CAUTION NOTICE

Attention Contractors! The Federal Streamlining Act of 1994 (PL 103-355) requires the broad use of Electronic Commerce and Electronic Data Interchange (EC/EDI) by federal agencies and the Debt Collection Improvement Act of 1996 (31 U.S.C. 3332;31 U.S.C. 7701) requires electronic funds transfer (EFT) for payment. In order to continue doing business with any DOD Agency, regardless of whether it is via EC/EDI or not, you must be registered in the **DoD Central Contractor Registration (CCR) database**. For renewal or new registration information or assistance, visit the CCR web site (<http://www.ccr.edi.disa.mil>) or call **1-800-334-3414**.

The final rule on DFARS Case 97-D005, Central Contractor Registration was issued on March 31, 1998. The rule is effective immediately and applies to the award of any contract, basic ordering agreement, or blanket purchase agreement after May 31, 1998, unless the award resulted from a solicitation issued on or before May 31, 1998. Unregistered vendors/contractors may be prevented in receiving an award for solicitation issued after May 31, 1998.

If contractors are not able to register electronically, you may also register through your Value Added Network (VAN) provider, with support from the Electronic Commerce Resource Center (ECRC) listed below, or with support from the Procurement Technical Assistance Center (PTAC)

CAUTION NOTICE

A T T E N T I O N C O N T R A C T O R S !

In response to two separate but related legislative actions, the Department of Defense (DoD) has established a “**DoD Central Contractor Registration (CCR)**” database. The Federal Acquisition Streamlining Act of 1994 (PL 103-355) requires the broad use of Electronic Commerce and Electronic Data Interchange (EC/EDI) by Federal Agencies and the Debt Collection Improvement Act of 1996 (31 U.S.C. 7701) requires electronics funds transfer (EFT) for payment. The company and address stated in block 17a. of Standard Form 1449 (page 1 of the attached solicitation) therefore **MUST** be registered in the DoD CCR database if you want to continue doing business with any DoD Agency, regardless of whether EC/EDI is a requirement for award.

DoD has published guidelines for CCR in the DoD Federal Acquisition Regulation Supplement (DFARS). This DFARS coverage (Dept Letter D.L. 98-008, dtd March 31, 1998) can be viewed at <http://www.acq.osd.mil/dp/dars/dfarltrs.html>. The DFARS coverage on CCR applies to the award on **any** contract, basic agreement, basic ordering agreement, or blanket purchase agreement after May 31, 1998.

For registration information or assistance, or for annual confirmation requirements, visit the Central Contractor Registration Web site at <http://ccr2000.com>, or call 1-888-227-2423.

For further information, your attention is directed to clause 252.204-7004 Required Central Contractor Registration (Mar 2000).

****Please Note** Unregistered contractors may be deemed ineligible for award.**

NOTICE TO OUR VALUED SUPPLIERS

The Defense Supply Center Philadelphia (DSCP) currently uses an ordering system known as STORES (Subsistence Total Ordering and Receipt Electronic System) from which the DoD customers have the capability to order items electronically under the resulting contract awarded from this solicitation.

Contractors are urged to become EDI capable as the intent is for all orders to be sent electronically using a standard EDI purchase order (ASC X12 version 3040 transaction set 850) directly from the customer to you, the supplier, and eventually adding electronic invoicing to the process. Your company should therefore take the necessary steps to enable your company to compete for business in the future. Your attention is directed to clauses 52.204-9P01 Submission of Information Regarding Electronic Data Interchange (EDI) (Mar 1994) DSCP (page 48) and 52.204-9P02, Information Relating to Electronic Data Interchange (EDI) (Mar 1994) DSCP (page 48). Our goal at the Defense Supply Center Philadelphia is to utilize EDI to the maximum extent possible.

52.212-2 EVALUATION--COMMERCIAL ITEMS (JAN 1999)

(a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors shall be used to evaluate offers:

Technical and past performance, when combined are:

- Significantly more important than cost or price
- Approximately equal to cost or price
- Significantly less important than cost or price

(b) *Options.* The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced.

(c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

52.212-1 INSTRUCTIONS TO OFFERORS--COMMERCIAL ITEMS (OCT 2000)**(a) North American Industry Classification System (NAICS) Code and Small Business Size Standard.**

The NAICS code and small business size standard for this acquisition appear in Block 10 of the solicitation cover sheet (SF 1449). However, the small business size standard for a concern which submits an offer in its own name, but which proposes to furnish an item which it did not itself manufacture, is 500 employees.

(b) Submission of Offers.

Submit signed and dated offers to the office specified in this solicitation at or before the exact time specified in this solicitation. Offers may be submitted on the SF 1449, letterhead stationery, or as otherwise specified in the solicitation. As a minimum, offers must show--

- (1) The solicitation number;
- (2) The time specified in the solicitation for receipt of offers;
- (3) The name, address, and telephone number of the offeror;
- (4) A technical description of the items being offered in sufficient detail to evaluate compliance with the requirements in the solicitation. This may include product literature, or other documents, if necessary;
- (5) Terms of any express warranty;
- (6) Price and any discount terms;
- (7) "Remit to" address, if different than mailing address;
- (8) A completed copy of the representations and certifications at FAR 52.212-3;
- (9) Acknowledgment of Solicitation Amendments;
- (10) Past performance information, when included as an evaluation factor, to include recent and relevant contracts for the same or similar items and other references (including contract numbers, points of contact with telephone numbers and other relevant information); and
- (11) If the offer is not submitted on the SF 1449, include a statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation. Offers that fail to furnish required representations or information, or reject the terms and conditions of the solicitation may be excluded from consideration.

(c) Period for Acceptance of Offers.

The offeror agrees to hold the prices in its offer firm for 30 calendar days from the date specified for receipt of offers, unless another time period is specified in an addendum to the solicitation.

(d) Product Samples.

When required by the solicitation, product samples shall be submitted at or prior to the time specified for receipt of offers. Unless otherwise specified in this solicitation, these samples shall be submitted at no expense to the Government, and returned at the sender's request and expense, unless they are destroyed during preaward testing.

(e) Multiple Offers.

Offerors are encouraged to submit multiple offers presenting alternative terms and conditions or commercial items for satisfying the requirements of this solicitation. Each offer submitted will be evaluated separately.

(f) Late Submissions, Modifications, Revisions, and Withdrawals of Offers.

(1) Offerors are responsible for submitting offers, and any modifications, revisions, or withdrawals, so as to reach the Government office designated in the solicitation by the time specified in the solicitation. If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date that offers or revisions are due.

(2)(i) Any offer, modification, revision, or withdrawal of an offer received at the Government office designated in the solicitation after the exact time specified for receipt of offers is "late" and will not be considered unless it is received before award is made, the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition; and—

- (A) If it was transmitted through an electronic commerce method authorized by the solicitation, it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of offers; or

(Continued)

(B) There is acceptable evidence to establish that it was received at the Government installation designated for receipt of offers and was under the Government's control prior to the time set for receipt of offers; or

(C) If this solicitation is a request for proposals, it was the only proposal received.

(ii) However, a late modification of an otherwise successful offer, that makes its terms more favorable to the Government, will be considered at any time it is received and may be accepted.

(3) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the offer wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.

(4) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

(5) Offers may be withdrawn by written notice received at any time before the exact time set for receipt of offers. Oral offers in response to oral solicitations may be withdrawn orally. If the solicitation authorizes facsimile offers, offers may be withdrawn via facsimile received at any time before the exact time set for receipt of offers, subject to the conditions specified in the solicitation concerning facsimile offers. An offer may be withdrawn in person by an offeror or its authorized representative if, before the exact time set for receipt of offers, the identity of the person requesting withdrawal is established and the person signs a receipt for the offer.

(g) Contract Award (not applicable to Invitation for Bids).

The Government intends to evaluate offers and award a contract without discussions with offerors.

Therefore, the offeror's initial offer should contain the offeror's best terms from a price and technical standpoint. However, the Government reserves the right to conduct discussions if later determined by the Contracting Officer to be necessary. The Government may reject any or all offers if such action is in the public interest; accept other than the lowest offer; and waive informalities and minor irregularities in offers received.

(h) Multiple Awards.

The Government may accept any item or group of items of an offer, unless the offeror qualifies the offer by specific limitations. Unless otherwise provided in the Schedule, offers may not be submitted for quantities less than those specified. **252.204-7004 REQUIRED CENTRAL CONTRACTOR REGISTRATION (NOV 2001)
DFARS**

(a) Definitions.

As used in this clause--

- (1) "Central Contractor Registration (CCR) database" means the primary DoD repository for contractor information required for the conduct of business with DoD.
- (2) "Data Universal Numbering System (DUNS) number" means the 9-digit number assigned by Dun and Bradstreet Information Services to identify unique business entities.
- (3) "Data Universal Numbering System +4 (DUNS+4) number" means the DUNS number assigned by Dun and Bradstreet plus a 4-digit suffix that may be assigned by a parent (controlling) business concern. This 4-digit suffix may be assigned at the discretion of the parent business concern for such purposes as identifying subunits or affiliates of the parent business concern.
- (4) "Registered in the CCR database" means that all mandatory information, including the DUNS number or the DUNS+4 number, if applicable, and the corresponding Commercial and Government Entity (CAGE) code, is in the CCR database; the DUNS number and the CAGE code have been validated; and all edits have been successfully completed.

(b) (1) By submission of an offer, the offeror acknowledges the requirement that a prospective awardee must be registered in the CCR database prior to award, during performance, and through final payment of any contract resulting from this solicitation, except for awards to foreign vendors for work to be performed outside the United States.

(2) The offeror shall provide its DUNS or, if applicable, its DUNS+4 number with its offer, which will be used by the Contracting Officer to verify that the offeror is registered in the CCR database.

(3) Lack of registration in the CCR database will make an offeror ineligible for award.

(4) DoD has established a goal of registering an applicant in the CCR database within 48 hours after receipt of a complete and accurate application via the Internet. However, registration of an applicant submitting an application through a method other than the Internet may take up to 30 days. Therefore, offerors that are not registered should consider applying for registration immediately upon receipt of this solicitation.

(c) The Contractor is responsible for the accuracy and completeness of the data within the CCR, and for any liability resulting from the Government's reliance on inaccurate or incomplete data. To remain registered in the CCR database after the initial registration, the Contractor is required to confirm on an annual basis that its information in the CCR database is accurate and complete.

(d) Offerors and contractors may obtain information on registration and annual confirmation requirements by calling 1-888-227-2423, or via the Internet at <http://www.ccr.gov>.

52.233-9000 AGENCY PROTESTS (SEP 1999) DLAD

Companies protesting this procurement may file a protest 1) with the contracting officer, 2) with the General Accounting Office, or 3) pursuant to Executive Order 12979, with the Agency for a decision by the Activity's Chief of the Contracting Office. Protests filed with the agency should clearly state that they are an "Agency Level Protest under Executive Order 12979." (Note: DLA procedures for Agency Level Protests filed under Executive Order No. 12979 allow for a higher level decision on the initial protest than would occur with a protest to the contracting officer; this process is not an appellate review of a contracting officer's decision on a protest previously filed with the contracting officer). Absent a clear indication of the intent to file an agency level protest, protests will be presumed to be protests to the contracting officer.

52.233-9001 DISPUTES: AGREEMENT TO USE ALTERNATIVE DISPUTE RESOLUTION (JUN 2001) DLAD

(a) The parties agree to negotiate with each other to try to resolve any disputes that may arise. If unassisted negotiations are unsuccessful, the parties will use alternative dispute resolution (ADR) techniques to try to resolve the dispute. Litigation will only be considered as a last resort when ADR is unsuccessful or has been documented by the party rejecting ADR to be inappropriate for resolving the dispute.

(b) Before either party determines ADR inappropriate, that party must discuss the use of ADR with the other party. The documentation rejecting ADR must be signed by an official authorized to bind the contractor (see FAR 52.233-1), or, for the Agency, by the contracting officer, and approved at a level above the contracting officer after consultation with the ADR Specialist and with legal counsel (see DLA Directive 5145.1). Contractor personnel are also encouraged to include the ADR Specialist in their discussions with the contracting officer before determining ADR to be inappropriate.

(c) If you wish to opt out of this clause, check here []. Alternate wording may be negotiated with the contracting officer.

In lieu of submitting the full text of those provisions, the offeror may identify the provision by paragraph identifier and provide the appropriate information with its quotation or offer. Also, the full text of a solicitation provision may be accessed electronically at this address:

(h) Patent Indemnity.

The Contractor shall indemnify the Government and its officers, employees and agents against liability, including costs, for actual or alleged direct or contributory infringement of, or inducement to infringe, any United States or foreign patent, trademark or copyright, arising out of the performance of this contract, provided the Contractor is reasonably notified of such claims and proceedings.

The Contractor shall not be required to comply with the cost accounting standards or contract cost principles for this purpose. This paragraph does not give the Government any right to audit the Contractor's records. The Contractor shall not be paid for any work performed or costs incurred which reasonably could have been avoided.

(m) Termination for Cause.

The Government may terminate this contract, or any part hereof, for cause in the event of any default by the Contractor, or if the Contractor fails to comply with any contract terms and conditions, or fails to provide the Government, upon request, with adequate assurances of future performance. In the event of termination for cause, the Government shall not be liable to the Contractor for any amount for supplies or services not accepted, and the Contractor shall be liable to the Government for any and all rights and remedies provided by law. If it is determined that the Government improperly terminated this contract for default, such termination shall be deemed a termination for convenience.

(5) When the Military Medical Service or other inspection agency acceptable to the Military Medical Service determines that the sanitary conditions of the establishment or its products have or may lead to product contamination, the contracting officer will suspend the work until such conditions are remedied to the satisfaction of the appropriate inspection agency. Suspension of the work shall not extend the life of the contract, nor shall it be considered sufficient cause for the contractor to request an extension of any delivery date. In the event the contractor fails to correct such objectionable conditions within the time specified by the contracting officer, the government shall have the right to terminate the contract in accordance with the "Default" clause of the contract.

(b) Delivery Conveyances.

(3) Inspected, accepted, paid for or consumed, or any or all of these, provided however, that the supplies are not required to comply with requirements of said acts and regulations thereunder when a specific paragraph of the applicable specification directs otherwise and the supplies are being contracted for military rations, not for resale.

Notwithstanding the time at which such breach is discovered, the right is reserved to give notice of breach of this warranty at any time within such applicable period or within 30 days after expiration of such period, and any such notice shall preserve the rights and remedies provided herein.

(c) Within a reasonable time after notice to the contractor of breach of this warranty, the government may, at its election:

(1) Retain all or part of the supplies and recover from the contractor, or deduct from the contract price, a sum determined to be equitable under the circumstances;

(2) Return or offer to return all or part of the supplies to the contractor in place and recover the contract price and transportation, handling, inspection and storage costs expended therefor; provided, that if the supplies are seized under either act, such seizure, at government option, shall be deemed a return of supplies within the meaning of this clause and thereby allow the government to pursue the remedy provided herein. Failure to agree to any deduction or recovery provided herein shall be a dispute of a question of fact within the meaning of the clause of this contract entitled "disputes".

(d) The rights and remedies provided by this clause shall not be exclusive and are in addition to other rights and remedies provided by law or under this contract, nor shall pursuit of a remedy herein or by law either jointly, severally or alternatively, whether simultaneously or at different times, constitute an election of remedies.

(MAR 2000) ALTERNATE III (MAR 2000) DSCP**

(a) To the extent that contingent cost increases are provided for by this clause, the contractor warrants that prices included in the contract do not include any amount to protect against such contingent cost increases.

(b) This EPA clause applies to Class I Milk only (i.e., milk used in fluid products, including whole, lowfat, extra light, nonfat and half-and-half). Any package sizes other than gallons will be pro-rated based upon the price adjustment per gallon.

(c) Class I milk, as described in this clause, is subject to the regulations of the California Department of Food and Agriculture under the Stabilization and Marketing Plans for Market Milk.

(d) The economic indicator shall be the "State-Wide Average CWT Class 1 Price Based Upon Production", as released monthly by the California Department of Food and Agriculture Dairy Marketing Branch in the "Minimum Prices for Class 1 Market Milk F.O.B. Processing Plant" price letter. (Note: The California Department of Food and Agriculture is not part of the Federal Milk Marketing Order (FMMO) system and maintains its own milk-marketing program).

(e) Price adjustments shall be based on the following:

(1) The "base price" for the purpose of the initial adjustment calculation under this clause shall be the current month price of the economic indicator in effect at

- (i) the closing date for proposals, if no discussions are held, or
- (ii) the due date for final proposal revisions, if discussions are held.

The "base price" for each subsequent monthly adjustment calculation shall be the adjusting price from the previous month.

(2) The "adjusting price" shall be the monthly price of the economic indicator released following the month used to determine the "base price".

(f) For the purpose of price adjustments pursuant to this clause:

(1) Adjustments will be made when and only when the change per gallon in either direction is equal to or greater than +/-\$.0100.

(2) Adjustments will be rounded to two decimal places to accommodate systems requirements of the Subsistence Total Order Receipt Electronic System (STORES).

(3) One hundred weight (CWT) as used in the price of the economic indicator equates to 11.63 gallons of milk deliverable under this contract.

(g) Promptly following release of the Minimum Price Letter applicable to the following month, the contracting officer shall compute the adjustments, if any, to the current contract prices for the purpose of determining any revised prices applicable to orders for the next month in the manner detailed below:

- (1) Determine adjusting price.
- (2) Determine base price.
- (3) Compute change from base price.

52.216-9P15 (Continued)

- (4) Convert the price change to price per gallon.
- (5) Compute price change for a box of 27 half pints (1.6875 gallons).
- (6) Compute adjusted contract unit price(s).

The following sample price computation is an illustration using January as the Base Price and February as the Adjusting Price.

(1) Adjusting Price	\$11.75	CWT
(2) Base Price	\$11.98	CWT
(3) Change from Base Price per CWT	(\$0.23)	
(4) Price change per gallon	(\$0.0198)	
(Line (3) divide by 11.63 gallons/cwt)		
(5) Price change per box		
(\$0.0198) x 1.6875 gallons	(\$0.0334)	
Rounded to two decimals	(\$0.03)	
(6) Adjusted contract unit price		
Current Unit Price - \$0.03		

(h) Revised prices will become effective on the 1st Sunday of the next month and will remain in effect until the next price change occurs.

(i) Price adjustments pursuant to this clause shall be made by contract modification showing the calculations used to derive the adjusted contract unit prices.

(j) Payment on this contract shall be at the current contract price pending issuance of an adjusting modification.

(k) Any pricing actions pursuant to the “changes” clause or other provisions of the contract will be priced as though there were no provision for economic price adjustment.

(l) The aggregate of the increases in any contract unit price under this clause shall not exceed 30% of the original contract unit price. If at any time during the term of the contract, a proposed economic price adjustment will exceed this ceiling, either party may cancel the contract effective 60 days after receipt of written notice of the cancellation. In the event a written notice of cancellation is given, the price of the contract prior to the notice of cancellation will be applied from receipt of the notice until the date of cancellation. There is no percentage limit on downward adjustments under this clause.

(m) In the event, publication of the economic indicator is discontinued or its method of calculation substantially altered so that it no longer reflects market prices, the parties shall mutually agree upon an appropriate substitute for price adjustment(s) under this clause.

(n) Any dispute arising under this clause is subject to the “disputes” clause of the contract.

Interim Rule effective April 26, 2002

Comments on interim rule should be submitted on or before June 25, 2002

Change/Clarification for Food:

For foods manufactured or processed in the United States, an exception to the domestic source requirement regardless of where the foods (and any component) were grown and produced.

252.225-7012 Preference for Certain Domestic Commodities (April 2002)

Adds definitions of “component” and “end product”.

Also revised 252.225-7012

© This clause does not apply—

(3) To foods that have been manufactured or processed in the United States, its possessions, or Puerto Rico, **regardless of where the foods (and any component if applicable) were grown or produced.**

What does this mean for Contracting Specialists?

Use April 2002 Version of 252.225-7012 above SAT.

No longer must be concerned with ingredients, components of processed foods.

Still must purchase only food items manufactured or processed in U.S.

No need to add “Buy American/ Balance of Payments” Clause since Berry still restricts to domestic end products.

Need to revise wording included in the Descriptions/Specifications section of prime vendor solicitations on the Defense Appropriations Act.

What does this mean for the Food Vendors?

No longer must be concerned with or track ingredients, components of processed foods.

Vendor must certify food item supplied is domestically manufactured or processed.

As was previously the case, vendor must flow this requirement to subcontractor in commercial solicitations/contracts.

Note 1: Merely packaging or repackaging will not be sustained as "processing", but feel free to present specific situations to GS for an opinion.

**52.217-9P12 OPTION FOR INDEFINITE-DELIVERY, INDEFINITE-QUANTITY CONTRACT
TERM EXTENSION (JUL 1998) DSCP**

(a) Acceptance of the option provision(s)/clauses contained herein is mandatory. Failure to indicate acceptance of the option by annotating the offeror's option price in the schedule or elsewhere in the solicitation will be deemed non-acceptance of the option and may result in rejection of the offeror's entire bid/proposal.

(b) Offerors may offer options at unit prices which differ from the unit prices for the base ordering period. These prices may vary with the quantities actually ordered and the dates when ordered.

(c) The contracting officer may extend the term of this contract for 1 additional year period(s) by written notice to the contractor within the time specified in the schedule; provided that the contracting officer shall give the contractor a preliminary written notice of intent to extend at least 60 days before expiration of the contract. The preliminary notice does not commit the government to an extension.

(d) Performance under the option period shall continue at the same performance level specified for the basic contract.

(e) The option to extend the term of the contract shall be exercised not later than three (3) days before the expiration date of the contract.

(f) The option is deemed exercised when mailed or otherwise furnished to the contractor.

(g) If the contracting officer exercises this option, the extended contract shall be considered to include this option clause and the minimum and maximum quantities specified in the award for that option period will apply. The modification exercising the option will also modify DSCP clause 52.217-9P16, Effective Period of Contract--Indefinite-Delivery, Indefinite-Quantity Contract, to cover the base ordering period and the additional option period(s) exercised to date.

(h) The total duration of any options exercised under this clause shall not exceed 1 year .

(i) The following provisions apply only to negotiated acquisitions:

(1) If an option has been priced under this solicitation and is to be exercised at time of award of the basic contract, the submission of certified cost or pricing data shall be required prior to award where the combined dollar value of the basic contract and option exceeds \$500,000, unless an exemption thereto is appropriate in accordance with FAR 15.403-1.

(2) Prior to the award of any contract which will contain one or more priced options totaling \$500,000 or more, the submission of certified cost or pricing data covering the basic contract and the option(s) shall be required regardless of when the option(s) may be exercised, unless an exemption thereto is appropriate in accordance with FAR 15.403-1.

52.217-9P14 EVALUATION OF OPTIONS (JAN 1992) DSCP

(a) If award by line item is permitted by the solicitation, the government will evaluate offers for award purposes by adding the proposed price per line item for the basic quantity with the proposed price for the corresponding option quantity line item. If a single award for all items is specified in the solicitation, the government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. If award by lot is specified in the solicitation, the government will evaluate offers for award purposes by adding the total price for each lot with the proposed total price for the corresponding option quantity lot. Evaluation of options will not obligate the government to exercise the option(s).

(b) Should offerors propose option prices which vary (for example with quantities actually ordered and the dates when ordered), these offers will be evaluated using the highest option price offered for each item.

(c) the government reserves the right to make awards for quantities less than those solicited. However, in no event will an award be made for a portion of the basic quantity without a corresponding portion of the option quantity.
