CODE FACILITY CODE  
11. THIS ITEM ONLY APPLIES TO AMENDMENTS OF SOLICITATIONS

The above numbered solicitation is amended as set forth in Item 14. The hour and date specified for receipt of Offers  is extended.  is not extended.

Offer must acknowledge receipt of this amendment prior to the hour and date specified in the solicitation or as amended, by one of the following methods:

(a) By completing Items 8 and 15, and returning \_\_\_\_\_ copies of the amendment; (b) By acknowledging receipt of this amendment on each copy of the offer submitted; or (c) By separate letter or telegram which includes a reference to the solicitation and amendment numbers. FAILURE OF YOUR ACKNOWLEDGMENT TO BE RECEIVED AT THE PLACE DESIGNATED FOR THE RECEIPT OF OFFERS PRIOR TO THE HOUR AND DATE SPECIFIED MAY RESULT IN REJECTION OF YOUR OFFER. If by virtue of this amendment you desire to change an offer already submitted, such change may be made by telegram or letter, provided each telegram or letter makes reference to the solicitation and this amendment, and is received prior to the opening hour and date specified.

12 Accounting and Appropriation Data /If required/

13. THIS ITEM APPLIES ONLY TO MODIFICATIONS OF CONTRACTS/ORDERS.  
IT MODIFIES THE CONTRACT/ORDER NO. AS DESCRIBED IN ITEM 14.

A. THIS CHANGE ORDER IS ISSUED PURSUANT TO. /Specify authority/ THE CHANGES SET FORTH IN ITEM 14 ARE MADE IN THE CONTRACT ORDER NO. IN ITEM 10A

B. THE ABOVE NUMBERED CONTRACT/ORDER IS MODIFIED TO REFLECT THE ADMINISTRATIVE CHANGES (such as changes in paying office, appropriation date, etc.) SET FORTH IN ITEM 14, PURSUANT TO THE AUTHORITY OF FAR 43.103(b).

C. THIS SUPPLEMENTAL AGREEMENT IS ENTERED INTO PURSUANT TO AUTHORITY OF:

D. OTHER (Specify type of modification and authority)

E. IMPORTANT: Contractor  is not.  is required to sign this document and return  1 copies to the issuing office.

14 DESCRIPTION OF AMENDMENT/MODIFICATION (Organized by UCF section headings, including solicitation/contract subject matter where feasible.)

SUBSISTENCE PRIME VENDOR FOR ALABAMA/FLA. PANHANDLE AND GEORGIA ZONES MILITARY AND FEDERAL CUSTOMERS

THE ABOVE CITED SOLICITATION IS HEREBY AMENDED AS FOLLOWS:

(SEE ATTACHED)

Except as provided herein, all terms and conditions of the document referenced in Item 9A or 10A, as heretofore changed, remains unchanged and in full force and effect.

## ATTACHMENTS

The following is a summary of the Pre-Proposal conferences held on Aug 04, 1998 at the Defense Supply Center Philadelphia. In addition to general notes and questions asked, the following documents are attached for informational purposes:

Attachment 1 - Copy of Briefing Charts

Attachment 2 - List of attendees

Attachment 3 - Copy of general Mailing List

Attachment 4 - Copy of current catalog for Alabama/Fla.

Panhandle and Georgia customers

Attachment 5 - Sample spreadsheet

Attachment 6 - Standard Operating Procedure - Prime Vendor System Management Visits

#### Conference Notes:

The conference was opened with basic greetings and introductions. Mr. Tom Lydon, Program Manager, and Source Selection Authority for this acquisition, opened with excerpts from video tapes from the DOD Food Inventory Demonstration Project signing ceremony at Parris Island, and general comment from Drs. Paul G. Kaminski, Undersecretary of Defense for Acquisition and Technology and The Honorable Jacques S. Gansler, Undersecretary of Defense for Acquisition and Technology. Mr. Lydon also informed potential offerors of the new command at DSCP as of July 31. He commented on the concept of DLA HQ. and DSCP working together to form partnerships with the industry and how in every acquisition the inherent implication for vendors should be the "Go to War Mission". Surge and Mobilization requirements were emphasized. Mr. Lydon continued his introduction emphasizing that this conference would highlight new areas in the solicitation and was not a replacement for thoroughly reading the request for proposal.

Conference Notes:

The conference was opened with basic greetings and introductions. Mr. Tom Lydon, Program Manager, and Source Selection Authority for this acquisition, opened with excerpts from video tapes from the DOD Food Inventory Demonstration Project signing ceremony at Parris Island, and general comment from Drs. Paul G. Kaminski, Undersecretary of Defense for Acquisition and Technology and The Honorable Jacques S. Gansler, Undersecretary of Defense for Acquisition and Technology. Mr. Lydon also informed potential offerors of the new command at DSCP as of July 31. He commented on the concept of DLA HQ. and DSCP working together to form partnerships with the industry and how in every acquisition the inherent implication for vendors should be the "Go to War Mission". Surge and Mobilization requirements were emphasized. Mr. Lydon continued his introduction emphasizing that this conference would highlight new areas in the solicitation and was not a replacement for thoroughly reading the request for proposal.

Replace pages 184-185 with the following.

## 2. BUSINESS PROPOSAL EVALUATION

The following evaluation criteria are listed in descending order of importance. It should be noted that the Government will place more emphasis on Aggregate Pricing.

### A. Aggregate Pricing

1. The Government will evaluate the offeror's proposed pricing on the items selected from the list referenced in the "Schedule of Items", page 151, listed in this solicitation. The estimated quantities shall be multiplied by the unit prices to determine the lowest overall cost to the Government. These figures will then be totaled to arrive at an estimated aggregate value. Pricing will be evaluated for all option years in the same manner. All five (5) totals will be added together to determine the lowest overall cost to the Government.
  
2. If an alternate offer is made, the government will analyze the offer based on the calculated risk to the government. The alternate offer will be evaluated based on the guidelines of a predetermined set of risk criteria factors. The criterion represents the government's added risk for an increased guaranteed minimum in comparison to the potential savings realized due to reduced distribution costs. After a risk factor determination, the government will perform a price analysis on the distribution fees based on the criteria set above in paragraph A.1. The Government would expect that as the guaranteed minimum is increased, the distribution fees would be reduced appropriately. The Government reserves the right not to accept any alternate offer that does not reflect a reduction in distribution fees that meets its expectations.

### B. Distribution Prices

1. The Government will evaluate each offeror's distribution prices by determining an aggregate dollar value. This will be determined by multiplying the distribution prices by the estimated yearly requirements for the items listed in the solicitation. The aggregate dollar value will then be evaluated for reasonableness and overall low cost to the  
(Con't)

in the Alabama/Fla. Panhandler requirements in the option years due to foreclosure of Fort McClellan in 1999.

Tom continued with a overview of the Berry Amendment. It was reiterated that all products under this contract, unless a documented exception, would fall under the constraints of the Berry Amendment. Tom pointed out how supplier's sourcing must include this contractual agreement. To comply with the Berry Amendment, products must be grown and produced in the U.S or its possessions, unless exempted. Pages 34-35 of the solicitation outlines this requirement. Compliance to the Berry Amendment is a post award function that is reviewed via warehouse visits routinely. The DSCP National Allowance Program Agreement (NAPA) was reviewed. It was reviewed how DSCP works with the manufacturers to obtain additional allowances based on our national buying. Offerors were reminded that Products supplied under this resultant contract are restricted to those that are from a Sanitarily Approved source. It was highlighted that a VETCOM web site was annotated on page 41 of the solicitation. It was recommended that the offerors view that site for general information. Also DSCP has a web site: <http://www.dscp.dla.mil>, it was also suggested that offerors view this site for additional information. All offerors were told that Electronic Funds Transmission (EFT) would become mandatory beginning January 1999. It was suggested that offerors review their bank's policy and charges regarding EFT. Tom stressed the importance of Socioeconomic. He further explained the need for offerors to correlate their sub-contracting plan with their proposal to ensure realistic socioeconomic participation. Genevieve Venturo added additional information stating that offerors should review the socioeconomic definitions found on pages 148 and 149 of solicitation. She also stated that the Small Business Office constructed a prime vendor list reviewing their performance in socioeconomic concerns. Ms. Venturo can be reached at 800-523-0705 for further information regarding socioeconomic participation. As a starting point, Tom

suggested that all offeror's review and classify all of their current suppliers to verify commitment to small business concerns.

Mr. Lydon also addressed some areas of the FAR 15 Re-Write. Tom quoted several sections concerning the FAR Part 15 Re-Write.

Exchanges of information on FAR 15 rewrite are as follows:

- The Contracting Officer need not cover the same issues with each offeror or hold the same number or length of discussions with each offeror.
- An offeror may be eliminated from the competitive range if they are no longer considered to be among the most highly rated offerors, whether or not discussions are complete or whether or not a revised final proposal has been submitted.
- the Contracting Officer is still prohibited from favoring one offeror over another or revealing any of one offeror's information to another offeror.

Proposal Revisions:

- Offerors within the competitive range may be given several opportunities to submit proposal revisions. Since proposals are rarely alike, the same number of opportunities need not be given to all offerors.
- Requests for final proposal revisions shall advise offerors that the final proposal revision shall be in writing and that the Government intends to make award without obtaining further revisions. After receipt of final proposal revisions, minor informalities may be clarified without an additional request for final offers from all offerors.

A final hint was given to offerors. It was highly suggested that firms do not hold back their best offeror until the end. Based on the new rules for determining the Competitive Range, it is possible that a technically "Good" firm would be eliminated if the rest of the offerors were all rated as "Excellent".

Ms. Andrea Maxwell, Contract Specialist, addressed the area of "Evaluation Factors for Award". It was highlighted that this solicitation would be awarded using Source Selection, Best Value Criteria in which Technical Factors were valued more than Price. It was reminded that the Technical Proposal and the Business Proposal are mutually exclusive and the technical proposal should not include reference to prices. Under the submission of Technical Factors, it was noted that all Factors were listed in descending order of importance and offerors were requested to submit their Technical proposal following the outline of the factors as they were listed in the solicitation. It was reminded that offerors should thoroughly review the section on Evaluation Factors for Award to ensure that all required information is submitted. Offerors were reminded that a portion of their Technical evaluation must be submitted in writing and should not be combined with their written Business proposal. Written Technical requirements are marked with an "\*" as well as listed throughout the solicitation. Andrea explained the procedures in determining award if offerors are equal in Technical and Business evaluation. Offerors were informed of Government's risk assessment involved in the evaluation process. Under the Business Evaluation Factors, it was noted that the Government will place more emphasis on the Aggregate Pricing. Further explanation of aggregate pricing is on page 155 of solicitation. Distribution price must be offered as a dollar amount and represents the amount added to delivered price. Distribution pricing is explained on pages 156-157. It was also noted that the Product Listing was a requirement under the business proposal, but that it was for informational purposes. It was reiterated that prices submitted are not to be adjusted for NAPA savings. Offerors were reminded to submit their most current pricing for the base year and all option years including any increases or decreases in distribution fees. A sample spreadsheet is attached with this amendment for instruction. Spreadsheet should be copied to 3 1/2 disk and submitted with business proposal, as well as a hard copy of spreadsheet. The preferred

software is Microsoft Excel 97, however, if a firm cannot utilize this software then, the name, version and release of the software must be submitted with the disk.

Ms. Gardner reiterated on the market basket items in stating offerors are responsible for double checking the proper pricing of items selected. She commented on the spreadsheet formation stating that for the market basket items only the distribution fees may extend 4 positions past the decimal point when the offeror's selling unit differs from the Government Unit of Issue.

Ms. Gardner continued with the subject of Oral Presentations. The purpose of the Oral Presentation is to eliminate much of the paperwork required under the traditional Technical Proposal Submission. The basics of the Oral Presentation were reviewed:

- Presentations will be held at the offerors place of business or DSCP. Offerors will be informed of decision once the date for the Oral Presentation is set. Ms. Gardner feels almost positive that Oral Presentation will be at vendor site, however this decision is not firm until government budget is clear. It is estimated that the Oral Presentations will begin the week of 28 September, 1998.
- Site visits of all facilities from which product will be shipped will be conducted by the Technical Evaluation Panel. If presentation at offeror's site, site visit will immediately follow offeror's Oral Presentation. If presentation held at DSCP, the site visits will be shheduled . If an offeror uses more than one facility, the Technical Panel will conduct site visit at each facility, however each facility must be stated in offeror's Written Technical Proposal.

- It was reiterated from the solicitation, that all briefing charts must be submitted at the time of the solicitation closing. All charts submitted at closing will be the only charts permitted during offeror's Oral Presentation. Any charts not submitted at the time of closing will not be allowed or reviewed by Technical Panel.
- There will be a time limit of 3 hours on all Oral Presentations.
- The Oral Presentations are to be video taped by the Offeror, if oral presentations convenes at offerors site, or DSCP will video tape, if presentation is at DSCP location. A copy of the tape must be submitted to the Contracting Officer, per the instructions on pages 128-131.
- It is estimated that the Oral Presentations will begin the week of 28 September, 1998. They will not be scheduled continuously. They will be scheduled randomly. If presentations are held at the offerors location an allowance will be made for cost effective travel of government employees.
- It was reminded to all offerors that the Oral Presentation, Question & Answer session, as well as the site visits do not denote discussions.

Mr Lydon reinterated on Oral Presentation in stating that oral presentation eliminates the volume of paper required to propose an offer and it allows the Government to move along with industry practice. He informed them no written Technical Proposals will be accepted other than the required written Technical portion requested in the solicitation.

Tom continued with the subject of "De-Briefing". The purpose of a debriefing is to explain the award decision, reduce misunderstandings. It is not a debate or a page by page analysis of the offeror's submission. Debriefings are at the request of the offeror. Requests must be submitted in writing, within 3 days of notice of award, or exclusion from the competitive range. If a firm is excluded from the competitive range they may request a preaward debrief, or a post award debrief. A firm is only entitled to one (1) debriefing.

Tom closed his presentation in assuring offerors that competition is welcome on this solicitation and that it is DSCP current experience of not awarding to the incumbered. He encourages offerors to submit good proposals to ensure good competition.

Ms Gardner ended the meeting providing POC for further questions and concerns about solicitation instructions.

**Invoice submission requirements:** Offerors should submit invoices to DFAS Columbus and must correct invoices of items not delivered and /or returned/rejected by the customer. "Pen & Ink" changes are acceptable as long as they are legible.

Questions and Answers

Q: Are there procedures in place to deal with payment disputes in EFT procedures and policy?

A: Currently DFAS-Columbus sends all invoices with a payment discrepancy to DSCP. Each Prime Vendor area at DSCP has a group of people whose responsibility is to correct all payment issues resulting from payment discrepancies and disputes.

Q: What would determine contract renewal after base year and for each additional year?

A: The determining factor for invoking the option would be contractor's performance during the base year, customer satisfaction, price reasonableness, and fill rates

Q: Who are the current prime vendors for Zone 1 and Zone 2?

A: Robert Orr SYSCO, Zone 1 and PYA/MONARCH Atlanta , Zone 2

Q: Would food show allowances as a credit on account be an alternative to deviated pricing?

A: All Food Show Allowances must be passed on to the customer directly as a deviated price in accordance with instructions on pages 31 and 32 of the solicitation.

Q. If offeror's plan to bid on both zones, would it require two Oral Presentations?

A: Yes, each zone will require separate evaluations. The Tech Panel will also visit each facility in that zone's location.

Q: Will the three hours be inclusive of oral presentation, site visit, and question and answer session?

A. No, the 3hrs set aside is for your oral presentation only. Question and answers will follow after presentation, site visit will follow after question and answer session.

Q: Pricing for solicitation?

A: Invoices dated within two (2) weeks of the solicitation are requested, as they show the least risk to the government.

Q: How does a firm account for freight costs if they purchase product under FOB origin terms?

A: If a firm purchases product from a manufacturer FOB origin, an additional freight invoice for the product will need to be submitted along with the invoice for the product itself.

Q: Do you have to submit an offer with a 10% minimum if you submit an offer with something higher?

A: Yes, all offerors must submit a proposal utilizing the 10% guaranteed minimum. You may elect to submit an alternate offer using a higher guaranteed minimum.

Q: Does the government approve the manufacturing sources that are used by the Prime Vendor?

A: The government does not tell the Prime Vendor what sources of supply to go to.

Q: Do we want to see the list cost of the product minus any allowances/deals we may receive?

A: We want to see the bottom line price. However, do not deduct any NAPA allowances.

Q: What is the purpose of the site visit?

A: The purpose of the site visit is to verify the information you have given us in your technical package.

Q: How often will there be veterinary inspections?

A: In the beginning of the contract it is most likely that there will be an inspection on each delivery. After a comfortable level is reached inspections will probably only be randomly. However, if a problem is found inspections will continue until it is resolved.

*Page 23 is replaced with the following:*

C. Offerors are reminded, that at any point during the base year, or one of the option years that the contract reaches its maximum monetary ceiling of 125% (150% in case of surge/mobilization), the Government reserves the right to exercise the option less than one (1) year after the award date.

## **9. NON-COMPETITION**

The offeror warrants that he will not actively promote, encourage, or market any of the customers, on this acquisition, away from a resultant DSCP contract and onto a contract of any other Government agency or commercial entity.

## **10. FRESH FRUIT and VEGETABLES**

*Customers supported under this contract are expected to purchase Fresh Fruits and Vegetables from the Defense Subsistence Office (DSO).*

## **11. MARKET READY ITEMS**

A. Fresh bread items (primarily sliced bread and rolls) and fresh dairy items (fluid milk, cultured products) are centrally procured by DSCP and are not expected to be ordered from the Prime Vendor.

B. *It is anticipated that DSCP will enter into contracts with local suppliers for the above stated items. Local vendors will deliver these items directly to the customers.*

**PAGE 28 IS REPLACED WITH THE FOLLOWING:**

reduction (resulting in a lower delivered invoice price to the customer/reduced STORES price), or lump sum reimbursement if returned to DSCP. It should be noted that DSCP and their customers prefer off-STORES/SPVI price reductions.

- A. The Prime Vendor shall be as aggressive as possible in pursuing all rebates, including mail in coupons and discounts for the customers supported under this contract. Notwithstanding the requirements included herein, the offeror warrants, at a minimum, that DSCP and its customers will receive rebates and discounts equal to or better than the offeror's most favored commercial or other Government customer. The offeror will provide a description of those rebates and discounts meeting the requirements herein as part of its offer in accordance with the provisions outlined in the "Instructions, Conditions and Notices to Offeror's" section of this solicitation. The rebates and discounts proposal will be reviewed, and if found acceptable, shall become part of the resulting contract.
- B. A rebate report shall be provided to the Contracting Officer on a monthly basis. This Rebate report shall be a break out of all rebates by manufacturer, then sorted by customer/dining facility. The final procedures relative to managing and returning lump sum rebates will be based on the final proposal and confirmed after award. The Government, however, reserves the right to audit applicable records to ensure proper administration of the rebate program and moneys due the Government have been properly returned in accordance with the offer.

Page 70 is replaced with the following

address on the cover page of its offer, the annotation "DUNS" followed by the DUNS number that identifies the offeror's name and address. If the offeror does not have a DUNS number, it should contact Dun and Bradstreet to obtain one at no charge. An offeror within the United States may call 1-800-333-0505. The offeror may obtain more information regarding the DUNS number, including locations of local Dun and Bradstreet Information Services offices for offerors located outside the United States, from the Internet home page at <http://www.dnb.com/>. If an offeror is unable to locate a local service center, it may send an e-mail to Dun and Bradstreet at [globalinfo@mail.dnb.com](mailto:globalinfo@mail.dnb.com).

**ADDENDUM TO 52.212-1 INSTRUCTIONS TO OFFERORS--COMMERCIAL ITEMS  
(APR 1998)**

The following paragraphs of 52.212-1 are amended as indicated below:

1. Paragraph (a). Delete all references to the "SIC Code".

2. Paragraph (b) Submission of offers.

See Standard Form 1449 (Continuation Sheet), on page 3, for any specific instructions on how to submit your offer if mailed, handcarried or faxed (when authorized).

  Faxed offers are NOT authorized for this solicitation.

3. Paragraph (b), Submission of offers, is expanded as follows:

(12) Proposal Preparation

(i) Two (2) different techniques shall be utilized when submitting your proposal - an Oral Presentation and a written proposal. Except where otherwise noted, the Technical Proposal shall be orally presented in accordance with the instructions outlined in the "Instructions, Conditions and Notices to Offerors". The Business Proposal must be submitted in writing. The Technical Proposal information required to be submitted in writing must be prepared separately and shall not be combined with the Business Proposal. Proposals that do not provide

PAGE 73 IS REPLACED WITH THE FOLLOWING:

(iv) entitled "EDI Guidelines for Subsistence Prime Vendor" for future reference.

4. Paragraph (c) Period for acceptance of offers.

XX Period of acceptance is 120 days.

5. Paragraph (f), Late Offers is changed to read as follows:

Late proposals and revisions. Any proposal received at the office designated in the solicitation after the exact time specified for receipt of offers will not be considered unless it is received before award is made and :

It was sent by mail or hand-carried (including delivery by a commercial carrier) if it is determined by the Government that the late receipt was due primarily to Government mishandling after receipt at the Government installation;

It was sent by U.S. Postal Service Express Mail Next Day Service-Post Office to Addressee, not later than 5:00 p.m. at the place of mailing two working days prior to the date specified for receipt of proposals;

There is acceptable evidence to establish that it was received at the activity designated for receipt of offers and was under the Government's control prior to the time set for receipt of offers, and the Contracting Officer determines that accepting the late offer would not unduly delay the procurement; or

It is the only proposal received.

 Any modification or revision of a proposal or response to requested information, including any final proposal revision, is subject to the same conditions as indicated above.

Notwithstanding the above, a late modification or revision of any otherwise successful proposal that makes its terms more favorable to the Government will be considered at any time it is received and may be accepted.

**PAGE 77 IS REPLACED WITH THE FOLLOWING:**

the technical proposal in writing, as prescribed in the section of this solicitation entitled **Submission Requirements**. Each technical proposal will be evaluated by the Technical Evaluation Panel against the technical factors specified in paragraph (a) above. Proposals so technically deficient as to make them technically unacceptable will be rejected as unacceptable, regardless of the cost or price offered. No discussions will be held with rejected offerors, nor will any rejected offeror be given an opportunity to revise its offer to correct deficiencies in order to become acceptable after the date and time specified for the receipt of offers.

(ii) **Business Evaluation Process** - Each proposal will be evaluated against the requirements of the solicitation. The Government will evaluate limited pricing data with the initial proposals and during discussions, in accordance with FAR 15.8. The Government will evaluate the successful offeror's proposal to determine cost or price realism. Cost or price realism will demonstrate an offeror's understanding of the requirements of the solicitation. Included in this process is the evaluation of options. The Government will evaluate offeror's pricing on the items selected from the list of items referenced in the Schedule of Items. The estimated quantities shall be multiplied by the unit prices to determine the lowest overall cost to the Government. These figures will be totaled to arrive at an aggregate value. Pricing will be evaluated for all option years in the same manner. All five (5) totals will be added together to determine the lowest overall cost to the Government. Distribution prices that do not relate to the market basket items will be evaluated for fairness and reasonableness. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of the options shall not obligate the Government to exercise the option(s).

(1) **Selection Process.**

The final technical and business evaluation reports will be furnished to the Contracting Officer by the Technical Evaluation Panel. The Contracting Officer will prepare a written recommendation for award and forward it to the SSA. It is the ultimate decision of the SSA to determine which offeror receives the award.

**PAGE 90 IS REPLACED WITH THE FOLLOWING:**

4. Paragraph (o), *Warranty*, is revised to add the following:

"In the event that a product recall is initiated by the Prime Vendor, supplier or manufacturer, the Prime Vendor should follow the procedures as outlined below:

(1) Immediately notify the following personnel:

- (i) Customers that have received the recalled product
- (ii) DSCP Contracting Officer
- (iii) DSCP Account Manager
- (iv) DSCP Consumer Safety Officer at 215-737-3845

(2) Provide the following information to the DSCP Consumer Safety Officer:

- (i) Reason for recall
- (ii) Level of recall, i.e. Type I, II or III
- (iii) Description of product
- (iv) Amount of product
- (v) List of customers that have received product
- (vi) Name and phone number of responsible person (Recall Coordinator).

(3) The Prime Vendor should provide a Final Status Report of Recall, when completed, to the DPSC Consumer Safety Officer."

5. Paragraph (t), *Price Changes*, is added as follows:

(t) *Price Changes*.

(1) Definitions.

(i) **Unit Price** - The total price charged to DSCP per unit for a product delivered to the Government consisting of two (2) components: delivered price and distribution price. This price shall not extend more than two (2) places past the decimal point.

(ii) **Delivered Price** - The actual invoice price of the product paid to the manufacturer/supplier, delivered to the Prime Vendor's facility.

Pages 112-113 is to be replaced with the following:

**52.217-9P13 EVALUATION OF OPTIONS -- SOURCE SELECTION FOR AN INDEFINITE-DELIVERY, INDEFINITE-QUANTITY CONTRACT (JAN 1992) ALTERNATE I (MAY 1997) DSCP**

(a) For award purposes, in addition to an offeror's response to the base ordering period, the Government will evaluate its response to all options, both technical and price. To evaluate price, the Government will add the total price for all options to the total price for the base ordering period. Further, where a contract line or subline item number in the Supplies or Services and Prices Section specifies a minimum and maximum quantity, the maximum quantity will be used to determine the total price. Evaluation of options will not obligate the Government to exercise the options. For this solicitation, the options are as specified in Clause 52.217-9P12.

(b) Should offerors propose option prices which vary (for example, with quantities actually ordered and the dates when ordered), these offers will be evaluated using the highest option price offered for each item.

**52.217-9P16 EFFECTIVE PERIOD OF CONTRACT-INDEFINITE DELIVERY CONTRACT (JAN 1992)DSCP**

The effective period of the contract is from the placement of the first significant order approximately April 16, 1999, excluding test orders through one year thereafter.

**52.219-9002 DLA MENTORING BUSINESS AGREEMENTS (MBA) PROGRAM.**

**DLA MENTORING BUSINESS AGREEMENTS (MBA) PROGRAM (DEC 1997) DLAD**

(a) The offeror is invited to participate in a program whereby small, small disadvantaged, and women-owned small business are afforded the opportunity (through the offeror's provision of developmental assistance in its capacity as prime contractor) to participate in the DLA procurement process. (The offeror may alternatively propose to mentor a Javits-Wagner-O'Day (JWOD) Act-qualified nonprofit agency.) In order to participate, the offeror shall submit a proposal outlining the assistance already rendered or to be provided to the protégé, as well as the kinds of value-added activity the offeror might expect to receive, in return, from the mentored entity. The offeror -mentor may

propose to provide the benefit of its managerial expertise, technical capabilities, market knowledge, etc.: the protégé will be expected to provide a specialized service or product, or, potentially, admission into its own market. Participation is entirely voluntary.

- (b) The Government will evaluate the offeror's proposal for participation in the DLA MBA Program on a comparative basis among all offerors, rather than via establishment of an "acceptable" standard. The factor is an independent element in the overall award decision: the offeror who proposes or demonstrates the most comprehensive plan for tutoring a protégé will receive the highest rating for this evaluation factor during the source selection process. The shares, improving their processes, and generally contributing to their viability under long-term contracting arrangements.
- (c) The proposal submitted by the successful offeror will be incorporated into its contract with DLA. The successful offeror will be expected to incorporate the salient points of the evaluated proposal into a written agreement (the MBA) with a protégé selected by the offeror. The offeror's performance under the proposal will be monitored by the contracting officer and Management Command) during the contract period. This performance will be one factor used to determine placement of orders against multiple-award contracts and/or exercise of options in the contract's follow-on years (as applicable). It will also be used as an independent evaluation factor, and as an element of past performance evaluation, in subsequent source selection decisions.

**52.219-9003 DLA MENTORING BUSINESS AGREEMENTS (MBA PERFORMANCE)**

**DLA MENTORING BUSINESS AGREEMENTS (MBA) PERFORMANCE (DEC 1997) DLAD**

- (a) The contractor's proposal proposed MBA plan shall become part of this contract upon award. The contractor is hereby obligated, as part of its contractual undertaking, to enter into a written binding mentoring business agreement with a protégé based on and reflective of this plan. Performance under the MBA plan shall be evaluated by the contracting officer, and may become a consideration prior to option exercise for the following- on years of long-term contracts. MBA plan implementation may also become an independent evaluation factor and/or part of the overall past performance evaluation factor in future source-selection decisions.

(b) The contractor-mentor and its protégé(s) shall meet semi-annually with the DLA contracting officer and the small business specialist(s) from the buying activity and/or the DCMC component to review progress/accomplishments under applicable MBA proposals. The contractor is also required to submit periodic progress reports (no less frequently than annually) to the contracting officer regarding proposal fulfillment. Any MBA with a protégé that has voluntarily been submitted to the Government shall be compared by the contracting officer to the contractor's proposed plan, hereby incorporated into this contract, to ensure that it adequately reflects the mentor's obligations expressed therein.

**52.225-9P08 PREFERENCE FOR CERTAIN DOMESTIC COMMODITIES  
(NOV 1996)**

(a) The contractor agrees to deliver under this contract only such of the following articles that have been grown, reprocessed, reused, or produced in the United States, its possessions, or Puerto Rico -

- (1) Food;
- (2) Clothing;
- (3) Tents, tarpaulins, or covers;
- (4) Cotton and other natural fiber products;
- (5) Woven silk or woven silk blends;
- (6) Spun silk yarn for cartridge cloth;
- (7) Synthetic fabric, and coated synthetic fabric;
- (8) Canvas products;
- (9) Wool (whether in the form of fiber or yarn or contained in fabrics, materials, or manufactured articles); or
- (10) Any item of individual equipment manufactured from or containing such fibers, yarns, fabrics, or materials.

(b) This clause does not apply -

- (1) To supplies listed in FAR 25.108(d)(1), or other supplies for which the Government has determined that a satisfactory quality and sufficient quantity cannot be acquired as and when needed at U.S. market prices;
- (2) To foods which have been manufactured or processed in the United States, its possessions, or Puerto Rico; or
- (1) To chemical warfare protective clothing produced in the countries listed in subsection 225.872-1 of the Defense FAR Supplement.

PAGE 127 IS REPLACED WITH THE FOLLOWING:

INSTRUCTIONS, CONDITIONS, AND NOTICES TO OFFEROR

1. **GENERAL INFORMATION**

- A. The Government is committed to applying Source Selection contracting as a means of selecting the most qualified vendor to support the needs of the customers listed in this solicitation while assessing acquisition processes, quality assurance practices, and reasonable pricing, as well as other factors.
- B. Proposals will be evaluated for both technical excellence and price reasonableness in accordance with the evaluation criteria outlined in the "Evaluation Factors for Award" section of this solicitation. Technical factors listed in this solicitation are considered to be more important than price (business) factors. However, as proposals become more equal in their technical merit, the evaluated price becomes significantly more important. The offeror must clearly demonstrate its capability to support the customers' requirements in the most efficient, cost-effective manner. Proposals will be evaluated in accordance with the factors listed in the solicitation. The rating methodology will be adjectival, i.e., Excellent, Good, Fair and Poor.
- C. For each factor the agency will make a risk assessment based on information contained in the proposal and other information which has or may derive from sources other than the proposal. This risk assessment will be evaluated in the rating for any factors and/or factors that place the Government at risk.
- D. In order to receive full consideration, firms are encouraged to ensure that the information provided in the Technical Proposal is factual and complete. To ensure that an accurate evaluation of the proposal is made, please address the factors in the order in which they appear in the solicitation. Failure to do so may result in the Technical Evaluation Panel overlooking important information.

Replace pages 134 and 135 with the following:

4. The following technical information must be submitted in writing:

1. SF 1449, with original signature
2. Certifications and Representations (Clauses that require a response must be returned); Pages 67-125.
3. List of references and contracts referenced in Paragraph (Past Performance); Pages 137-138.
4. Copies of awards or certifications; Page 138.
5. Information relating to a firm's policies regarding breaking cases and minimum amount/velocity to add product to inventory; Page 139 and 141.
6. Fees associated with add-on's and cancellations ;Page 141.
7. Readiness Plan ; Page 142.
8. Sanitary Inspection Reports ; Page 143.
9. Technical Descriptions; Page 144.
10. Signed DLA Mentoring Business Agreement(s) (MBA(S)) which are in place . Page 151.
11. List of all facilities in which product will be shipped ; Page 133.
12. Certification of Distribution Prices; Page 158
13. SocioEconomic Considerations; Page 146.
14. SocioEconomic Subcontracting Plan; Page 213.
15. Organizational Chart; Page 136
16. BRIEFING CHARTS

Replace page 139 with the following:

- \* b. State the minimum case quantity/velocity that is required in order for your firm to add products requested by the customer to normal inventory. State the time frame in which you will add new items to your inventory.
- c. The offeror must provide fill rates that demonstrate the capability to meet proposed contract ordering and delivery requirements in a timely manner. The proposed fill rates should be stated as "with substitutions" and "without substitutions". Describe how you intend to meet these goals.
- d. Describe your product accountability program. Thoroughly discuss the procedures employed to ensure that orders are filled accurately and completely.
- e. Specify the proposed hours of operation in order to meet the delivery requirements for each customer. Discuss how your firm will make deliveries within the time frame specified.
- f. Provide inventory turnover rate information for overall warehouse and rate without fresh fruits and vegetables for the last three (3) years.
- g. Describe how your firm's available capacity would sufficiently support the requirements and the quality service expected from this solicitation. Include, but do not limit your discussion to space, warehouse, truck, and resource availability.

## *2. Ordering System*

- a. It is essential that the offeror's ordering system be able to interface with the Government's established translation package, STORES, and support the Electronic Data Interchanges transaction sets listed in this solicitation. If the offeror is not currently capable of accepting orders via STORES, outline an implementation plan, including time frames, to become EDI capable. The Government may

Replace pages 144-147 with following:

implemented at its facility and the FDA filing date of the plan.  
Describe the scope of the HACCP Plan and what is involved.

b. If a vendor has not implemented a HACCP Plan, outline the steps it will take to ensure compliance by the dates specified in the solicitation.

c. Indicate what plans you have, if any, to incorporate HACCP Plan requirements in sourcing of items and in sub-contracting.

g. Indicate what plans your firm has taken, if any, to accelerate the HACCP requirements and to enhance the requirements to a higher level.

#### *5. Recall Procedures*

a. In addition to the required recall procedures outlined in the Addendum to Clause 52.212-4 "Contract Terms and Conditions - Commercial Items", thoroughly outline your procedures for notifying customers and DSCP of any recalls. Detail the time frames involved and how recalled products will be identified, both at the customer's facility and in your warehouse.

b. Describe how recalls of differing types are handled.

#### *\* 6. Technical Descriptions*

a. At the time of the initial submission of the proposal, the offer shall provide a set of product technical descriptions (specifications) (Note: A manufacturer's invoice or quote is NOT considered a technical description) for the "Market Basket," items identified in this solicitation.

b. The description must be of sufficient detail to determine the product's salient characteristics for comparison to that solicited in the schedule of items.

- c. Each technical description shall be labeled with the market basket item number and it's corresponding NSN/LSN.
- d. The Contractor's descriptions will be used by the Subsistence Prime Vendor Office to determine if the item offered meets the minimum quality standard described or preferred. Subsequent to contract award, DSCP may request copies of any of the contractor's descriptions in order to conduct product quality evaluations. These evaluations will be conducted at customer locations for the purpose of verifying whether the product quality and characteristics meet or exceed the specified criteria and that the products are suitable for the Food Service operation.

#### D - Socioeconomic Considerations

1. Both large and small business offerors must indicate what portion of the proposal will be subcontracted to Small Business (SB), Small Disadvantaged Business (SDB), and Women-Owned Small Business (WOSB) concerns in terms of percentages and total dollars. The percentage shall be formulated using the total to be subcontracted as the divisor. The offeror must describe the proposed extent of SB, SDB, and WOSB concerns participation in the performance of this contract at the contractor, subcontractor, and product supplier levels. These figures shall pertain to the proposed acquisition only. These figures shall represent what percentage/dollar value of products are to be supplied under this contract will be provided by a SB, WOSB or SDB manufacturer or distributor. A goal for the Prime Vendor may be to obtain at least 30% of the supplies for the proposed contract from SB firms and 5% from SDB firms.
2. The offeror shall describe the proposed extent of SB, WOSB and SDB participation in the performance of the contract at the contractor and subcontractor level. Subcontractor levels shall include product supplies. In addition, firms shall also state whether they are a large or small foodservice distributor. A small firm is defined as having less than 500 employees and must not be a subsidiary or division of a large company/corporation.

\*3. The following is the preferred format for the submission of socioeconomic data. Separate subcontracting goals must be submitted for each proposed contract.

|                               | <u>Dollars</u> | <u>Percent</u> |
|-------------------------------|----------------|----------------|
| 1. Total Contract Price       | _____          | _____          |
| 2. Total to be subcontracted: | _____          | _____          |
| a. To Large business          | _____          | _____          |
| b. To Small business          | _____          | _____          |
| 1. To SDB                     | _____          | _____          |
| 2. To WOSB                    | _____          | _____          |
| 3. To Other SB's              | _____          | _____          |

NOTES: When calculating figures for socioeconomic goals, the business size of the manufacturer is to be considered, not, the business size of the broker/agent that may have supplied the product to the distributor.

\*\*\*\*If the offeror is a small, small disadvantaged, or women-owned small business, the offeror may NOT include its "cost of doing business" as part of the subcontracting goals proposed for this acquisition

Offerors who are small business will receive additional credit under this factor for evaluation purposes.

Performance on prior contracts in subcontracting with and assisting small, small disadvantaged, and women-owned small businesses will be part of past performance evaluation.

Replace page 156 with the following:

5. **Distribution Price** - your distribution price
6. **Unit Price** - Delivered Price + Distribution Price
7. **Total** - Quantity multiplied by Unit Price
8. **DIP/DEP** - Distribution Price divided by the Delivered Price
9. **DP AGG** - Quantity multiplied by the distribution price.

b. When preparing the spreadsheet, totals must appear at the bottom on the "TOTAL" column (#7) and the "DF AGG" column ("9). Firms are strongly encouraged to use Microsoft Excel to prepare spreadsheets and submit a 3  $\frac{1}{2}$  " disk with the complete spreadsheet on it. Remember to include the offeror's name of the top of the spreadsheet. If you are submitting an alternate offeror you must submit a separate disk for the alternate offer.

**NOTE: PLEASE USE AN ANTI- VIRUS UTILITY TO ENSURE DISK IS FREE OF VIRUS' BEFORE SUBMITTING.**

c. Each firm must submit a paper hard copy of their spreadsheet, for base year and each option year as well as a copy of the spreadsheet(s) on a disk.

6. Distribution prices, for pricing analysis purposes shall correspond to the unit of issue for each product, e.g. if the offered product is issued on a "per pound" basis, the distribution price shall be "per pound". For pricing analysis purposes, the Distribution Price may be listed to the extent of four (4) places to the right of the decimal point if the Government's Unit of Issue does not correspond to the offeror's selling unit on a one to one basis.

**E- Technical Descriptions**

- a. At the time of the initial submission of the business proposal, the offer shall provide a set of product technical descriptions (specifications) for each item whether sourced or supplied, identified in Schedule of Items listed on pages 159-175. (Note: A manufacturer's invoice or quote is NOT considered as the technical description for these items).
- b. The description must be of sufficient detail to determine the product's salient characteristics for comparison to that solicited in the schedule of items.
- c. Each technical description shall be labeled with the market basket item number and it's corresponding Nsn/Lsn.
- d. The Contractor's descriptions will be used by the Subsistence Prime Vendor Office to determine if the item offered meets the minimum quality standard described or preferred. Subsequent to contract award, DSCP may request copies of any of the contractor's descriptions in order to conduct product quality evaluations. These evaluations will be conducted at customer locations for the purpose of verifying whether the product quality and characteristics meet or exceed the specified criteria and that the products are suitable for the Food Service operation.

**Note:** Technical description will be evaluated as part of the Business proposal criteria and used to evaluate offeror's ability to meet specifications suitable for customer requirements. Offerors are required to submit this information on a separate sheet with reference to the item Stock Number, and item description per each zone.

*Replace pages 177-179 with the following:*

**3. Past Performance**

- a. The Government will evaluate the offeror's record of performance, both as a regular dealer/prime vendor and with Government contracts, if any, to determine whether the firm has a successful history of conforming to contractual requirements, a commitment to customer satisfaction, timely delivery of quality products and service at fair and reasonable prices. This evaluation will also be performed for any partner involved in the proposed contract. Government in-house records will also be used for this evaluation, if applicable.
- b. The Government will access the prime vendor's, or partners experience in contracts replicating the size and complexity of this solicitation. Firms that demonstrate significant experience in these areas will be rated more favorably than those firms that do not.
- c. Offeror's are encouraged to address unfavorable reports of past performance. Your response, or lack thereof, will be taken into consideration.

**B-. DISTRIBUTION SYSTEM/CAPABILITY**

The subfactors for Distribution System/Capability are of equal weight.

**1. Product Availability**

- a. The number of items an offeror (and any partner(s)) currently carries in its inventory that meet the item descriptions, or commercial equivalent, of the items in the NSN and LSN catalogs and Class 1 items listed in the solicitation will be evaluated. The Government will also evaluate the firms' ability to source those items that are not carried in stock. The offeror's turnover ratio will be examined.
- b. The firm's proposed fill-rate, with and without substitutions, and how it intends to satisfy this goal will be evaluated. Emphasis will be placed on fill-rate without substitutions.
- c. The offeror's product accountability system will be assessed in order to determine whether the firm is capable of supporting the requirements of the customers.

- d. The Government will determine if the firm has the capability to support its customers in a timely manner by evaluating its hour of operation, proposed method of deliveries to each customer/individual dining facility.
- e. The offeror's policy regarding breaking cases and minimum order quantities to add new products to add new products to inventory will be assessed. The offeror's time frame in which new products will be added to inventory.

## *2. Ordering System*

- a. The Government will evaluate the offeror's ability to interface with STORES and transmit the transaction sets listed in the solicitation. The offeror may be required to transmit an 832 and 997 in order to demonstrate its EDI capability. If applicable, the offeror's plan to become EDI capable will be evaluated.
- b. The firm's ability to provide ordering means to a non-STORES/SPVI customer will be evaluated.
- c. The Government will access the capability of the offeror to receive orders and other information via the Internet, or its plans to obtain such access.

## *3. Management Reports*

- a. The firm must be able to produce all required management reports. Reference, Special Contract Requirements, Page 61.

## *4. Customer Service Approach*

- a. The routine customer support services offered by the firm will be assessed to determine its commitment to customer satisfaction and business like concerns for its customers.
- b. Procedures for handling not-in-stock's, manufacturer's backorders substitutions, emergency orders, cancellations and add-ons will be evaluated.
- c. The offeror's plan to monitor its performance will be evaluated.
- d. The services offered to assist customers in becoming aware of new products currently on the market and new products that prove to be more cost effective in their business will be evaluated.
- e. The offeror's policy on breaking cases, along with type of items that can be split will be evaluated.
- f. The offeror's plan to ensure consistent, efficient delivery of product will be evaluated.

***5. Location***

The Government will assess the capability of the offeror to support customers in a timely manner, taking into consideration the offeror's location in relation to the customers' locations. This includes response time to both regular deliveries and emergency deliveries.

***6. Surge/Mobilization***

- a. The Government will evaluate the offeror's ability to support "surge" requirements. The capability to swiftly react to this situation will be assessed.
- b. The offeror's ability to respond to increased consumption requirements for an extended period of time will be evaluated. Firms must demonstrate the ability to maintain a high level of performance for a span of time, usually with less than thirty (30) days notice.
- c. The firm's readiness plan will be assessed for completeness and ingenuity.

**C - QUALITY ASSURANCE**

The subfactors for Quality Assurance factor are in descending order of importance.

***1. Quality Control and Assurance Procedures***

Attachment 1

Copy of Briefing Charts, Pre-Proposal Conference,  
dated 4 August, 1998

# Agenda

- ✓ Welcome and Introductions

### Standard Operating Procedures

#### Prime Vendor Systems Management Visits

**STANDARD OPERATING PROCEDURE  
For  
PRIME VENDOR SYSTEMS MANAGEMENT VISITS  
To  
PRIME VENDOR DISTRIBUTORS**

**I. INTRODUCTION:**

A Prime Vendor Systems Management Visit (PVSMV) is a review of a contractor's management methods used to effectively meet the terms of the contract.

**II. PURPOSE AND SCOPE:**

This document prescribes the general guidelines and procedures for conducting Prime Vendor Systems Management Visits to Prime Vendor Distributors assigned to DSCP-HF Prime Vendor Regions. Directorate of Subsistence for contract administration. This document applies to the personnel of DSCP-HF and any other individual performing a PVSMV on behalf of DSCP-HF

**III. REFERENCE:**

American National Standard ANSI/ASQC Q92, Quality Systems - Model for Quality Assurance in Production and Installation

**IV. BACKGROUND:**

A. PVSMVs is comprehensive reviews of contractor methods and procedures used for contract performance. The key elements for effective Prime Vendor Systems Management are organizational structure, contract review, purchasing, production, inspection, and servicing.

B. Reviews will focus on (as appropriate within the terms of the contract):

1). Organizational Structure:

a. Management Responsibility for implementing an organizational structures capable to effectively perform the contract.

b. Control of documents: such as those used for purchasing, stock control, stock selection, inspection, sanitation, etc. are current and changes or modifications are controlled.

c. Training needs are identified and training is given to employees.

2.) Contract Review:

Contract review procedures established to assure requirements and conditions stipulated by the government can be met.

3.) Purchasing:

Purchasing procedures to assure they include assessment of suppliers, include adequate purchasing data to obtain DOD prescribed items, and should include verification of purchased products.

4.) Production:

a. Product identification and traceability, especially in respect to DOD shelf life requirements, date of pack limitations, DOD approved sources, and product recalls.

b. Assurance those nonconforming product and customer complaints are identified and corrective actions taken.

c. Handling, Storage, Packaging, and Delivery. The contractor should have some established methods to control stored products, product selection, loading configuration, etc.

5.) Inspection:

a. Process controls: Work instructions, especially where absence of instructions would adversely affect quality are developed and communicated.

b. Inspection and Testing procedures.

c. Internal Auditing of established work procedures, methods, instructions, etc. to assure they are followed and are valid.

6.) Servicing: Procedures for customer servicing to include: Not-In-Stock notification, product substitution authorization, complaints resolution, ordering system assistance, customer satisfaction evaluation, etc. are developed and communicated.

V. POLICY

A. PVSMV schedules will be approved by the Prime Vendor Regional Manager.

B. Scheduling visits with the contractor will be made by the Account Representative / Buyer for the contract.

C. PVSMVs is to determine that the contractor management methods designated for the contract are sufficient to meet the terms of the contract. Visits will not include overzealous reviews or recommendations to change contractor methods, policies, or procedures when those procedures are working satisfactorily.

D. Findings will be documented and reported as stipulated in this Standard Operating Procedure.

E. A Team leader for the visit will be selected when more than one individual are involved. The Team leader will hold a government pre-meeting with the individuals assigned to establish areas of responsibility, goals, and objectives for the visit.

F. Unless specifically referenced in the contract, contractor methods and procedures are not required to be documented.

## VI. PERSONNEL PERFORMING PVSMVs

- A. Personnel performing Prime Vendor Systems Management Visits should have an in-depth working knowledge of the contractor's responsibilities under the contract, and current problems being encountered in administration of the contract.

It is preferable to use a teaming approach to include individuals in the Procurement, Supply, Technical, and Quality Assurance disciplines assigned to the administration of the contract participate in the reviews.

Teaming will make the reviews more comprehensive and professional because of individual expertise in certain performance aspects.

- B. Because of the complexity of the contractual relationships and customer service issues involved in Prime Vendor contracts, PVSMVs should not be performed by third party personnel representing DSCP-HF Prime Vendor Regions unless there is no other alternative. If a third party individual or activity is requested to perform a PVSMV, care should be taken to assure all aspects of the contractual requirements, status of problems, agreements or remedies are fully understood before designating the review. It may be necessary to limit the areas to be reviewed if a third party individual or activity is requested to perform a PVSMV. However use of subject matter experts is encouraged. For instance USDA-USDC Graders Inspectors, or Veterinary Food Inspectors may be request to perform product exams of selected products to verify the products conform to the product technical descriptions.

## VII. PROCEDURES FOR PERFORMING PVSMVs

### A. SCHEDULING

- 1.) Prime Vendor Systems management Visits will be scheduled semiannually, or more frequently if needed.

### B. PREPARATION

- 1.) Individuals performing PVSMVs shall review the current contract requirements and review with the Account Representative, Buyer, Supply, Quality Assurance, and Technical personnel, those areas requiring special attention. Planning for use of subject matter experts should done in advance to schedule their presence on-site or for other uses of their services. Individuals performing the PVSMV will review the contractor's proposal to familiarize themselves with the negotiated terms.

2.) Visits will be announced. The Account Representative / Buyer will schedule the visit on mutually agreed dates of the DSCP representatives and the contractor to assure the visit is productive and necessary contractor personnel are available during the visit.

3.) Review of problem or special interest areas will be made with the personnel assigned to administer the contract before departing to conduct the visit.

4.) Necessary references, exhibits, or other material will be gathered before departing.

## VIII. CONDUCTING THE VISIT

A. The individual or team will brief the contractor's management on the purpose of the visit before starting the review. If possible a current organizational chart and contractor program manuals may be obtained from management. It should be noted that the contractor is not required by contract to possess a "program manual" or procedures documents. However, if they were available they would be useful when conducting the visit.

B. It is recommended that the review be started by having the contractor's representative walk the team through the facility so the review team can ascertain where functional responsibility is assigned.

C. The Prime Vendor PVSMV check lists are to be used to assure consistent review during visits. However, the checklists are not within themselves more than a tool for the visitors to assure necessary areas have been reviewed. The depth of the review of any area will be predicated upon the findings of the visit. If key indicators for the performance characteristic or function are satisfactory, usually that area will not require an extensive review.

D. The review factors for a PVSMV, the definitions of the base line for compliance, and the key factor(s) relating to those base lines are as follows:

### FACTOR 1. Organizational Structure:

a. Management responsibility for implementing an organizational structure capable too effectively perform against the contract.

Definition: The contractor's policy for supplying a product or service is implemented by assigning organizational responsibility and authority to all personnel who manage, perform, and verify work affecting the contract.

Key factors: the organizational structure assigns responsibility and authority for contract review, purchasing, production, and inspection.

b. Control of documents:

Definition: Documents when used for purchasing, stock control, stock selection, inspection, sanitation, etc. are current and changes or modifications are controlled.

Key factor: Procedure and policy documents "when used" in contract review, purchasing, production, and inspection are controlled.

c. Training needs are identified and training is given to employees.

Definition: Methods or procedures exist for identifying and providing necessary training.

Key factor: Employees demonstrate through their work activity knowledge of their job responsibilities.

### FACTOR 2. Contract review procedures established to assure requirements and conditions stipulated by the government can be met.

Definition: The contractor has an individual or activity assigned to review DSCP contracts and modifications to assure work solicited can be performed.

Key factor: An individual or organization is assigned contract review.

### **FACTOR 3. Purchasing:**

Purchasing procedures to assure they include assessment of suppliers, include adequate purchasing data to obtain DoD prescribed items, meet DoD shelf life requirements and date of pack limitations, domestic source products etc., and should include verification of purchased products.

Definition: Review of purchasing instruments and procedures verifies DOD prescribed items and requirements are being met.

Key factor: Items as prescribed in the solicitation / contract is being purchased for DOD deliveries.

### **FACTOR 4. Production:**

a. Product identification and traceability, especially in respect to DOD shelf life requirements, date of pack limitations, DOD approved sources, and product recalls.

Definition: Methods or procedures used account for DOD specific requirements.

Key factor: identification and traceability of items allows selection of products meeting DOD requirements.

b. Assurance that nonconforming product and customer complaints are identified and corrective actions taken and recalls can be effected.

Definition: methods or procedures exist for nonconforming product, customer complaints and their resolution and recalls.

Key factor: the organizational structure assigns responsibility and authority for nonconforming supplies

c. Handling, Storage, Packaging, and Delivery.

Definition: The contractor should have established methods to control stored products, product selection, loading configuration, etc.

Key factor: Selection and delivery of products are made properly and delivered in the correct quantity and condition?

### **5.) Inspection:**

a. Process controls:

Definition: work instructions, especially where absence of instructions would adversely affect quality are developed.

Key factor: Work instructions for special procedures are communicated.

b. Inspection and Testing procedures.

Definition: Procedures for condition of receipts, verification of purchased products, sanitation, stock rotation, etc. are communicated.

Key factor: Inspections and tests are completed for products, processes, or functions affecting quality of product or service.

c. Internal Auditing of established work procedures, methods, instructions, etc. to assure they are followed and are valid.

Definition: Documented procedures are reviewed for their adequacy and personnel's compliance to them.

Key factor: "When" an audit program is established it is being accomplished. NOTE: An internal auditing program is not required by the contract.

## **RECORDING FINDINGS:**

The PVSMV checklist will be completed for each review. Notes documenting status of factors or elements on the checklist may be recorded on the checklist. The checklist provided in this SOP is only an example. Check list should be developed for each contract.

Findings requiring action by the contractor to modify methods or procedures to bring performance into contract compliance will be documented on a DD Form 1715 and a copy provided to the contractor during the visit, as soon as the discrepancy is noted. Or documented as determined be the team leader or Regional manager.

The DD Form 1715 will be completed and signed by the Team leader or individual conducting the PVSMV. The specific contract reference shall be stated for the noncompliance, with a short summary of the finding and a statement of action required. (See example)

Other suggestions for improvement of processes or procedures affecting support to DOD under the contract may be discussed with the contractor's representatives, and documented on the PVSMV checklist. It is important to advise the contractor that these types of observations are only suggestions for improvement, and are not procedures requiring modification for contract compliance.

## **IX. REPORTING:**

A. The individual or team will out-brief with the Respective Prime Vendor Regional Manager, the Account Representative, Buyer, and Contracting Officer for the particular contract involved.

B. The completed PVSMV checklist and Quality Deficiency Reports DD Forms 1715 shall be provided to the Accounts Representative for the contract file and documentation of deficiencies noted.

## NOTICE

### ATTENTION CONTRACTORS!

In response to two separate but related legislative actions, the Department of Defense (DoD) has established a "DoD Central Contractor Registration (CCR)" database. The Federal Acquisition Streamlining Act of 1994 (PL 103-355) requires the broad use of Electronic Commerce and Electronic Data Interchange (EC/EDI) by Federal Agencies and the Debt Collection Improvement Act of 1996 (31 U.S.C. 3332; 31 U.S.C. 7701) requires electronics funds transfer (EFT) for payment. Consequently, as of May 31, 1998, you must be registered in the DoD CCR database if you want to continue doing business with any DoD Agency, regardless of whether EC/EDI is a requirement for award.

On March 31, 1998, DoD published guidelines for CCR in the DoD Federal Acquisition Regulation Supplement (DFARS) via a Department Letter (D.L.). The new DFARS coverage can be viewed at <http://www.acq.osd.mil/dp/dars/dfartrs.html>. The DFARS coverage on CCR applies to the award of any contract, basic agreement, basic ordering agreement, or blanket purchase agreement after May 31, 1998, unless the award resulted from a solicitation issued on or before May 31, 1998. Unregistered contractors may be ineligible for award under solicitations issued after May 31, 1998.

For registration information or assistance, visit the Central Contractors Registration Web site (<http://ccr.edi.disa.mil/>) or call 1-800-334-3414.

If you are not able to register electronically, you may also register through your VAN (Value Added Network) provider, with support from the Electronic Commerce Resource Centers (ECRCs) listed below, or with support from the Procurement Technical Assistance Centers (PTACs) in your area. Contact the DSCP Small Business Office at 215-737-2321 or 800-523-0705 (outside of Pennsylvania) for a listing of the PTACs.

ECRC support for trading partners whose company name begins with the letters A-K, should contact:

Palestine ECRC  
2000 South Loop 256, Suite 11  
Palestine, TX 75801  
(903) 729-5570 or 1-888-CCR-2423  
Fax (903) 729-7988

**ECRC support for trading partners whose company name begins with the letters L-Z, should contact:**

**CCR Registration Assistance Center (CTC)  
Johnstown ECRC  
1450 Scalp Ave.  
Johnstown, PA 15904  
(814) 262-2325 or 1-888-CCR-2423  
Fax (814) 266-2326**

**For contractors who only want to renew their registration (i.e., registration is only good for one year), the web site is: <http://ccr.edi.disa.mil>.**

**CAUTION NOTICE**

.....

THIS SUBSISTENCE PRIME VENDOR SOLICITATION IS FOR FULL LINE FOOD SERVICE DISTRIBUTION SUPPORT FOR THE MILITARY AND OTHER FEDERALLY FUNDED CUSTOMERS OF THE STATE OF ALABAMA, FLORIDA PANHANDLE (ZONE 1) AND GEORGIA (ZONE 2). OFFERORS ARE CAUTIONED TO TAKE EXTREME CARE WHEN PREPARING PROPOSALS FOR THIS SOLICITATION. ALL TERMS AND CONDITIONS SHOULD BE REVIEWED CAREFULLY. SPECIFIC DELIVERY LOCATIONS ARE INCORPORATED INTO THE SOLICITATION.

THIS SUBSISTENCE PRIME VENDOR SOLICITATION IS FOR AN INDEFINITE QUANTITY TYPE CONTRACT FOR TWO (2) ZONES FOR A BASE PERIOD OF ONE-YEAR PER ZONE. FOUR ONE YEAR OPTIONS ARE AVAILABLE FOR THIS ACQUISITION. THE GUARANTEED MINIMUM FOR THIS CONTRACT WILL BE 10% OF THE ESTIMATED AWARD DOLLAR VALUE. THE MAXIMUM CEILING WILL BE 125% OF THE ESTIMATED AWARD DOLLAR VALUE. IN THE EVENT OF EMERGENCIES, THE GOVERNMENT MAY UNILATERALLY EXECUTE A HIGHER CEILING AT 150% OF THE ESTIMATED AWARD DOLLAR VALUE.

\*NOTE: \*FAILURE TO INDICATE ACCEPTANCE OF THE OPTIONS BY ANNOTATING THE OFFEROR'S YEARLY OPTION PERCENTAGE CHANGE, IN SUPPLIES/SERVICES AND PRICES SECTION B-8, OPTION PRICING, MAY BE DEEMED AS NON-ACCEPTANCE OF THE OPTION AND COULD RESULT IN REJECTION OF THE OFFEROR'S ENTIRE PROPOSAL.

THIS PROCUREMENT IS UNRESTRICTED. THE ACQUISITION WILL BE A NEGOTIATED PROCUREMENT UTILIZING BEST VALUE SOURCE SELECTION PROCEDURES. AWARD WILL BE BASED ON FACTORS OTHER THAN COST OR PRICE ALONE. OFFERS WILL BE ACCEPTED FROM BOTH LARGE AND SMALL BUSINESSES. FIRMS DO NOT HAVE TO BE FULL-LINED FOODSERVICE DISTRIBUTORS TO SUBMIT OFFERS. EVALUATION FACTORS FOR AWARD IS CONTAINED IN FAR CLAUSE 52.212-2. SOURCE EVALUATION AND SELECTION PROCEDURES ARE CONTAINED IN DSCP PROVISION 52.212-2.

OFFERORS SHOULD READ THE ENTIRE SOLICITATION VERY CAREFULLY. PLEASE ENSURE THAT ALL REQUIRED INFORMATION IS INCLUDED WITH YOUR SUBMISSION IN THE ORDER REQUESTED. ALL CLAUSES THAT REQUIRE A RESPONSE WILL BE EVALUATED AND MUST BE COMPLETED IN THE WRITTEN PORTION. MISSING OR INCOMPLETE INFORMATION COULD RESULT IN THE ELIMINATION OF YOUR PROPOSAL FROM FURTHER CONSIDERATION. ALL TERMS AND CONDITIONS SHOULD BE REVIEWED CAREFULLY. ANY QUESTIONS REGARDING THE INTERPRETATION OF THE TERMS, CONDITIONS, OR REQUIREMENTS OF THIS SOLICITATION SHOULD BE DIRECTED TO THE CONTRACTING OFFICER ANN S. NOVICK AT 215-737-4273 OR THE CONTRACT SPECIALIST, ANDREA MAXWELL AT 215-737-2980.

THE SECTION ENTITLED "INSTRUCTIONS, CONDITIONS, AND NOTICES TO OFFERORS" PROVIDES INSTRUCTIONS FOR PREPARING AND SUBMITTING PROPOSALS. THE SECTION ENTITLED "EVALUATION FACTORS FOR AWARD" EXPLAINS HOW PROPOSALS WILL BE EVALUATED. PROPOSALS MUST BE PREPARED IN TWO (2) VOLUMES: TECHNICAL PROPOSAL AND BUSINESS PROPOSAL.

DEFENSE SUPPLY CENTER PHILADELPHIA WILL CONDUCT A PRE-PROPOSAL CONFERENCE TO FURTHER CLARIFY AND DISCUSS THE REQUIREMENTS OF THIS SOLICITATION. IF YOU PLAN TO ATTEND, PLEASE SEND A FAX LETTER WITH THE COMPANY'S NAME, AND NUMBER OF REPRESENTATIVES ATTENDING. ANY VENDOR WHO WISHES TO SUBMIT QUESTIONS OR TOPICS TO BE COVERED AT THE CONFERENCE MAY DO SO AS LONG AS THEY ARE RECEIVED NO LESS THAN FIVE (5) DAYS PRIOR TO THE DATE AND TIME SET FOR THE CONFERENCE. THIS INFORMATION MAY BE FAXED TO ANDREA MAXWELL, CONTRACT SPECIALIST AND/OR SYLVIA MEMINGER, CONTRACT SPECIALIST AT (215) 737-7194 OR 3332 OR CALL AT 215-737-2980. THE CONFERENCE WILL BE HELD AT:

LOCATION: DEFENSE SUPPLY CENTER PHILADELPHIA  
2800 SOUTH 20<sup>TH</sup> STREET  
PHILADELPHIA, PA. 19145  
AUDITORIUM-FRANKLIN ROOM

DATES: 04 AUGUST 1998

TIME: 9:00 A.M.

## IMPORTANT NOTICE

OFFERORS WILL BE REQUIRED TO PRESENT MOST OF THE TECHNICAL PROPOSAL IN THE FORM OF AN ORAL PRESENTATION. THE COMBINATION OF THE ORAL PRESENTATION IN CONJUNCTION WITH A WRITTEN BUSINESS PROPOSAL WILL BE EVALUATED AND REVIEWED BY THE GOVERNMENT AND MUST BE SUBMITTED IN ACCORDANCE WITH SOLICITATION REQUIREMENTS. THE GOVERNMENT WILL EVALUATE OFFEROR(S) TECHNICAL AND BUSINESS PROPOSAL BASED ON THE INSTRUCTION AND GUIDANCE FOR ORAL PRESENTATION AND WRITTEN REQUIREMENTS CONTAINED IN THE SOLICITATION UNDER "INSTRUCTION, CONDITIONS AND NOTICE TO OFFEROR". PLEASE REVIEW THESE INSTRUCTIONS CAREFULLY.
