officer and the Contractor, acting in good faith, may rely on the representation of an Indian organization, Indian-owned economic enterprise, or Native Hawaiian small business concern as to its eligibility, unless an interested party challenges its status or the Contracting Officer has independent reason to question that status.

(d) In the event of a challenge to the representation of a subcontractor, the Contracting Officer will refer the matter to-

(1) For matters relating to Indian organizations or Indian-owned economic enterprises:

U.S. Department of the Interior
Bureau of Indian Affairs
Attn: Chief, Division of Contracting and
Grants Administration
1849 C Street NW, MS-2626-MIB
Washington, DC 20240-4000.

The BIA will determine the eligibility and will notify the Contracting Officer.

(2) For matters relating to Native Hawaiian small business concerns:

Department of Hawaiian Home Lands
PO Box 1879
Honolulu, HI 96805.

The Department of Hawaiian Home Lands will determine the eligibility and will notify the Contracting Officer.

(e) No incentive payment will be made-

(1) While a challenge is pending; or

(2) If a subcontractor is determined to be an ineligible participant.

(f)(1) The Contractor, on its own behalf or on behalf of a subcontractor at any tier, may request an incentive payment in accordance with this clause.

(2) The incentive amount that may be requested is 5 percent of the estimated cost, target cost, or fixed price included in the subcontract at the time of award to the Indian organization, Indian-owned economic enterprise, or Native Hawaiian small business concern.

(3) In the case of a subcontract for commercial items, the Contractor may receive an incentive payment only if the subcontracted items are produced or manufactured in whole or in part by an Indian organization, Indian-owned economic enterprise, or Native Hawaiian small business concern.

(4) The Contractor has the burden of proving the amount claimed and shall assert its request for an incentive payment prior to completion of contract performance.

(5) The Contracting Officer, subject to the terms and conditions of the contract and the availability of funds, will authorize an incentive payment of 5 percent of the estimated cost, target cost, or fixed price included in the subcontract awarded to the Indian organization, Indian-owned economic enterprise, or Native Hawaiian small business concern.

(6) If the Contractor requests and receives an incentive payment on behalf of a subcontractor, the Contractor is obligated to pay the subcontractor the incentive amount.

(g) The Contractor shall insert the substance of this clause, including this paragraph (g), in all subcontracts exceeding \$500,000 for which further subcontracting opportunities may exist.

Replace pages 150 and 151 with the following:

5. **Delivered Price (DEP)** - the price you actually paid for the item, as substantiated by manufacturer invoice.
6. **Distribution Price (DIP)** - your distribution price
7. **Unit Price** - Delivered Price + Distribution Price
8. **Total** - Estimated Quantity multiplied by Unit Price
9. **DIP/UP** - Distribution Price divided by the Unit Price
10. **DP AGG** - Quantity multiplied by the distribution price.

All prices submitted MUST NOT be more than two [2] places to the right of the decimal point. If in any column prices appear having more than two [2] decimal places, the government will automatically round your prices using standard rounding procedures.

H. When preparing the spreadsheet, totals must appear at the bottom of the "TOTAL" column (#7) and the "DP AGG" column (#9). Firms are strongly encouraged to use Microsoft Excel to prepare spreadsheets and submit a 3½" disk with the complete spreadsheet on it. Remember to include the offeror's name of the top of the spreadsheet.

I. Each firm must submit a hard copy of their spreadsheet, for the base year and each option year, as well as a copy of the spreadsheet(s) on a disk. (This means five spreadsheets or one spreadsheet with a sheet labeled for each option year plus the base term.)

J. Option year prices must be submitted in dollars and cents for each item for each option period.

K. For evaluation purposes of the market basket of items, distribution prices shall correspond to the unit of issue for each product, e.g. if the offered product is issued on a "per pound" basis, the distribution price shall be "per pound". For pricing analysis purposes, the Distribution Price may be listed to the extent of two (2) places to the right of the decimal point only.

L. The offeror must also submit option year prices, expressed as the delivered price plus the distribution fee. All components of the option year unit price must be rounded to two (2) places beyond the decimal point. If an offeror does not submit option year prices, the offeror's proposal may be rejected. Option year price increases or decreases are to be expressed in dollars and cents or a percentage increase or decrease from the base/previous option period. The firm may also elect to offer no change in the distribution prices over the life of the contract.

NOTE: PLEASE USE AN ANTI-VIRUS UTILITY TO ENSURE THAT YOUR DISK IS VIRUS FREE BEFORE SUBMITTING.

II. DISTRIBUTION PRICES

A. Firms shall offer a distribution price for each category of items as they are listed on pages 15-16 of this solicitation. The distribution price must be offered as a dollar amount. Distribution prices offered as a percentage of the delivered price are not acceptable. The distribution price shall represent the amount to be added to the actual invoice price paid to the manufacturer or supplier by the prime vendor for each food and beverage product.

B. Offerors must use the Government’s Category Listing contained in the section entitled “Supplies/Services and Prices” when submitting their Distribution Prices. However, offerors may contact the Contracting Officer PRIOR TO THE CLOSING DATE if an offeror feels that a specific category is missing from the list given.

C. For the Distribution Price Category Listing, prices are to be offered in the same manner in which you sell the product. For example, if you sell a product by the “case”, then the distribution price will be by the “case”. Whereas, if you sell the product by the “pound” or by the “each”, the distribution price would be listed accordingly. The distribution prices must be stated in a dollar amount not more than two places to the right of the UNIT OF ISSUE: CN
